A Day In The Life Of A Victorian Policeman:

A Day in the Life of a Victorian Policeman John Garforth, 1974-01-01 **The Penguin Book of Victorian Women in Crime** Michael Sims, 2011-01-25 A wonderfully wicked new anthology from the editor of The Penguin Book of Gaslight Crime It is the Victorian era and society is both entranced by and fearful of that suspicious character known as the New Woman She rides those new fangled bicycles and doesn't like to be told what to do And in crime fiction such female detectives as Loveday Brooke Dorcas Dene and Lady Molly of Scotland Yard are out there shadowing suspects crawling through secret passages fingerprinting corpses and sometimes committing a lesser crime in order to solve a murder In The Penguin Book of Victorian Women in Crime Michael Sims has brought together all of the era's great crime fighting females plus a few choice crooks including Four Square Jane and the Sorceress of the Strand *The Dead Witness* Michael Sims, 2012-09-01 The greatest ever anthology of Victorian detective stories The Dead Witness gathers the finest police and private detective adventure stories from the nineteenth and early twentieth centuries including a wide range of overlooked gems The Dead Witness the 1866 title story by Australian writer Mary Fortune is the first known detective story by a woman a suspenseful clue strewn manhunt in the Outback This forgotten treasure sets the tone for the whole anthology as surprises appear from every direction including more female detectives and authors than you can find in any other anthology of its kind Pioneer women writers such as Anna Katharine Green Mary E Wilkins and C L Pirakis take you from rural America to bustling London introducing you to female detectives from Loveday Brooke to Dorcas Dene and Madelyn Mack In other stories you will meet November Joe the Canadian half Native backwoods detective who stars in The Crime at Big Tree Portage and demonstrates that Sherlockian attention to detail works as well in the woods as in the city Holmes himself is here too of course not in another reprint though but in the first two chapters of A Study in Scarlet the first Holmes case in which the great man meets and dazzles Watson Authors range from luminaries such as Charles Dickens to the forgotten author who helped inspire Edgar Allan Poe's The Murders in the Rue Morgue the first real detective story Bret Harte is here as is E W Hornung creator of master thief Raffles Naturally Wilkie Collins couldn't be left behind Michael Sims's new collection reveals the fascinating and entertaining youth of what would mature into the most popular genre of the twentieth century

Sherlock's Sisters Joseph A. Kestner, 2017-03-02 Sherlock's Sisters The British Female Detective 1864 1913 examines the fictional female detective in Victorian and Edwardian literature This character originating in the 1860s configures a new representation of women in narratives of the nineteenth and twentieth centuries This analysis explores female empowerment through professional unofficial or official detection especially as this surveillance illuminates legal moral gendered institutional criminal punitive judicial political and familial practices This book considers a range of literary texts by both female and male writers which concentrate on detection by women particularly those which followed the creation of Sherlock Holmes by Arthur Conan Doyle in 1887 Cultural movements such as the emergence of the New Woman property law or

suffragism are stressed in the exploits of these resourceful investigators. These daring women deal with a range of crimes including murder, blackmail, terrorism, forgery, theft, sexual harassment, embezzlement, fraud, impersonation, and domestic violence. Privileging the exercise of reason rather than intuition, these women detectives are proto-feminist in their demonstration of women's independence. Instead of being under the law, these women transform it. Their investigations are given particular edge because many of the perpetrators of these crimes are women. Sherlock's Sisters probes many texts which, because of their rarity, have been under-researched. Writers such as Beatrice Heron, Maxwell Emmuska Orczy, L. T. Meade, Catherine Pirkis, Fergus Hume, Grant Allen, Leonard Merrick, Marie Belloc Lowndes, George Sims, McDonnell Bodkin, and Richard Marsh are here incorporated into the canon of Victorian and Edwardian literature, many for the first time. A writer such as Mary Elizabeth Braddon is reassessed through a neglected novel. The book includes works by Irish and Australian writers to present an inclusive array of British texts. Sherlock's Sisters enlarges the perception of emerging female empowerment during the nineteenth century, filling an important gap in the fields of Gender Studies, Law, Literature, and Popular Culture.

The Custer Syndrome James Hernandez, 1989 Psychological Services for Law Enforcement Theodore H. Blau, 1994-03-16 In 1989 the Commission on Accreditation for Law Enforcement Agencies mandated that every police authority seeking accreditation with the Commission must have access to psychological support and consultation. This timely text offers an extensive and current overview of the services psychologists can offer to law enforcement. Organized under major subject areas: assessment, intervention, consultation, and training, it deals with such issues as officer recruit selection, fitness for duty evaluations, stress counseling, hostage negotiation, investigative hypnosis, psychological profiling, management consultations, and much more.

Victoria [Cop's Daughter 1] Laura Marie, BookStrand Romantic Suspense Homicide Detective Danny Mardullo is brutally murdered and when it comes to finding his killer, no one seems to be more capable or more determined than his own daughter. Taking the matter into her own hands, Victoria, an investigative reporter, will do anything to solve the case. Working undercover for the DEA and FBI, no problem. Date the man suspected of murdering her father. She can do it. Victoria is determined and she's willing to give up her life and lie to her own family. After all, she just lost her father and she's already lost her one true love, Steven, to the war in Iraq when he was listed as MIA. She's got nothing to lose until her one true love shows up very much alive and intent on starting up things exactly where the two of them left off. But she has a role to play and she's willing to risk it all for justice. Note: This book was previously published by a different publisher.

Detectives Victorianas Mary E. Wilkins, George R. Sims, 2018-01-31 En los últimos años de la era victoriana la opinión pública británica estaba fascinada y preocupada por esa sospechosa figura conocida como la nueva mujer. Montaba en bicicleta, conducía esos peligrosos automóviles y no le gustaba en absoluto que le dijeran lo que tenía que hacer. También en la novela policiaca estas mujeres rompen todas las reglas en lugar de asistir a recepciones para tomar el té y

conversar sobre las últimas tendencias de la moda estas detectives pioneras preferían perseguir a un sospechoso bajo la espesa niebla de Londres tomar ellas mismas las huellas dactilares a un cadáver o incluso cometer algún delito menor para así resolver un caso especialmente difícil Esta antología reúne por primera vez a las más grandes luchadoras contra el crimen de la época y también a algunas selectas delincuentes como Loveday Brooke Dorcas Dene o Lady Molly predecesoras de las modernas damas del crimen Relatos inteligentes dinámicos y extremadamente divertidos de mujeres que por fortuna se negaron a ocupar el estrecho lugar que la sociedad les tenía reservado *Policing the Victorian Community* CAROLYN STEEDMAN, 2015-08-27 The year 1856 saw the first compulsory Police Act in England and Wales Over the next thirty years a class society came to be policed by a largely working class police This book first published in 1984 traces the process by which men made themselves into policemen translating ideas about work and servitude about local government and local community servitude and the ideologies of law and central government into sets of personal beliefs By tracing the evolution of a policed society through the agency of local police forces the book illustrates the ways in which a society at many levels and from many perspectives understood itself to operate and the ways in which ownership servitude obligation and the reciprocity of social relations manifested themselves in different communities This title will be of interest to students of criminology and history
