Antiduhring Paperback By Engels F:

Anti-Dühring Friedrich Engels, A classic of Marxism Anti D hring was highly recommended by Lenin as a text book of scientific socialism It was originally written as a polemic against Eugen D hring a German revisionist who challenged the basic ideas of Marxism by counterposing his own scientific theories within the Social Democratic Party of Germany Very reluctantly Engels was forced to take up these ideas and in doing so explained in the clearest fashion the revolutionary theories of Marxism The original title was Herr Eugen D hring s Revolution in Science but it became popularly known as Anti D hring It was the first popular exposition of Marxist theory as a whole and the titles of the three parts philosophy political economy socialism are enough to indicate the broad scope of this famous work Originally published in parts in the Leipzig Vorw rts starting in 1877 and in book form in 1878 Anti D hring set out to demolish the system creating claims of D hring Whilst D hring himself is now a completely forgotten figure this polemic has been a masterpiece of Marxist literature for more than 130 years and served to educate numerous generations in the fundamental ideas of scientific socialism

Anti-Duhring Friedrich Engels, 2015-03-23 Marx and Engels first became aware of Professor D hring with his December 1867 review of Capital published in Erg nzungsbll ter They exchanged a series of letters about him from January March 1868 He was largely forgotten until the mid 1870s at which time D hring entered Germany s political foreground German Social Democrats were influenced by both his Kritische Geschichte der National konomie und des Sozialismus and Kursus der Philosophie als streng wissenschaftlicher Weltanschauung und Lebensgestaltung Among his readers were included Johann Most Friedrich Wilhelm Fritzsche Eduard Bernstein and even August Bebel for a brief period In March 1874 the Social Democratic Workers Party paper Volksstaat ran an anonymous article actually penned by Bebel favorably reviewing one of D hring s books On both February 1 and April 21 1875 Liebknecht encouraged Engels to take D hring head on in the pages of the Volksstaat In February 1876 Engels fired an opening salvo with his Volksstaat article Prussian Vodka in the German Reichstag On May 24 1876 Engels wrote Marx saying there was cause to initiate a campaign against the spread of D hring s views Marx replied the next day saying D hring himself should be sharply criticised So Engels put aside his work on what would later become known as the book Dialectics of Nature On May 28 he outlined to Marx the general strategy he planned to take against D hring It would take over two years to complete The book breaks into three distinct parts Part I Philosophy Written mainly between September 1876 and January 1877 Published as a series of articles entitled Herrn Eugen D hring s Umw lzung der Philosophie in Vorw rts between January and May 1877 Later beginning in 1878 with the first separate edition the first two chapters of this part were made into an independent general introduction to all three parts Part II Political Economy Written mainly between June and August 1877 The last chapter was actually written by Marx Published under the title Herrn Eugen D hring s Umw lzung der politischen Oekonomie in Wissenschaftliche Beilage and in the supplement to Vorw rts between July and December 1877 Part III Socialism Written mainly between August 1877 and April

1878 Published as Herrn Eugen Dühring's Umwälzung des Sozialismus in the supplement to Vorwärts between May and July 1878 The Vorwärts serials elicited objections from Dühring's loyal adherents during the May 27 1877 congress of the Socialist Workers Party of Germany they attempted to ban the on going publication of it in the Party paper Indeed the sporadic delays in publication were largely due to their efforts In July 1877 Part I was published as a pamphlet In July 1878 Parts II and III were combined into a second pamphlet In early July 1878 the complete work was first published as a book with an added preface by Engels In October 1878 Germany's Anti Socialist Law was instituted and Anti Dühring was banned along with Engels other works In 1886 a second edition appeared in Zurich The third revised and supplemented edition was published in Stuttgart in 1894 i.e. after the Anti Socialist Law was repealed 1890 This was the last edition during Engels lifetime It was translated into English for the first time in 1907 in Chicago In 1880 at Paul Lafargue's request Engels took three chapters of Anti Dühring and created one which would become one of the most popular socialist pamphlets in the world Socialism Utopian and Scientific
