Another Song About The King:

Song King Levi S. Gibbs, 2018-05-31 When itinerant singers from China's countryside become iconic artists, worlds collide. The lives and performances of these representative singers become sites for conversations between the rural and urban, local and national, folk and elite, and traditional and modern. In *Song King: Connecting People, Places, and Past in Contemporary China*, Levi S. Gibbs examines the life and performances of Folksong King of Western China Wang Xiangrong, born in 1952, and explores how itinerant performers come to serve as representative symbols straddling different groups, connecting diverse audiences, and shifting between amorphous, place-based, local, regional, and national identities. Moving from place to place, these border walkers embody connections between a range of localities, presenting audiences with traditional, modern, rural, and urban identities among which to continually reposition themselves in an evolving world. Born in a small mountain village near the intersection of the Great Wall and the Yellow River in a border region with a rich history of migration, Wang Xiangrong was exposed to a wide range of songs as a child. The songs of Wang's youth prepared him to create a repertoire of region-representing pieces and mediate between regions, nations, and multinational corporations in national and international performances. During the course of a career that included meeting Deng Xiaoping in 1980 and running with the Olympic torch in 2008, Wang's life, songs, and performances have come to highlight various facets of social identity in contemporary China. Drawing on extensive fieldwork with Wang and other professional folksingers from northern Shaanxi province at weddings, Chinese New Year galas, business openings, and Christmas concerts, *Song King* argues that songs act as public conversations people can join in on. As song kings and queens fuse personal and collective narratives in performances of iconic songs, they provide audiences with compelling models for socializing personal experience, negotiating a sense of self and group in an ever-changing world.

Another Song about the King Kathryn Glasgow Stern, 2000 In this stunning novel, a mother's desperate desire to be somebody, fueled by the memory of a date she once had with Elvis, provokes an intense rivalry with her daughter. Silvie Page determined to escape the control and frustrations of her mother, has started her own life; she's moved to New York, gotten a job in publishing, met a wonderful man. Still, her entangled and competitive relationship with her mother, Mimi, continues to haunt her. Moving back and forth in time, *Another Song About the King* explores how the fantasies and experiences of one generation have an impact on the lives of another. Frustrated by her life as a housewife in the sixties, Mimi names her daughter Silvie as a near anagram of Elvis. Caught up in a fantasy world of the King and fame, Mimi sews clothes from her unique designs but remains mired in unfulfilled artistic ambitions and the need to dominate her family. Yet even as Silvie begins to free herself from Mimi's jealousy and expectations, a family crisis draws her back into her mother's web. *Another Song About the King* is a rich and moving novel that goes deep into the heart of identity and the complex relationships within a family to reveal the ways in which happiness can be held hostage to the past and a daughter's struggle for freedom can lead to reconciliation, renewal, and love. Written with lyricism, insight, humor, and grace, it introduces
