4 Dada Suicides:

4 Dada Suicides: Selected Texts Arthur Cravan, Jacques Rigaut, Julien Torma, Jacques Vaché, 1995 Vache Jacques Atlas Anti Classics This book collects together works by four writers on the fringes of the Dada movement in 1920 s Paris All four took the nihilism of the movement to its ultimate conclusion their works are remnants of lives lived to the limit and then cast aside with nonchalance and abandon Yet their writings to which they attached so little importance still exert a powerful allure and were a vital inspiration to the Dada movement

The Dedalus Book of Literary Suicides Gary Lachman, 2024-05-20 Lachman s goal to write a book on writers who had killed themselves or had tried to or had written about suicide at some length or depth would be immense To qualify the author requires the suicide to be in some way interesting Thus we have the philosopher Philipp Mainlander who killed himself because of the second law of thermodynamics Zeno who purportedly hanged himself after stubbing his toe on a turtle and

Yukio Mishima's sensational and bloody hara kiri performance. Suicides are arranged by type: Existential suicides brought on by metaphysical issues; emotionally rich Romantic suicides; political suicides; manic depressive; mortal coil shuffling à la Sylvia Plath; and the bizarre and often nonchalant suicides of many Surrealists. Lachman focuses on little known or forgotten characters such as Polish avant garde figure Witkacy, Thomas Chatterton, the original tragic Romantic genius, narcissistic publisher Harry Crosby, and the tormented Austrian poet Georg Trakl. The second part of *Dead Letters* is a selection of writings about suicide whose real value lies in Lachman's research and his knack of smoothly relating obscure biographical tidbits and philosophical ideas. This work on a grim subject never becomes overly morbid, and Lachman remains respectful of his troubled subjects. Suicide is not recommended, but this volume surely is a splendid summary of self-destruction. Mike Pursley in *Fortean Times*.

Body Sweats Elsa Von Freytag-Loringhoven, 2011-10-28. The first major collection of poetry written in English by the flabbergasting and flamboyant Baroness Elsa, the first American Dada. As a neurasthenic kleptomaniac, man-chasing proto-punk poet and artist, the Baroness Elsa von Freytag-Loringhoven left in her wake a ripple that is becoming a rip one hundred years after she exploded onto the New York art scene. As an agent provocateur within New York's modernist revolution, the first American Dada, not only dressed and behaved with purposeful outrageousness but she set an example that went well beyond the eccentric divas of the twenty-first century, including her conceptual descendant Lady Gaga. Her delirious verse flabbergasted New Yorkers as much as her flamboyant persona. As a poet, she was profane and playfully obscene, imagining a farting God and transforming her contemporary Marcel Duchamp into Mars my arse. With its ragged edges and atonal rhythms, her poetry echoes the noise of the metropolis itself. Her love poetry muses graphically on ejaculation, orgasm, and oral sex. When she tired of existing words, she created new ones: phalluspistol, spinsterlollipop, kissambushed. The Baroness's rebellious, highly sexed howls prefigured the Beats; her intensity and psychological complexity anticipates the poetic utterances of Anne Sexton and Sylvia Plath. Published more than a century after her arrival in New York, *Body Sweats* is the first major collection of Elsa von Freytag-Loringhoven's poems in English. The Baroness's biographer Irene Gammel and co-editor Suzanne Zelazo have assembled 150 poems, most of them never before published. Many of the poems are themselves art objects, decorated in red and green ink, adorned with sketches and diagrams, presented with the same visceral immediacy they had when they were composed.

Sport and modernism in the visual arts in Europe, c. 1909-39 Bernard Vere, 2018-03-06. This book highlights sport as one of the key inspirations for an international range of modernist artists. Sport emerged as a corollary of the industrial revolution and developed into a prominent facet of modernity as it spread across Europe at the turn of the twentieth century. It was celebrated by modernists both for its spectacle and for the suggestive ways in which society could be remodelled on dynamic, active and rational lines. Artists included sport themes in a wide variety of media and frequently referenced it in their own writings. Sport was also political, most notably under fascist and Soviet regimes, but also in democratic countries, and the works produced by modernists engage with various

ideologies This book provides new readings of aspects of a number of avant garde movements including Italian futurism cubism German expressionism Le Corbusier s architecture Soviet constructivism Italian rationalism and the Bauhaus

Liquidation World Alexi Kukuljevic, 2017-09-15 An examination of the disoriented subject of modernity a dissolute figure who makes an object of its absence from Baudelaire to Broodthaers In *Liquidation World* Alexi Kukuljevic examines a distinctive form of subjectivity animating the avant garde that of the darkly humorous and utterly disoriented subject of modernity a dissolute figure that makes an art of its own vacancy an object of its absence Shorn of the truly rotten illusion that the world is a fulfilling and meaningful place these subjects identify themselves by a paradoxical disidentification through the objects that take their places They have mastered the art of living absently of making something with nothing Traversing their own morbid obsessions they substitute the nonsensical for sense the ridiculous for the meaningful Kukuljevic analyzes a series of artistic practices that illuminate this subjectivity ranging from Marcel Duchamp s *Three Standard Stoppages* to Charles Baudelaire s melancholia He considers the paradox of Duchamp s apparatus in the *Stoppages* and the strange comedy of Marcel Broodthaers s relation to the readymade the comic subject in Jacques Vach and the ridiculous subject in Alfred Jarry the nihilist in Paul Valéry s *Monsieur Teste* Oswald Wiener s interpretation of the dandy and Charles Baudelaire as a happy melancholic Along the way he also touches on the work of Thomas Bernhard Andy Kaufman Buster Keaton and others Finally he offers an extended analysis of Danny s escape from his demented father in Stanley Kubrick s *The Shining* Each of these subjects is in Freud s terms sick sick in the specific sense that they assume the absence of meaning and the liquidation of value in the world They concern themselves with art without assuming its value or meaning Utterly debased fundamentally disoriented they take the void as their medium

Disequilibria Robert Lunday, 2023-02-15 Winner of the River Teeth Literary Nonfiction Prize *Disequilibria* *Meditations on Missingness* is a hybrid memoir that recounts the 1982 disappearance of the author s stepfather James Edward Lewis a pilot and Vietnam veteran Recounting his family s experiences in searching for answers Lunday interrogates the broader cultural and conceptual responses to the phenomenon of missingness by connecting his stepfather s case to other true life disappearances as well as those portrayed in fiction poetry and film In doing so *Disequilibria* explores the transience in modern life considering the military dependent experience the corrosive effects of war and the struggle to find closure and comfort as time goes by without answers

André Breton André Breton, 2003-10 This is a kind of essence of Breton variously translated by some of our finest writers each of whom highlights different facets of Breton s complex work Mark Polizzotti s useful introduction provides context and a brief analysis of the artist and his times Diane di Prima author of *Recollections of My Life as a Woman* Mark Polizzotti who is a poet a translator and the author of the definitive biography of André Breton has chosen stellar translations of Breton s dazzling poetry and placed it in its lively context This shapely introduction to the life and work of André Breton is smart concise and exciting I cannot imagine a better one Ron Padgett poet and translator of *The Complete Poems of Blaise*

Cendrars The Poets for the Millennium Series generally and Andr Breton s Selected Works specifically offers a workable image of an author and the work and the conjuncture all at once What comes across is a vivid presentation of Andre Breton not just as an art czar a manifesto merchant but a serious haunted inventive and strangely profound poet of the imagination who invented or archeologized new ways of dreaming but insisted on bearing witness with them in the actual world Polizzotti does justice as I think no other writer has to the double burden of Breton s work Robert Kelly A superbly chosen selection of Breton s poetry and prose translated in every case with an elegant intelligence and preceded by an unusually thorough introduction showing quite exactly how the poet s life informed each epoch of his work It proves again the remarkable un boringness of Breton and how important he is now to our own poetry and to us Mary Ann Caws author of The Surrealist Look An Erotics of Encounter and editor of The Surrealist Painters and Poets
