Betrayal Of Palestine The Story Of George Antonius:

Betrayal Of Palestine Susan Boyle, 2018-03-05 This definitive biography of George Antonius tells the life story of a man who lived during a dramatic period of history amid challenge that remains unresolved the Palestine Zionist conflict *Betrayal of Palestine* is an important and innovative work about the continuing controversy of empire and nationalism This book traces Antonius's contribution and ideas on nation building and good governance and resonates for contemporary seekers of peace in the Middle East As an archaeology of ideas and meaning the book will be of great significance for the millennium It speaks to the paradigm of a conqueror's code and to the ever present danger of special interests capturing public policy and corrupting good governance By rediscovering Antonius's message about institutions and nation building and the true meaning of morality conscience and public service *Betrayal of Palestine* speaks to contemporary people in a voice that reconnects the past with the present The book offers hope to a region where many solutions have failed and a reminder that the solutions have been there all along in the people and traditions of the Middle East but they have been obscured by a conqueror's code of empire and nationalism It is a reminder of the genius of democracy and the power of first principles that ordinary people are important that power must be shared and that society as nation transcends tribalism and its more virulent contemporary form nationalism

Policy of Deceit Peter Shambrook, 2023-08-03 The work of a lifetime a forensic fair minded examination of the Hussein McMahon correspondence that exposes how the British government broke its promises to the people of Palestine *The Times Literary Supplement* Books of the Year This is the untold story of Britain's role in the Israel Palestine conflict During the First World War the British High Commissioner in Egypt reached a secret agreement with the Sharif of Mecca If the Sharif allied with Britain against the Ottomans after the war an independent Arab state that included Palestine would be established The Sharif kept his word The British did not Instead two years later Lloyd George's government declared that Palestine would be for the global Jewish community Through meticulous analysis of official records and private papers Peter Shambrook exposes how Britain came to betray the Arabs He debunks the myth that Palestine was never part of the lands guaranteed to the Sharif and details the attempts of successive British governments to prevent the truth from ever becoming public For anyone interested in the history of the Israel Palestine conflict this is a must read

Colonial Diplomacy through Art Moya Tönnies, 2024-12-30 Addressing Zionists in 1923 the British artist C R Ashbee spoke of that preposterous Balfour Declaration whose Arabic tail you people perpetually ignore but the lash of which you will some day feel His warnings received no attention at the time nor has his radical pro Arab Palestinian political position been researched since One hundred years later this art historical study asks what possibilities individual colonial actors had to influence official colonial policy In the example of Jerusalem under British rule Moya Tönnies analyses how three members of the British administration Ashbee architect Ernest Tatham Richmond and governor Ronald Storrs all three identifying with the International Arts and Crafts Movement used art as a diplomatic sphere for their British colonial anti

Zionist interventions **The Arabs and the Holocaust** Gilbert Achcar, 2010-04-13 An unprecedented and judicious examination of what the Holocaust means and doesn't mean in the Arab world one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust the phrase alone can occasion outrage The terrain is dense with ugly claims and counterclaims one side is charged with Holocaust denial the other with exploiting a tragedy while denying the tragedies of others In this pathbreaking book political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute He analyzes the various Arab responses to Nazism from the earliest intimations of the genocide through the creation of Israel and the destruction of Palestine and up to our own time critically assessing the political and historical context for these responses Finally he challenges distortions of the historical record while making no concessions to anti-Semitism or Holocaust denial Valid criticism of the other Achcar insists must go hand in hand with criticism of oneself Drawing on previously unseen sources in multiple languages Achcar offers a unique mapping of the Arab world in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab-Western understanding **Minority Rights in the Middle East** Joshua Castellino, Kathleen A. Cavanaugh, 2013-04-25 Minority rights in the Middle East are subject to different legal regimes national law and international law as well as Islamic law This book investigates the treatment of ethnic and religious minorities in the region both from a historical and contemporary perspective before addressing three case studies Iraq Syria and Lebanon **The History of Arab - Jewish Conflict** Dr. P J Vincent, 2019-11-22 The emergence of the modern Zionist Movement was driven by the search for a homeland in Palestine for the stateless and persecuted Jewish People The organized migration and settlement of Jewish people under the banner of the World Zionist Organization trampled the fundamental rights of Palestine People and continuously rejected their statehood The rejectionist policy practiced by Zionists and the State of Israel explains the persistence of the Palestine question This book devotes to examine the historical origin and evolution of Arab-Israeli conflict from 1881 the year of first Aliya to the creation of the state of Israel in 1948 It investigates socio-political and cultural aspects of the conflict with an emphasis on the historical factors The book offers a comprehensive and comprehensible analysis of the History of Palestine Mandatory Separation Suzanne Schneider, 2018-02-27 Is religion a source of political stability and social continuity or an agent of radical change This question so central to contemporary conversations about religion and extremism has generated varied responses over the last century Taking Jewish and Islamic education as its objects of inquiry Mandatory Separation sheds light on the contours of this debate in Palestine during the formative period of British rule detailing how colonial Zionist and Palestinian Muslim leaders developed competing views of the form and function of religious education in an age of mass politics Drawing from archival records school syllabi textbooks newspapers and personal narratives Suzanne Schneider argues that the British Mandatory government supported religious education as a supposed antidote to nationalist passions at the precise moment when the administrative pedagogic and

curricular transformation of religious schooling rendered it a vital tool for Zionist and Palestinian leaders This study of their policies and practices illuminates the tensions similarities and differences among these diverse educational and political philosophies revealing the lasting significance of these debates for thinking about religion and political identity in the modern Middle East

Historical Dictionary of Arab and Islamic Organizations Sarah Tenney,2020-10-28 The Historical Dictionary of Arab and Islamic Organizations focuses on international and regional organizations primarily in the Middle East and North Africa MENA region With more than 300 cross referenced entries this volume includes both major and minor organizations While the emphasis is on intergovernmental institutions it also covers non governmental organizations key countries movements and prominent figures in the Arab and Islamic world Like other dictionaries of this type it includes an introductory essay chronology of major events and a select bibliography for further reading It provides a solid starting point for students researchers and anyone wanting to know more about the subject

The Iron Cage Rashid Khalidi,2024-01-18 A brilliant and sobering critique of the Palestinian failure to achieve statehood by a major Palestinian historian and political commentator At a time when a lasting peace between Palestinians and Israelis seems virtually unattainable understanding the roots of the longest running conflict in the Middle East is an essential step in restoring hope to the region In The Iron Cage Rashid Khalidi one of the most respected historians and political observers of the Middle East examines the Palestinian s struggle for statehood presenting a succinct and insightful history of the people and their leadership throughout the twentieth century Ranging from the Palestinian struggle against colonial rule and the establishment of the State of Israel through the eras of the PLO the Palestinian Authority and Hamas this is an unflinching and sobering critique of the Palestinian failure to achieve statehood as well as a balanced account of the odds ranged against them Lucid yet challenging Rashid Khalidi s engrossing narrative of this tortuous history is required reading for anyone concerned about peace in the Middle East

Two Sides of the Coin Independence and Nakba 1948 written by two eminent historians Adel Manna and Motti Golani takes the reader on a journey to the War of 1948 by offering contemporary multi perspective narratives on the war accompanied by maps that highlight historical events during that time The Palestinian Israeli conflict is understood as a conflict over territory while simultaneously it is a conflict over historical narratives One of the most important questions asked in this conflict over narrative is what happened in 1948 Golani and Manna have treated with delicacy and depth this highly complex and divisive question their approach contributes significantly to a mutual understanding between Israelis and Palestinians on their common history
