Answering Islam:

Answering Islam Norman L. Geisler, Abdul Saleeb, 2002-08 Apologetic guide compares the major tenets of Islam with Christianity

THE GUIDE TO ANSWERING ISLAM Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective

Islamic Impostors Poray Sr Casimier, 2004-07 From the obscure beginnings of a 1930s ghetto in Detroit to international acclaim Black Muslims have evoked fright mystery and hostility The Nation of Islam received little attention from the black Christian church despite its blatantly blasphemous teachings In weekly radio broadcasts Elijah Muhammad taught that his doctrine was superior to the Bible and Quran his mentor was the Messiah God spoken of in Scripture and Jesus died in front of a Jewish storefront and remains buried in Jerusalem From the early 1980s Louis Farrakhan has taught Elijahs doctrine with one major difference he stands in the pulpits of Christian churches mesmerizing the biblically illiterate

Islamic Impostors carefully details the irreconcilable differences between Christians Black Muslims and Islam while providing a biblical critique to aid the Christian church

real Antichrist please stand up For the last two thousand years people have been anxiously trying to analyze who the Antichrist might be and when he might be revealed Many people have made preposterous claims and of course they have been wrong If you re not careful you can get caught up in the debate and spend so much time arguing with other Christians over the details that you don t accomplish anything for the kingdom To make matters worse we now live in an era when for the first time we have the possibility of an artificial intelligence Antichrist a human computer hybrid that will demand to be worshipped Have you ever wondered if it s OK to have Alexa Siri and other forms of artificial intelligence in your home We know that the Bible says great deception is coming so what is a concerned believer to do Author and minister Mark Biltz wants you to understand the methods of the Antichrist so you won t be deceived This book will help you know the big picture of what has happened historically what is unfolding this very moment and what the future holds concerning the Antichrist based on the unfolding purposes of God

God among Sages Kenneth Richard Samples, 2017-01-31 Was Jesus just a spiritual leader like Buddha Krishna Confucius and Muhammad Or is he something more something else entirely In *God among Sages* apologist Ken Samples offers readers a biblical and historical portrait of Jesus grounded in the claims Jesus makes about himself Then Samples compares and contrasts Jesus with Buddha Krishna Confucius and Muhammad using eight relevant categories of evaluation He also helps readers understand the competing philosophies of religious pluralism inclusivism and exclusivism The result is a clearer understanding of what sets Jesus apart as not simply a teacher to follow but God himself worthy of our full allegiance and worship Christians who struggle to answer claims that Jesus was just a good teacher as well as those haven t quite made up their minds about Jesus s claims to divinity will value this accessible introduction to comparative religions

Culture, Diaspora, and Modernity in Muslim Writing Rehana Ahmed, Peter Morey, Amina Yaqin, 2012 Fiction by writers of Muslim background forms one of the most diverse vibrant and high profile corpora of work being produced today from the trail blazing writing of Salman Rushdie and Hanif Kureishi which challenged political and racial orthodoxies in the 1980s to that of a new generation including Mohsin Hamid Nadeem Aslam and Kamila Shamsie This collection reflects the variety of those fictions Experts in English South Asian and postcolonial literatures address the nature of Muslim identity its response to political realignments since the 1980s its tensions between religious and secular models of citizenship and its manifestation of these tensions as conflict between generations In considering the perceptions of Muslims contributors also explore the roles of immigration class gender and national identity as well as the impact of 9 11 This volume includes essays on contemporary fiction by writers of Muslim origin and non Muslims writing about Muslims It aims to push beyond the habitual populist framing of Muslims as strangers or interlopers whose ways and beliefs are at odds with those of modernity exposing the hide bound conservative assumptions that underpin such perspectives While returning to themes that are of particular significance to diasporic Muslim cultures such as secularism modernity multiculturalism and citizenship the essays reveal that Muslim writing grapples with the same big questions as

serve to exercise all writers and intellectuals at the present time How does one reconcile the impulses of the individual with the requirements of community How can one belong in the modern world What is the role of art in making sense of chaotic contemporary experience
