4 by Pelevin Viktor Pelevin, 2001 The literary voice of the post Soviet generation The New York Times **Companion to Victor Pelevin** Sofya Khagi, 2022-01-18 Companion to Victor Pelevin a collaborative undertaking by a group of emerging Russianist scholars focuses on the work of one of the most important and hotly debated post Soviet writers It provides a valuable resource to scholars teachers and students including how best to teach Pelevin to university level students and which critical debates invite further investigation The contributors offer new readings of Pelevin texts that cover a broad time span and pay due attention to the philosophical and aesthetic complexities of Pelevin s oeuvre in its development from the early post Soviet years to the second decade of the present millennium Examining all of Pelevin s major works and all Peleviniana currently available in English the Companion aims to prompt further inquiry into this author s intellectually stimulating and socially prescient work Pelevin and Unfreedom Sofya Khagi, 2020-12-15 Sofya Khagi s Pelevin and Unfreedom Poetics Politics Metaphysics is the first book length English language study of Victor Pelevin one of the most significant and popular Russian authors of the post Soviet era The text explores Pelevin s sustained Dostoevskian reflections on the philosophical question of freedom and his complex oeuvre and worldview shaped by the idea that contemporary social conditions pervert that very notion Khagi shows that Pelevin uses provocative and imaginative prose to model different systems of unfreedom vividly illustrating how the present world deploys hyper commodification and technological manipulation to promote human degradation and social deadlock Rather than rehearse Cold War era platitudes about totalitarianism Pelevin holds up a mirror to show how social control now covert yet far more efficient masquerades as freedom and how eagerly we accept even welcome control under the techno consumer system He reflects on how commonplace discursive markers of freedom like the free market are in fact misleading and disempowering Under this comfortably self occluding bondage the subject loses all power of self determination free will and ethical judgment In his work Pelevin highlights the unprecedented subversion of human society by the techno consumer machine Yet Khagi argues however circumscribed and ironically qualified he holds onto the emancipatory potential of ethics and even an emancipatory humanism **The New Russian Book** Birgitte Beck Pristed, 2017-08-01 This book takes up the obtrusive problem of visual representation of fiction in contemporary Russian book design By analyzing a broad variety of book covers the study offers an absolutely unique material that illustrates a radically changing notion of literature in the transformation of Soviet print culture to a post Soviet book market It delivers a profound and critical exploration of Russian visual imaginary of classic popular and contemporary prose Among all the carelessly bungled covers of mass published post Soviet series the study identifies gems from experimental designers By taking a comparative approach to the clash of two formerly separate book cultures the Western and the Soviet that results both in a mixture of highbrow and lowbrow forms and in ideological re interpretations of the literary works this book contributes to opening an East West dialogue between the fields of Russian

studies contemporary book and media history art design and visual studies **Post-Soviet Literature and the Search for a Russian Identity** Boris Noordenbos, 2016-06-09 This book examines a wide range of contemporary Russian writers whose work after the demise of Communism became more authoritative in debates on Russia's character destiny and place in the world Unique in his in depth analysis of both playful postmodernist authors and fanatical nationalist writers Noordenbos pays attention to not only the acute social and political implications of contemporary Russian literature but also literary form by documenting the decline of postmodern styles analyzing shifting metaphors for a Russian identity crisis and tracing the emergence of new forms of authorial ethos To achieve this end the book builds on theories of postcoloniality trauma and conspiracy thinking and makes these research fields productively available for post Soviet studies **Autodafe 3/4** International Parliament of Writers, 2011-01-04 AUTODAFE is a collection of reports interviews correspondence narratives and stories from around the world The review aims to be a place for debate and experimentation a place where writers silenced by censorship join voices with world renowned writers The contributors are all members of the International Parliament of Writers the pieces are original to Autodafe The journal's common themes are the reflection of social and political realities of the world censorship the interdict of language and the effects of globalization among others

Unattainable Bride Russia Ellen Rutten, 2010-03-08 Throughout the twentieth century and continuing today personifications of Russia as a bride occur in a wide range of Russian texts and visual representations from literature and political and philosophical treatises to cartoons and tattoos Invariably this metaphor functions in the context of a political gender allegory which represents the relationships between Russia the intelligentsia and the Russian state as a competition of two male suitors for the former's love In *Unattainable Bride Russia* Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia's rejected or ineffectual suitor Rutten finds that this metaphor which she covers from its prehistory in folklore to present day pop culture references to Vladimir Putin is still powerful but has generated scarce scholarly consideration *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context thus paying it the attention to which it is entitled as one of Russia's modern cultural myths

Russian Postmodernism Mikhail N. Epstein, Alexander A. Genis, Slobodanka Vladiv-Glover, 2016 Recent decades have been decisive for Russia not only politically but culturally as well The end of the Cold War has enabled Russia to take part in the global rise and crystallization of postmodernism This volume investigates the manifestations of this crucial trend in Russian fiction poetry art and spirituality demonstrating how Russian postmodernism is its own unique entity It offers a point of departure and valuable guide to an area of contemporary literary cultural studies insufficiently represented in English language scholarship This second edition includes additional essays on the topic and a new introduction examining the most recent developments **Marketing Literature and Posthumous Legacies** Yuri Leving, Frederick H. White, 2013-09-12 Literature is not only about aesthetics but also almost equally about economics The successful marketing of an author and his

literary works is more dependent on the activities of cultural merchants than on the particular words and phrases found in the author's prose. *Marketing Literature and Posthumous Legacies* focuses on the creation of symbolic capital for the literary legacies of Leonid Andreev and Vladimir Nabokov that was eventually exchanged by cultural merchants for financial and ideological profit. Yuri Leving and Frederick H. White discuss the ways in which certain cultural merchants created symbolic meaning for these two authors through a process of collusion, consecration, and the marketing of tangible and intangible products that lead to some sort of transaction. The promotion and maintenance of posthumous legacies involves an intricate network of personal interests that drive the preservation of literary reputations.

Philosophy for Passengers Michael Marder, 2022-05-03. A philosophical guide to passengerhood with reflections on time, space, existence, boredom, our sense of self, and our sense of the senses. While there are entire bookstore sections and even entire bookstores devoted to travel, there have been few books on the universal experience of being a passenger. With this book, philosopher Michael Marder fills the gap, offering a philosophical guide to passengerhood. He takes readers from ticketing and preboarding, preface and introduction, through a series of stops and detours, reflections on topics including time, space, existence, boredom, our sense of self, and our sense of the senses, to destination and disembarking, conclusion. Marder finds that the experience of passengers in the twenty-first century is experience itself, stretching well beyond railroad tracks and airplane flight patterns. On his journey through passengerhood, he considers among many other things passenger togetherness, which goes hand in hand with passenger loneliness, flyover country, and the idea of placeness and Descartes in an airplane seat. He tells us that the word metaphor means transport in Greek and discusses the gray area between literalness and metaphoricity, explains the connection between reading and riding, and ponders the difference between destination and destiny. Finally, a Beckettian disembarking: you might not be able to disembark, yet you must disembark. After the voyage in the world ends, the journey of understanding begins.
