A Visit To St Petersburg 1824 1825

Cornélie de Wassenaer

A Visit To St Petersburg 1824 1825:

A Visit to St. Petersburg, 1824-1825 Cornélie de Wassenaer, 1994 **In the Land of the Romanovs** Anthony Cross, 2014-04-27 Over the course of more than three centuries of Romanov rule in Russia foreign visitors and residents produced a vast corpus of literature conveying their experiences and impressions of the country The product of years of painstaking research by one of the world's foremost authorities on Anglo Russian relations *In the Lands of the Romanovs* is the realization of a major bibliographical project that records the details of over 1200 English language accounts of the Russian Empire Ranging chronologically from the accession of Mikhail Fedorovich in 1613 to the abdication of Nicholas II in 1917 this is the most comprehensive bibliography of first hand accounts of Russia ever to be published Far more than an inventory of accounts by travellers and tourists Anthony Cross's ambitious and wide ranging work includes personal records of residence in or visits to Russia by writers ranging from diplomats to merchants physicians to clergymen gardeners to governesses as well as by participants in the French invasion of 1812 and in the Crimean War of 1854-56 Providing full bibliographical details and concise but informative annotation for each entry this substantial bibliography will be an invaluable tool for anyone with an interest in contacts between Russia and the West during the centuries of Romanov rule

Russia and the Low Countries Roger Tavernier, 2006 This bibliography contains everything that has been published in the West except from Russia about the relations between the Low Countries Belgium and the Netherlands and Russia in every Western language P 4 of cover The European Pentarchy and the Congress of Verona, 1822 I.C. Nichols, 2012-12-06 For one reason or another modern historians have neglected the Congress of Verona some because they thought the field already had been thoroughly plowed while others doubted that enough material could be found for more than an article or two on the subject Indeed not a single book length monograph of this international assembly has ever been published in any language This study therefore attempts to fill the gap by 1 explaining the genesis of the Congress 2 furnishing a comprehensive account of its work 3 revising some of the interpretations of Sir Charles K Webster Harold W V Temperley and others and 4 analyzing the significance of the Congress with emphasis on its contribution to the fall of the Quintuple Alliance a consequence aided by the dissimilar and often contradictory interests of the allies themselves This book is essentially a diplomatic history but diplomats of course do not live in a vacuum Numerous political social commercial financial and sometimes even religious factors impinge upon their consciousness **Louisa** Louisa Thomas, 2017-04-04 From the author of *Mind and Matter* an intimate portrait of Louisa Catherine Adams the wife of John Quincy Adams who witnessed firsthand the greatest transformations of her time Born in London to an American father and a British mother on the eve of the Revolutionary War Louisa Catherine Johnson was raised in circumstances very different from the New England upbringing of the future president John Quincy Adams whose life had been dedicated to public service from the earliest age And yet John Quincy fell in love with her almost despite himself Their often tempestuous but deeply close marriage lasted half a century

They lived in Prussia Massachusetts Washington Russia and England at royal courts on farms in cities and in the White House Louisa saw more of Europe and America than nearly any other woman of her time But wherever she lived she was always pressing her nose against the glass not quite sure whether she was looking in or out The other members of the Adams family could take their identity for granted they were Adamses they were Americans but she had to invent her own The story of Louisa Catherine Adams is one of a woman who forged a sense of self As the country her husband led found its place in the world she found a voice That voice resonates still In this deeply felt biography the talented journalist and historian Louisa Thomas finally gives Louisa Catherine Adams s full extraordinary life its due An intimate portrait of a remarkable woman a complicated marriage and a pivotal historical moment Louisa Thomas s biography is a masterful work from an elegant storyteller

The House of Orange in Revolution and War Jeroen Koch, Dik van der Meulen, Jeroen van Zanten, 2022-06-06 An epic account of the House of Orange Nassau over one hundred and fifty years of European history Three rulers from the House of Orange Nassau reigned over the Netherlands from 1813 to 1890 King William I from 1813 to 1840 King William II from 1840 to 1849 and King William III from 1849 to 1890 Theirs is an epic tale of joy and tragedy progress and catastrophe disappointment and glory all set against the backdrop of a Europe plagued by war and revolution The House of Orange in Revolution and War relates one and a half centuries of House of Orange history in a gripping narrative leading the reader from the last stadholders of the Dutch Republic to the modern monarchy of the early twentieth century from the French Revolution and the Napoleonic wars to World War I and the European Revolutions that came after it

Summerfolk Stephen Lovell, 2016-06-02 The dacha is a sometimes beloved sometimes scorned Russian dwelling Alexander Pushkin summered in one Joseph Stalin lived in one for the last twenty years of his life and contemporary Russian families still escape the city to spend time in them Stephen Lovell s generously illustrated book is the first social and cultural history of the dacha Lovell traces the dwelling s origins as a villa for the court elite in the early eighteenth century through its nineteenth century role as the emblem of a middle class lifestyle its place under communist rule and its post Soviet incarnation A fascinating work rich in detail Summerfolk explores the ways in which Russia s turbulent past has shaped the function of the dacha and attitudes toward it The book also demonstrates the crucial role that the dacha has played in the development of Russia s two most important cities Moscow and St Petersburg by providing residents with a refuge from the squalid and crowded metropolis Like the suburbs in other nations the dacha form of settlement served to alleviate social anxieties about urban growth Lovell shows that the dacha is defined less by its physical location usually one or two hours distance from a large city yet apart from the rural hinterland than by the routines values and ideologies of its inhabitants Drawing on sources as diverse as architectural pattern books memoirs paintings fiction and newspapers he examines how dachniki summerfolk have freed themselves from the workplace cultivated domestic space and created informal yet intense intellectual communities He also reflects on the disdain that many Russians have felt toward the dacha and their association

of its lifestyle with physical idleness private property and unproductive use of the land Russian attitudes toward the dacha are Lovell asserts constantly evolving The word dacha has evoked both delight in and hostility to leisure It has implied both the rejection of agricultural labor and more recently a return to the soil In Summerfolk the dacha is a unique vantage point from which to observe the Russian social landscape and Russian life in the private sphere **California Through Russian Eyes, 1806-1848**, 2013-10-23 In the early nineteenth century Russia established a colony in California that lasted until the Russian American Company sold Fort Ross and Bodega Bay to John Sutter in 1841 This annotated collection of Russian accounts of Alta California many of them translated here into English from Russian for the first time presents richly detailed impressions by visiting Russian mariners scientists and Russian American Company officials regarding the environment people economy and politics of the province Gathered from Russian archival collections and obscure journals these testimonies represent a major contribution to the little known history of Russian America Well educated and curious the visiting Russians were acute observers generous in their appreciation of Hispanic hospitality but outspoken in their criticisms of all they found backward or abhorrent In the various reports and reminiscences contained within this volume they make astute observations of both Hispanic and Native inhabitants describing the Catholic missions with their devout friars and neophyte workers the corruptible Franciscan missionaries the sorry plight of mission Indians the Californios themselves whose religion language dwellings cuisine dress and pastimes were novel to the Russians the economic and social changes in Alta California following Mexican independence and the schemes of American traders and settlers to draw the province into the United States Amplified by James R Gibson s informative annotations and featuring a gallery of elegant color illustrations this unique volume casts new light on the history of Spanish and Mexican California **Catherine the Great** Simon Dixon, 2010-12-09 When Catherine II died in St Petersburg in 1796 the world sensed the loss of the most celebrated monarch of Europe something no one would have predicted at the birth sixty seven years before of an obscure German princess Sophie of Anhalt Zerbst later married off to the pathetic heir to the Russian throne There were few greater transformations of fortunes in history Sophie Catherine had come to rule in her own right over the largest state in existence since the fall of the Roman Empire She was branded both a usurper and an assassin when she seized power from her wretched husband in 1762 Yet she survived the initial succession crisis and went on to occupy the Russian throne for thirty four years In the process she turned her new empire from peripheral pariah to European great power **Catalog of Treaties, 1814-1918** United States. State Department, 1919

Whispering the Secrets of Language: An Mental Journey through **A Visit To St Petersburg 1824 1825**

In a digitally-driven earth wherever displays reign supreme and quick transmission drowns out the subtleties of language, the profound secrets and mental nuances hidden within phrases frequently go unheard. Yet, situated within the pages of **A Visit To St Petersburg 1824 1825** a charming fictional prize sporting with organic feelings, lies an exceptional journey waiting to be undertaken. Composed by a talented wordsmith, this enchanting opus invites readers on an introspective trip, lightly unraveling the veiled truths and profound influence resonating within the fabric of each word. Within the psychological depths of this poignant evaluation, we shall embark upon a sincere exploration of the book is key themes, dissect its fascinating publishing type, and fail to the powerful resonance it evokes heavy within the recesses of readers hearts.
