Advanced Logistics and Road Freight Transport Organisation for Economic Co-operation and Development. Road Transport Research Programme,1992 **Advanced Logistics and Road Freight Transport** ,1992 *Integrated Advanced Logistics for Freight Transport* ,1996 Kombiniierter Verkehr Integrated Advanced Logistics for Freight Transport ,1996 **ECMT Round Tables Transforming the Structure of the Freight Transport Sector Report of the Ninety-Ninth Round Table on Transport Economics Held in Paris on 3-4 March 1994** European Conference of Ministers of Transport,1995-09-13 Round Table 99 undertook a thorough analysis of the potential impact of environmental protection railway privatisation logistical requirements and falling prices on the structure and operation of the freight transport sector and of their effects on government policies **Intermodal Freight Terminals** Jason Monios,Rickard Bergqvist,2016-05-20 Much work has been done on port governance yet little has addressed intermodal terminal governance despite the clear similarities This book fills that gap by establishing a governance framework for situating analysis of intermodal terminals throughout their life cycle A version of the product life cycle theory is amended with governance theory to produce a framework covering each stage of the terminal s life cycle from the initial planning to the many decisions taken regarding the public private split in funding mechanisms ownership selecting an operator specifying KPIs to the operator setting fees earning profit ensuring fair access to all rail service operators and finally to reconcessioning the terminal to a new operator managing the handover and maintaining the terminal throughout its life cycle An institutional analysis of stakeholder relations situated within a governance framework illuminates these issues and enables not only conceptualisation and greater understanding of the geography of intermodal transport but also decision making and goal setting by planners and policy makers This book thus has three functions first as a textbook on the planning and operation of intermodal terminals second as a presentation of recent empirical research on intermodal terminal governance third as a framework for future research in which the broad field of analysis of intermodal transport can be viewed through a single lens and used to inform geographers policymakers and planners **Transport Logistics Shared Solutions to Common Challenges** OECD,2002-08-05 This report identifies constraints addresses issues and suggests possible solutions and approaches that could facilitate the development of policies to promote efficient and sustainable international transport logistics **Sustainable Transport for Chinese Cities** Roger L. Mackett,Anthony D. May,Masanobu Kii,Haixiao Pan,2013-01-16 Based on papers presented at a workshop on the green transport agenda and its implications for Chinese cities organised by the World Conference on Transport Research Society in September 2010 this volume reviews the challenges facing urban transport internationally and in China *Road Transport Research* Organisation for Economic Co-operation and Development.
