Always on the net
Looking for friendship
Anything I can get

Virtual life
In front of a screen
Hiding from reality
In a virtual dream

Virtual life
Feeling very skilled
Days passing by
Never fulfilled

Virtual life
A world I control
When I am away
All is feeling droll

Virtual life,
Its time to let me free
Throw away mb's
Finally face me

A Virtual View Of Love Poems

Richard R. Bozorth

A Virtual View Of Love Poems:

A Virtual View of Love Larry E. Zimmerman, 1998 Poems of evolution of love *The Form of Love* James Kuzner, 2021-08-03 Can poetry articulate something about love that philosophy cannot The Form of Love argues that it can In close readings of seven metaphysical poems the book shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises The Form of Love shows how verse creates love that can't exist without poetry's specific affordances and how poems can in their impossibility prompt love's radical reimagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non-sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love

Pure Love, Pure Poetry, Pure Prayer Peter J. Gorday, 2018-09-14 By the time of his death in 1933 Henri Bremond priest and member of the elite Académie française had established himself in France and increasingly in England and the United States as a distinguished historian of Christian spirituality and as a Catholic modernist who helped to shake the church out of its dogmatic slumbers by embracing pure love artistic poetic expression and mystical prayer as the privileged manifestations of spiritual truth Drawing on substantial new scholarship in France that has resuscitated and reinterpreted Bremond's work for our own times and that sees Bremond as an important precursor of current trends in literary interpretation as well as spirituality Gorday surveys the entirety of Bremond's corpus of writing setting his work in its context of his personal struggles as well as the wider setting of French historical and cultural development

Love Poetry in Sixteenth-century France Stephen Minta, 1977 *Auden's Games of Knowledge* Richard R. Bozorth, 2001 French rule in Syria and Lebanon coincided with the rise of colonial resistance around the world and with profound social trauma after World War I In this tightly argued study Elizabeth Thompson shows how Syrians and Lebanese mobilized like other colonized peoples to claim the terms of citizenship enjoyed in the European metropole The negotiations between the French and citizens of the Mandate set the terms of politics for decades after Syria and Lebanon achieved independence in 1946 Colonial Citizens highlights gender as a central battlefield upon which the relative rights and obligations of states and citizens were established The participants in this struggle included not only elite nationalists and French rulers but also new mass movements of women workers youth and Islamic populists The author examines the gendered battles fought over France's paternalistic policies in health education labor and the press Two important and enduring political structures issued from these conflicts First a colonial welfare state emerged by World War II that recognized social rights of citizens to health

education and labor protection Second tacit gender pacts were forged first by the French and then reaffirmed by the nationalist rulers of the independent states These gender pacts represented a compromise among male political rivals who agreed to exclude and marginalize female citizens in public life This study provides a major contribution to the social construction of gender in nationalist and postcolonial discourse Returning workers low ranking religious figures and most of all women to the narrative history of the region figures usually omitted Colonial Citizens enhances our understanding of the interwar period in the Middle East providing needed context for a better understanding of statebuilding nationalism Islam and gender since World War II The Variorum Edition of the Poetry of John Donne, Volume 6 John Donne,1995 Based on an exhaustive study of the manuscript and print history of Donne s poetry this edition presents newly edited critical texts of the poems and a comprehensive digest of the critical scholarly commentary on them from Donne s time forward Textual introductions briefly locate the poems in the context of Donne s life or poetic development outline the 17th century textual history of the poems and sketch the treatment of the text by modern editors A detailed textual apparatus presents variants collated from many sources and traces the lines of textual transmission Provided by publisher Classical Views ,1982

Ascent to Love Peter J. Leithart,2001 As one of the supreme Christian epic poems Dante s Divine Comedy provides not only far more personality and emotional depth than the pagan epics it also opens up all the issues on which Western history turns truth beauty goodness sin sanctification and triumph For all that C S Lewis loved the Comedy for its seemingly effortless poetry In this guide Peter Leithart uses a biblical angle to open up the Comedy for students high school and up He begins his discussion by examining the meaning and place of the courtly love tradition and then introduces us to the varied levels of meaning throughout the work In the heart of the guide Leithart walks us carefully through the craft and symbolism of each progressive stage Inferno Purgatorio and Paradiso Each section contains helpful study questions *The Reinvention of Love* Anthony Low,1993-11-11 In *The Reinvention of Love* Anthony Low argues that cultural economic and political change transformed the way poets from Sidney to Milton thought and wrote about love Examining the interface between social political and economic practices and individual psyches as reflected in literary texts Professor Low illuminates the connections between material circumstances perceptions and ideals Through detailed readings of the work of Sidney Donne Herbert Crashaw Carew and Milton he shows how from the late sixteenth century poets struggled to replace the older Petrarchan tradition with a form of love in harmony with a changing world and to reconcile human love and sacred devotion Donne fled the social world Carew made new accommodations with it Milton revised it For Milton sacred love cut off from communal norms verges on hatred while married love takes on the burden of assuaging loneliness in a threatening world

Semiotics and City Poetics Mary Coghill,2022-12-05 Roman Jakobson stands alone in his semiotic theory of poetic analysis which combines semiotics linguistics and structuralist poetics This groundbreaking book proposes methods for developing Jakobson s theories of communication and poetic function It provides an extensive range of examples of the kinds

of Formalist praxis that have been neglected in recent years developing them for the analysis of all poetry but especially the poetry of our urban future Throughout the book the parameters of a city poetic genre are proposed and established the book also develops the theory of the function of shifters and deixis with special reference to women as narrators It also instantiates an experimental poetic praxis based on the work of one of Jakobson's great influences Charles Sanders Peirce Steadfastly adhering to the text in itself this volume reveals the often surprising hitherto unconsidered structural and semiotic patterns within poems as a whole
