Advanced Magic:

Advanced Magic Joesph Ovette, 2018-09-07 From the INTRODUCTION In writing this book it is not my intention to treat conjuring in all its technical details but merely record some of the results of my life study of the fascinating art of Magic and which I hope will prove if not instructive at least interesting to the many who either dabble in Magic for a livelihood or pastime When I wrote Tricky Tricks I confidently intended it should be my last book But Circumstances Alter Cases The great success of my two books The Magicians New Field and Tricky Tricks was a very gratifying surprise to me as the sales of these books ran far beyond my fondest expectations Of course it is encouraging to know that your work is appreciated but my time was pre occupied with my finessing Institute Besides my aspirations were soaring within the lofty realm of a New More Perfect and more wonderful type of Magic than the world has ever known before

Advanced Magic: A Course in Manifesting an Exceptional Life (Book 3) Genevieve Davis, Advanced Magic is the final part in the Course in Manifesting trilogy a complete course in becoming creator of your own exceptional life In these three books I outline the exact steps that enabled me to move my own life from one of poverty and drudgery to one of previously unimaginable wealth purpose and joy But Magic I do hope you are joking That's what I would have said five or ten years ago I once despised all things New Age all these spiritual types and their airy fairy views their bad science and their irrational beliefs I read all the New Thought and Law of Attraction greats Wallace Wattles Anthony Robbins Rhonda Byrne Napoleon Hill Esther Hicks and Wayne Dyer But no matter how closely I followed their instructions for manifesting love money or happiness I couldn't make it work It was only when I recognised accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place Once I realised that the power came from within me it was as if the light had suddenly been switched on and my manifestations began to work If you're jaded by the whole New Age Law of Attraction idea have become bored by its failure to deliver these books are for you It is my intention to lead you by the hand through a marvellous journey of wonder and adventure Part one of this course Becoming Magic laid the groundwork for becoming a magical person while the second book Doing Magic offered concrete techniques and instructions for bringing wonderful things into your life And now finally we complete the journey with Advanced Magic It's time to think a little deeper feel a little keener experience a little more intensely and so consolidate and strengthen your knowledge This book is designed to increase the fledgling power that you discovered from the first two books of the course We now need to build on what has gone before boosting your success increasing your Magical power and making your manifestations more reliable and more spectacular Be warned if you want a quick fix of positive thinking to be told that using Magic and the Law of Attraction is fast and simple and anyone can master it with ease I suggest you buy a different book But if you are serious about mastering Advanced Magic if you are willing to treat this with the reverence time care and study that it deserves these books are for you Being really truly in control of making things happen attracting things at will using Advanced Magic consistently and reliably is something of

which only a very select few are capable Come with me and become one of them These three books will allow you to complete your journey to becoming a true creator of your own life reawakening and rekindling your belief and interest in Spirituality The Law of Attraction Reality Creation Cosmic Ordering or whatever you wish to call it I prefer simply to call it Magic

The Magical Proposition-Lady Apprentice Book One Karin De Havin , 2024-08-24 A young Victorian lady must learn more than needlepoint when a genie appears in her bedchamber to change her life Georgina Worthington s life as a soon to be spinster takes a powerful turn when a handsome genie named Wesley materializes inside her bedchamber He explains that he is a tutor tasked with showing her the ways of magic Georgina tells herself the whole thing is a prank perpetrated by her sisters Yet how can she explain how her sisters have the power to enable a man to walk through walls The genie informs Georgina if she follows his magical instruction she will harness her latent abilities Freeing her from her mother and sisters

Georgina wonders how the genie knows about her mother's intentions to marry her off and her sister's desire to tease her daily. Can genies read minds? Wesley explains all she has to do to gain her freedom is conjure a few objects, learn the ways of genies, and Georgina will never have to marry a man she doesn't know. The offer seems too good to be true. Determined to leave her home, Georgina soon finds her magical abilities are buried deep inside her. She confronts endless struggles trying to conjure the simplest of objects. To make things even more complicated, Georgina breaks a major rule and falls for her handsome genie. Her magical future and her desire to escape her marriage-obsessed mother seems doomed. Find out if Georgina learns the ways of becoming a genie or ends up a spinster after all in Karin De Haven's *The Magical Proposition*, the first book in *The Genie and the Lady Apprentice Series*. Series titles are: *Best Enjoyed in Order*, *The Magical Proposition*, *The Questionable Magical Apprentice*, *A Second Chance at Magic*, *The Challenge of Magic*, *The Ultimate Magical Test*. This five historical novella series has alternating character points of view between the lady apprentice and her genie tutor. For optimal enjoyment, you'll need to finish all the books to see how it comes together and how it ends. *The Genie Academy* takes place in a similar world with Wesley Robertson once again making an appearance as a genie tutor in *The Genie Academy Series*.
