Managing the Organizational Melting Pot Pushkala Prasad, 1997-05-06 Illuminating the troublesome and disturbing aspects of workplace diversity that tend to be glossed over in most management literature *Managing the Organizational Melting Pot* covers key issues such as individual and institutional resistance the effectiveness of diversity change efforts and the less visible ways in which exclusion and discrimination continue to be practiced in the workplace To assist the reader in understanding some of these dilemmas the contributors to this collection adopt an array of theoretical frameworks that are all striking departures from traditional and more functional perspectives on diversity including intergroup relations theory critical theory Jungian psychology feminism post colonial theory cultural history postmodernism realism institutional theory and class analysis Intersubjectivity in Economics Edward Fullbrook, 2003-09-02 Traditional economics treats the defining subjective properties of economic agents tastes preferences demands goals and perceptions as if they are determined independently of individual and collective relations with other agents This collection of essays reflects the increasingly common view that economics cannot continue to disregard all economic phenomena inconsistent with this conception The volume is especially concerned with the idea of intersubjective influences on market outcomes A team of expert international contributors have been brought together to address the question of intersubjectivity from a variety of perspectives Using methods of description and analysis they explore the structures and effects of concrete interdependencies between individual subjectivities engaged in economic activity and develop conceptual and analytical tools for this task Many of the essays are interdisciplinary in scope and in addition to economics the book should provide valuable lessons in psychology sociology social theory philosophy political science and history *Tacit and Ambiguous Resources as Sources of Competitive Advantage* V. Ambrosini, 2003-07-31 Tacit knowledge has received a good deal of attention in the strategy field and is argued to be a key source of sustainable competitive advantage Until now the work done has been principally conceptual with little empirical work to support the argument This book fills the gap in the literature through empirical studies in which causal mapping is used to uncover whether tacit activities and causally ambiguous resources could be perceived to be a component in managers accounts of their firms successes The book also highlights the critical factors that are often ignored by managers *Automated Reasoning* Christoph Benz Müller, Marijn J.H. Heule, Renate A. Schmidt, 2024-06-30 This two volume set of LNAI 14739 14740 constitute the proceedings of the 12th International Joint Conference on Automated Reasoning IJCAR 2024 held in Nancy France during July 3 6 2024 The 39 full research papers and 6 short papers presented in this book were carefully reviewed and selected from 115 submissions The papers focus on the following topics theorem proving and tools SAT SMT and Quantifier Elimination Intuitionistic Logics and Modal Logics Calculi Proof Theory and Decision Procedures and Unification Rewriting and Computational Models This book is open access *International Business*

Strategy Peter J Buckley, Pervez Ghauri, 2015-02-20 With stagnated demand in many home economies the need to internationalize and exploit foreign market opportunities has never been more paramount for businesses to succeed at a global level However this process raises a number of questions such as can firms use their knowledge of one market in the next Can firms pursue internationalization on several fronts at the same time How should firms handle cultural and institutional differences between markets This textbook provides students with the core research in international business and strategy including organization efficiency external relationships and the challenges found in an increasingly multicultural world Each part begins with a presentation of the issues and controversies faced in that particular area followed by a synthesis of the research which provides avenues for future research To facilitate and encourage further debate and learning each part also includes at least one original case study Compiled by two of the World's leading scholars of international business and supplemented with critical commentaries and a range of integrative case studies this comprehensive textbook provides advanced students of international business and strategy with a resource that will be invaluable in their studies and beyond
