Another Russia:

Russia Jean Radvanyi, Marlene Laruelle, 2023-07-27 Thirty years after the end of the Soviet Union multiple ghosts haunt Russia its elites and its society from concern over demographic and economic decline to worry about the country's vulnerability to external intervention reviving the old notion of Russia as a besieged fortress Faced with both a West that emerged victorious from the Cold War and a shockingly dynamic China Russia constantly questions its identity and the notion that its fate is to bridge East and West This book offers a comprehensive overview of Russia's fears and challenges that could help the American public to understand how the country deals with its own issues and how this influences Russia's foreign policy including the ongoing war in Ukraine This is critical to understanding Russia's international stance and its impact on US policy and security *Russia's Futures* Richard Sakwa, 2019-03-04 Russia is back as a major force in global politics but what does this mean Is Russia the dangerous revisionist foe that meddles in Western elections and tries to subvert the liberal international order Or is it a country precariously trying to maintain security and enhance prosperity at home while reasserting its place as a great power in the world today In this book renowned Russia scholar Richard Sakwa explores current debates on Russia placing them in historical context and outlining the fundamental challenges currently facing the country Post communist Russia had to grapple with a unique set of problems including reconstituting the political system rebuilding the economy reimagining the nation and rethinking Russia's place in the world The solutions are still being sought but this hard hitting study argues that the failure to create an international system in which Russia's transformation became part of a revised world order has made the search far more difficult than it may otherwise have been Although Russia is one of the oldest states in Europe in its contemporary guise it is one of the youngest Russia has had many pasts and given its size centrality and complexity it will also have many futures *Putin* Richard Sakwa, 2007-11-13 The new edition of this extremely well received political biography of Vladimir Putin builds on the strengths of the first edition to provide the most detailed and nuanced account of the man his politics and his profound influence on Russian politics foreign policy and society New to this edition analysis of Putin's second term as President more biographical information in the light of recent research detailed discussion of changes to the policy process and the lites around Putin developments in state society relations including the conflicts with oligarchs such as Khodorkovsky review of changes affecting the party system and electoral legislation including the development of federalism in Russia details on economic performance under Putin including more discussion of the energy sector and pipeline politics Russia's relationship with NATO after the big bang enlargement EU Russian relations after enlargement and Russia's relations with other post Soviet states the conclusion brings us up to date with debates over the question of democracy in Russia today and the nature of Putin's leadership and his place in the world Putin is essential reading for all scholars and students of Russian politics **How Russia Got Big** Paul W. Russia 2018 Aldo Ferrari, Be it for the annexation of Crimea in 2014 the intervention in Syria or the alleged interference in the US presidential election Russia has been increasingly under the spotlight over the last years In 2018 the world s eyes will be upon two events the presidential elections taking place on March 18 and the World Cup which will kick off in June While the outcomes of the latter are still uncertain President Vladimir Putin s victory looks like a safe bet Even so these elections bear important consequences for both Russia s domestic and foreign policy since they will affect Putin s ability to both cement his power at home and pursue his objectives abroad What are the main domestic and international challenges facing Russia Will Putin continue to question the Western championed liberal order or seek reconciliation with the West The authors of this Report address these key issues offering in depth analyses of Russia s political system economy and society as well as tracing their evolution and pointing at future scenarios for the EU Russia relations **The Russia Reader** Adele Marie Barker,Bruce Grant,2010-07-12 An introduction to the history culture and politics of the worlds largest country from the earliest written accounts of the Russian people to today **Russia's Foreign Security Policy in the 21st**
