

Inclusive XR & Hybrid Work Toolkit

How to Use Accessible Extended Reality (XR) Tools to Make Hybrid Workplaces Inclusive

The Partnership on Employment & Accessible Technology (PEAT) created this Toolkit to help employers understand the value of using accessible extended reality (XR) technologies in hybrid work environments. After reading this Toolkit, you will better understand how to procure accessible XR technologies for your workplace. You will also learn how to use these technologies in ways that include all employees equally.

Toolkit Hybrid Work

Rosalind Kincaid, AI

Toolkit Hybrid Work:

Toolkit for Turbulence Graham Winter, Martin Bean, 2023-10-26 Don't just survive adversity turn it to your advantage To succeed as a high performing leader today you need to know how to navigate extreme change and uncertainty Toolkit for Turbulence unpacks the mindset and methods used by top leaders and teams to assess adapt and respond to unforeseen challenges and ambiguity With this book you'll learn how to seize the unexpected as an opportunity to develop your leadership capabilities and build a more adaptive team From visual models to guided frameworks Toolkit for Turbulence shares easy to implement core tools that you can use to construct your own leadership solutions solutions that suit the unique needs of your team your enterprise and your community Authors Graham Winter and Martin Bean CBE share timely advice and practical strategies together with compelling real world stories from prominent executive leaders across a variety of industries In Toolkit for Turbulence you'll discover how top leaders succeed even in times of crisis Backed by performance psychology the tools in this book will show you how to build the flexibility and resilience your team needs to thrive in a volatile unpredictable world In Toolkit for Turbulence you'll learn how to Be an advantage leader a leader who welcomes disruption grasps opportunities to adapt and builds teams and cultures capable of turning adversity into advantage Use learning loops and training canvases to guide your team in responding effectively and continuously to challenges Recognise and embrace nonlinear challenges which require leaders and teams to adopt new ways of thinking and working Be responsive and proactive rather than reactive and defensive and recalibrate when things don't go as expected Develop a resilient adaptive leadership mindset training your mind and transforming the way you think and behave With Toolkit for Turbulence executives and leaders at all levels can build their strategies for weathering today's only certainty uncertainty Its crucial insights into how to pivot dynamically and successfully will prepare you to navigate the unexpected with your organisation and your team every day in real life and real time

Virtual Technical Services Mary Beth Weber, Melissa De Fino, 2022-04-25 Prior to the COVID pandemic there was little published information to guide technical services operations on how to deal with crises and emergencies Viewed as a backroom operation by administration little thought historically has been given to how these employees might protect equipment and resources and continue to provide services that seamlessly support the rest of the library Virtual Technical Services A Handbook is the first to address emergency and crisis planning specifically for technical services The authors address how to create an emergency plan and how to prepare for an uncertain future that will undoubtedly include other threats to our health and safety We discuss how the pivot to remote work can revolutionize technical services librarianship and allow us to better serve the needs of a 21st Century library As the WFH period extended longer than anticipated libraries and other organizations realized both the challenges and benefits of working remotely WFH is about more than just doing one's job and we focus on employees as individuals with needs that include work life balance self care and the flexibility to meet life circumstances including childcare eldercare and

appointments A unique feature of our book is the focus on employee well being including burnout and self care Prior to COVID 19 employee well being was typically not emphasized as part of personnel management The risks to our health and safety and being removed from the physical workplace provided the opportunity to re examine priorities and reframe them to forge a stronger and more collaborative relationship between employers and employees Technical services personnel in particular are subject to burnout as their operations are frequently understaffed and they face competing demands of serving both libraries physical needs and supporting electronic and digital resources Management in a remote work environment has challenges that are not present in an on site operation Communication setting expectations and documentation and training take on added significance when WFH as does accountability Our book addresses these aspects of management through a WFH lens The book also covers the return to work after a shift to remote whether it is completely on site hybrid or some combination Normalization determining staffing levels employee accommodations and an adjustment period are discussed Since most technical services personnel have not previously had to pivot to remote on short notice and for an extended period the book addresses these issues for libraries as they make decisions about repopulating their workplaces

Project Management ToolBox Cynthia Snyder Dionisio, Russ J. Martinelli, Dragan Z.
