Antiquitez De Rome:

Antiquitez de Rome Joachim Du Bellay, 1994 Antiquitez de Rome Joachim Du Bellay, 1931 The Poet's Odyssey George Hugo Tucker, 1990 Tracing the artistic development of a major poet of the French Renaissance Joachim Du Bellay this study shows how he differed from his contemporaries The focus is on *Antiquitez de Rome* a complex sonnet sequence *The Poetics of Literary Transfer in Early Modern France and England* Hassan Melehy, 2016-02-24 Examining both familiar and underappreciated texts Hassan Melehy foregrounds the relationships that early modern French and English writers conceived with both their classical predecessors and authors from flourishing literary traditions in neighboring countries In order to present their own avowedly national literatures as successfully surpassing others they engaged in a paradoxical strategy of presenting other traditions as both inspiring and dead Each of the book's four sections focuses on one early modern author Joachim Du Bellay Edmund Spenser Michel de Montaigne and William Shakespeare Melehy details the elaborate strategies that each author uses to rewrite and overcome the work of predecessors His book touches on issues highly pertinent to current early modern studies among these are translation the relationship between classicism and writing in the vernacular the role of literature in the consolidation of the state attitudes toward colonial expansion and the New World and definitions of modernity and the past Homo Viator George Hugo Tucker, 2003 Etude de l'criture de l'exil la Renaissance avec une typologie bas e sur les crits de P trarque de Marot et Joannes Sambucus un examen de la tradition all gorique du voyage de la vie et enfin une lecture des crits d'exil de Petrus Alcyonius de deux marranes portugais D Pires et Amatus Lusitanus et de Joachim Du Bellay **The Judgment of Palaemon** Philip Ford, 2013-01-29 In Virgil's third Eclogue Palaemon concludes the poetry competition between Menalcas and Damoetas by saying that he cannot choose between them a judgment that is emblematic of the contest between Neo Latin and vernacular poetry in Renaissance France Both forms of poetry draw on similar roots both are equally accomplished and the contest between them is largely amicable The Judgment of Palaemon illustrates the almost symbiotic relationship between Renaissance Latin and French poetry while exploring poets' motivation for choosing one language over another the different challenges each form of writing involved and the extent of the collaboration between different language communities It focuses on some of the major writers of the period as well as less well known ones and on genres specific to humanist poetry It shows that composing in Latin was often considered more natural at a time when many Frenchmen's mother tongue was a non standard French dialect or distinct language **The Understanding of Ornament in the Italian Renaissance** Clare Lapraik Guest, 2015-11-16 In this paradigm shifting study developed through close textual readings and sensitive analysis of artworks Clare Lapraik Guest re-evaluates the central role of ornament in pre-modern art and literature Moving from art and thought in antiquity to the Italian Renaissance she examines the understandings of ornament arising from the Platonic Aristotelian and Sophistic traditions and the tensions which emerged from these varied meanings The book views the Renaissance as a decisive point in the story of ornament

when its subsequent identification with style and historicism are established It asserts ornament as a fundamental not an accessory element in art and presents its restoration to theoretical dignity as essential to historical scholarship and aesthetic reflection

Dispositio: Problematic Ordering in French Renaissance Literature Paul J. Smith,2007-12-31 Drawing on the classical concept of rhetorical dispositio this study gives new interpretations of a number of literary texts of the French Renaissance some of them well known by Rabelais Du Bellay and Montaigne others less known the Pierres precieuses by Remy Belleau and the anonymous collections of emblematic fables All these texts are organized according to an often problematic and disruptive dispositio that dissociates itself from the prescribed and preexisting models This study not only seeks to approach the problem of literary ordering from a historical and theoretical perspective it also intends to frame this topic in a more general context grotesque bodilyness in Rabelais's novels historiography gender and travelogue in Montaigne's Essays imitation and intermediality in the case of the poets and the fabulists *Notes and Queries* ,1912
