Age Of Velikovsky:

The Age of Velikovsky C. J. Ransom, 1976 Ancient Astronauts, Cosmic Collisions William H. Stiebing, 2010-06-03

Controversial archaeological and astronomical discoveries have been the subject of countless news stories best selling books movies and television programs Promoted but seldom critically evaluated are the theories that markings in the desert of Peru are the remains of an ancient airfield used by space visitors that the Great Pyramid of Giza in Egypt exhibits advanced technology unknown to the ancient Egyptians and that there were near collisions between planets of our solar system in historical times This book critically evaluates many of these popular hypotheses about man s early history It presents the most important evidence and arguments for and against theories of a universal flood the lost continent of Atlantis mysterious pyramid powers pre Columbian voyages to America by ancient Egyptians and Phoenicians and Velikovsky s cosmic catastrophism Professor Stiebing stresses the need for careful and objective analysis of the evidence used to support radical reconstructions of the past The book discusses radio carbon dating archaeological stratigraphy textual interpretation and epigraphy as well as emphasis on the proper use of data provided by geology astronomy and other sciences It is written in non technical language and will appeal to a wide audience *Ramses II and His Time* , *The Pyramid Age* Emmet John Sweeney, 2007 Ages in Alignment **Ages in Chaos I: From the Exodus to King Akhnaton** , **Ages in Chaos III:**

Peoples of the Sea , **The Tragic End of the Bronze Age** Tom Slattery, 2000-09-08 A catastrophe of unimaginable proportions struck in the middle of the twelfth century BC and with a sudden swiftness brought Old World civilizations to an abrupt end This initiated the worlds longest and deepest known dark age When the world finally recovered centuries later new written languages had replaced old ones a new strategic and useful metal had replaced the old one and the historical reality of the old civilizations had been replaced by yore and myth invented from fragments passed down through the barrier of the long deep dark age Some of these fragments and possibly some references to the catastrophe itself may be found in the Old Testament and in ancient Greek literature Out of the fragmented preserved memories and stories built around them we became what we are today *Empire of Thebes, Or, Ages in Chaos Revisited* Emmet John Sweeney, 2006 Inspired by Velikovsky s Ages in Chaos Sweeney embarks on a 3 part work to complete the reconstruction of ancient history he calls for a much more radical shortening of ancient chronology and asserts that Velikovsky placed too much reliance on the Bible as a chronological measuring rod Frozen in Time Michael Oard, Oard Michael, 2004 Earth s past is littered with the mysterious and unexplained the pyramids Easter Island Stonehenge dinosaurs and the list goes on and on as science looks for clues to decipher these puzzles One such mystery surrounds the now extinct creature called the woolly mammoth Author and meteorologist Michael Oard has studied the mammoth and its equally mysterious time period the Ice Age for many years and has come to some fascinating conclusions to help lift the fog engulfing the facts Some of the questions he addresses include What would cause the summer temperatures of the northern United States and European to plummet more than 50 degrees

Fahrenheit Why did mammoths become extinct across the entire earth at the same time as many other large mammals Why are the mammoth carcasses found generally in standing positions How could large lakes exist in what are today very dry desert like places What was the source of the abnormal of moisture necessary for heavy snow What caused the cold summer temperatures and heavy snowfall to persist for hundreds of years In logical progression many other Ice Age topics are explained including super Ice Age floods ice cores man in the Ice Age and the number of ice ages This is one of the most difficult eras in geological history for a uniformitarian scientist one who believes the earth evolved by slow processes over millions of years to explain simply because long ages of evolution cannot explain it Provided here are plausible explanations of the seemingly unsolvable mysterious about the Ice Age and the woolly mammoths Frozen in Time **Perilous Planet Earth** Trevor Palmer,2003-06-12 A readable account of the history of natural disasters throughout history
