Academia in Anarchy James M. Buchanan, Nicos E. Devletoglou, 1971-01-01 *Academia in Anarchy* James M. Buchanan, Nicos E. Devletoglou, 1970 **The Economic Institutions of Higher Education** J. Patrick Raines, Charles G. Leathers, 2003-01-01 Working within the context of the evolutionary institutional transformation of higher education the authors trace the development of an economic model by which the behavioral tendencies of modern universities can be evaluated That model is expanded to provide insights to the following questions Why do universities compete and how do they develop and implement their competitive strategies How do universities make critical institutional decisions about operational missions academic policies and internal resource allocation Do universities efficiently and effectively pursue the special social functions assigned to them Patrick Raines and Charles Leathers present an integrated coherent theory to explain the behavior of universities and provide a realistic economic model that predicts how universities allocate their scarce educational resources This alternative view is contrasted with the mainstream explanations of university behavior based on the maximization of student welfare or faculty influences The authors extend the existing literature on the operation of universities by presenting a history of the evolution of the modern entrepreneurial universities as well as an explanation of academic capitalism This absorbing volume will appeal to anyone interested in the history of economic thought or the history of education Scholars of Veblen Smith and Malthus will be fascinated by their individual and comparative theories of the purpose and failures of higher education *Academia in Anarchy* Nicos Devletoglou, 1971 **Privatization** George K. Yarrow, Piotr Jasinski, 1996 **Time, Science and the Critique of Technological Reason** José Esteban Castro, Bridget Fowler, Luís Gomes, 2018-04-03 This festschrift commemorates the legacy of UK based Portuguese sociologist Herm nio Martins 1934 2015 It introduces Martins wide ranging contributions to the social sciences encompassing seminal works in the fields of philosophy and social theory historical and political sociology studies of science and technology and Luso Brazilian studies among others The book features an in depth interview with Martins short memoirs and twelve chapters addressing topics that were central to his intellectual and political interests Among those that stand out are his critique of Thomas Kuhn s theory of scientific revolutions his work on the significance of time in social theory and the interweaving of techno scientific developments and socio cultural transformations including the impact of communication and digital technologies and of market led eugenics Other themes covered are Martins work on patrimonialism and social development in Portugal and Brazil and his analysis of the state of the social sciences in Portugal which reflects his highly critical appraisal of the ongoing marketization and neoliberalization of academic life and institutions worldwide **The Great Transformation in Higher Education, 1960-1980** Clark Kerr, 1991-01-01 Clark Kerr former President of the University of California and a leader in higher education policymaking offers his views of the turbulent decades when colleges and universities scrambled to provide faculty and facilities for the burgeoning student population only to be faced later with

economic depression and subsequent conservatism From his unique vantage point Kerr offers insights into the role of higher education its performance under pressure its changing climate its efforts to serve the multiplicity of demands made upon it and its success or failure in meeting those demands

Beyond Politics Randy T. Simmons, Gordon Tullock, 2011-09-01

Traditional public policy and welfare economics have held that market failures the presumed inability of a free market to deliver certain goods and services deemed to be in the public interest are common and require government intervention to protect the public good But is this actually the case Beyond Politics carefully scrutinizes this view through the modern theory of public choice and systematically explains how government is producing a scandal of political myopia economic stagnation and public distrust The book traces the anatomy of government failure and a pathology of political institutions Social welfare consumer protection education trade the environment and crime are some of the topics the book examines Originally published in 1995 Beyond Politics has been updated to provide readers with insights about the crash of 2008 America's fiscal crisis and other realities of twenty first century political economy Offering a powerful perspective on market processes property rights politics and government bureaucracy this newly revised and updated edition is a lucid and comprehensive examination of the foundations of a free and humane society

For a New Liberty: The Libertarian Manifesto Murray Newton Rothbard, 1978

Beyond Politics William Mitchell, 2021

Traditional public policy and welfare economics have held that market failures are common requiring the intervention of government in order to serve and protect the public good In Beyond Politics William C Mitchell and Randy T Simmons carefully scrutinize this traditional view through the modern theory of public choice The authors enlighten the relationship of government and markets by emphasizing the actual rather than the ideal workings of governments and by reuniting the insights of economics with those of political science Beyond Politics traces the anatomy of government failure and a pathology of contemporary political institutions as government has become a vehicle for private gain at public expense In so doing this brisk and vigorous book examines a host of public issues including social welfare consumer protection and the environment Offering a unified and powerful perspective on the market process property rights politics contracts and government bureaucracy Beyond Politics is a lucid and comprehensive book on the foundations and institutions of a free and humane society
