Ten Stupid Things Couples Do to Mess Up Their Relationships Dr. Laura Schlessinger, Laura Schlessinger, 2001-12-24 Have you ever withheld information from your spouse or partner for fear of rejection Do you feel that your own needs come before your relationship Do you continue to cling to past relationships even at the expense of your current one Do you put your work first even if it means you never see your family Are you in a destructive relationship If you answered yes to any of these questions then Dr Laura has some hard truths for you to face Dr Laura Schlessinger is an expert on the stupid things men and women do to sabotage themselves and their happiness In her earlier bestsellers *Ten Stupid Things Women Do to Mess Up Their Lives* and *Ten Stupid Things Men Do to Mess Up Their Lives* she urged her readers to take responsibility for their actions and to respect themselves and the people in their lives Now the popular radio talk show host tackles another difficult complicated issue the ways in which women and men hurt themselves and one another in their romantic relationships Using real life situations from her radio call in show and

from listeners letters Dr Laura offers firm yet compassionate advice on how to find greater happiness in life and in love She urges couples to set their priorities straight learn the difference between privacy and secrecy stop making stupid excuses for their mistakes and face their responsibilities to each other and to their families Too often individuals in relationships ask only what the relationship can do for them not what they can do for the relationship Too many people are jumping into intimate relationships before taking the time to get to know each other In Ten Stupid Things Couples Do to Mess Up Their Relationships Dr Laura calls for a return to traditional courtship Courtship allows couples and their families to get acquainted with one another over a longer period of time and provides structure and guidelines for that important process She asks couples to take a long hard look at the recurring problems in their marriages both small and large and doesn't hesitate to tell them what they are doing wrong and how they can fix them This is an invaluable guide for all married couples newlyweds and grandparents alike and for single people who are struggling to find the right mate or to escape a bad relationship Acknowledging your stupid mistakes can be difficult but with the help of this book you will learn how to correct them and how to find fulfillment joy and loving companionship in your most important relationship Ten Stupid Things Women Do to Mess Up Their Lives Laura Schlessinger, 1996-12-12 Sham Steve Salerno, 2006-09-26 Self help To millions of Americans it seems like a godsend To many others it seems like a joke But as investigative reporter Steve Salerno reveals in this groundbreaking book it's neither in fact it's much worse than a joke Going deep inside the Self Help and Actualization Movement fittingly the words form the acronym SHAM Salerno offers the first serious exposé of this multibillion dollar industry and the real damage it is doing not just to its paying customers but to all of American society Based on the author's extensive reporting and the inside look at the industry he got while working at a leading lifestyle publisher SHAM shows how thinly credentialed experts now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy Americans spend upward of 8 billion every year on self help programs and products And those staggering financial costs are actually the least of our worries SHAM demonstrates how the self help movement's core philosophies have infected virtually every aspect of American life the home the workplace the schools and more And Salerno exposes the downside of being uplifted showing how the empowering message that dominates self help today proves just as damaging as the blame shifting rhetoric of self help's Recovery movement SHAM also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the

disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has finally been called to account for the damage it has done Also available as an eBook *Rev Your Wife's Engine* Cathy Goekler,2013-09 Learn how to have a great marriage as easily as you learned to maintain a vehicle Remembering to fill the tank and check the oil means you already have some of the necessary skills to maintain a great marriage Rev Your Wife s Engine helps you turn one success into another Easy steps in each chapter customize this manual to your wife Be the hero and get relationship right without having to pour through touchy feely stuff Rev Your Wife s Engine is divided into three easy sections introduction routine maintenance and tune ups just like a vehicle manual A book for both men and women Rev Your Wife s Engine also helps women communicate in a language men understand And understanding each other means you spend less time stalled alongside the road and more time going places **Misframing Men** Michael S.
