A Troubled Feast American Society Since 1945:

A Troubled Feast; American Society Since 1945 William Edward Leuchtenburg, 1945 Born for Liberty Sara Evans, 1997-08-22 A history of American women from the Indian woman of the 16th century to the dual role career woman and mother of the 1980s Daily Life in the United States, 1940-1959 Eugenia Kaledin, 2000-09-30 Examine the everyday lives of ordinary Americans from the 1940s and 1950s and discover how very different the two decades were World War II affected Americans and the way they behaved not only in the 1940s but also in the years that followed when the depression that preceded the war was replaced with an economic boom Explore how women's roles and lives changed during these two very distinct decades how politics and political decisions impacted all walks of life and what the advent of growing technology much of it developed during the war meant to the general population What was it like to be a woman suddenly earning her own money while men were off fighting How did children and teenagers contribute to the war effort How did housing change in postwar America What pastimes were popular during these two decades and how did they reflect the times These questions and others are explored in detail encouraging students teachers and interested readers to recognize the tremendous shift in society between the war years and the atomic age that immediately followed This text presents the 1940s as a time of social problems that existed alongside community commitment to the war while the 1950s are presented as a time when exciting social change such as the beginning of the civil rights movement and the building of Levittowns occurred After the war ordinary people began to question long accepted ideas The exploration of these everyday details provides a rich look at two very important decades in our country's history The Transformation of the American Democratic Republic Stephen M. Krason, 2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US Constitutional law this book will appeal to those interested in American history society and politics *Modern American Drama: Playwriting in the 1940s* Felicia Hardison Londré, 2019-11-14 The Decades of Modern American Drama series provides a comprehensive survey and study of the theatre produced in each decade from the 1930s to 2009 in eight volumes Each volume equips readers with a detailed understanding of the context from which work emerged an introduction considers life in the decade with a focus on domestic

life and conditions social changes culture media technology industry and political events while a chapter on the theatre of the decade offers a wide ranging and thorough survey of theatres companies dramatists new movements and developments in response to the economic and political conditions of the day The work of the four most prominent playwrights from the decade receives in depth analysis and re evaluation by a team of experts together with commentary on their subsequent work and legacy A final section brings together original documents such as interviews with the playwrights and with directors drafts of play scenes and other previously unpublished material The major playwrights and their works to receive in depth coverage in this volume include Eugene O'Neill The Iceman Cometh 1946 A Moon for the Misbegotten 1947 Long Day's Journey Into Night written 1941 produced 1956 and A Touch of the Poet written 1942 produced 1958 Tennessee Williams The Glass Menagerie 1944 A Streetcar Named Desire 1947 Summer and Smoke 1948 Arthur Miller All My Sons 1947 Death of a Salesman 1949 and The Crucible 1953 Thornton Wilder Our Town 1938 The Skin of Our Teeth 1942 Shadow of a Doubt 1943 and The Alcestiad written 1940s

American Cinema of the 1950s Murray Pomerance, 2005 Bringing together original essays by ten respected scholars in the field American Cinema of the 1950s explores the impact of the cultural environment of this decade on film and the impact of film on the American cultural milieu Contributors examine the signature films of the decade including From Here to Eternity Sunset Blvd Singin' in the Rain Shane Rear Window and Rebel Without a Cause as well as lesser known but equally compelling films such as Dial 1119 Mystery Street Suddenly Summer Stock The Last Hunt and many others

Religion and the American Experience: A Social and Cultural History, 1765-1996 Donald C. Swift, 2016-12-05 Religion in the USA manifests itself in many forms and this book examines them from religion in the early republic to early African American religion reform nativism movements and fundamentalism up to the contemporary culture wars in a study that spans almost 250 years

Race, Rock, and Elvis Michael T. Bertrand, 2000 In Race Rock and Elvis Michael T. Bertrand contends that popular music specifically Elvis Presley's brand of rock n roll helped revise racial attitudes after World War II Observing that youthful fans of rhythm and blues rock n roll and other black inspired music seemed more inclined than their segregationist elders to ignore the color line Bertrand links popular music with a more general relaxation led by white youths of the historical denigration of blacks in the South The tradition of southern racism successfully communicated to previous generations failed for the first time when confronted with the demand for rock n roll by a new national commercialized youth culture In a narrative peppered with the colorful observations of ordinary southerners Bertrand argues that appreciating black music made possible a new recognition of blacks as fellow human beings Bertrand documents black enthusiasm for Elvis Presley and cites the racially mixed audiences that flocked to the new music at a time when adults expected separate performances for black audiences and white He describes the critical role of radio and recordings in blurring the color line and notes that these media made black culture available to appreciative whites on an unprecedented scale He also shows

how music was used to define and express the values of a southern working class youth culture in transition as young whites many of them trying to orient themselves in an unfamiliar urban setting embraced black music and culture as a means of identifying themselves By adding rock n roll to the mix of factors that fed into civil rights advances in the South Race Rock and Elvis shows how the music with its rituals and vehicles symbolized the vast potential for racial accord inherent in postwar society Fortress California, 1910-1961 Roger W. Lotchin, 2002 Fortress California now in paperback for the first time links the growth of the U S military industrial complex to civic leaders who competed for military bases and military contracts to ensure economic growth Analyzing the growth of Los Angeles San Diego and San Francisco from 1910 to 1961 Roger W Lotchin discredits the assumption that the industrialization of the Sunbelt was a result of a partnership between industry and the military He provides instead a detailed and forceful argument that municipalities used federal resources to build urban empires and metropolitan military complexes These have increased the flow of federal dollars into the state thereby shifting the focus of the military industrial complex from warfare to welfare
