Selected Mining Districts of Utah Carl L. Ege, 2005 Whether you are a geologist history buff or rockhound this booklet will be a helpful guide to Utah's mining districts The booklet is divided up into three parts the first part provides general information on what a mining district is how many mining districts are in Utah types of mineral deposits found at these districts and landownership issues The second part includes individual mining district discussions containing information on location production history geology mineralogy and current future operations The third part includes a glossary of geologic terms and other useful resources in the appendices such as a descriptive list of minerals found in the districts geologic time scale and a list of mineral resources of the mining districts *Telling the Story of Mormon History* William G. Hartley, 2004 Proceedings from the 2002 symposium of the Joseph Fielding Smith Institute for Latter day Saint History at Brigham Young University **Utah Place Names** John W. Van Cott, 1990 Utah toponyms or place names Where are they What is their history Their importance Over thousand toponyms are listed alphabetically marking the passages of peoples and cultures from earliest times *Mormonism's Last Colonizer* William B. Smart, 2008-09-30 Accompanying CD ROM contains William B Smart's extensive journals which amounted to some ten thousand written pages a monumental personal record of Mormondom and its transitional period from nineteenth century cultural separation into twentieth century national integration Jacket *Utah in the Twentieth Century* Brian Q. Cannon, Jessie Embry, 2009-06-15 The twentieth could easily be Utah's most interesting complex century yet popular ideas of what is history seem mired in the nineteenth One reason may be the lack of readily available writing on more recent Utah history This collection of essays shifts historical focus forward to the twentieth which began and ended with questions of Utah's fit with the rest of the nation In between was an extended period of getting acquainted in an uneasy but necessary marriage which was complicated by the push of economic development and pull of traditional culture demand for natural resources from a fragile and scenic environment and questions of who governs and how who gets a vote and who controls what is done on and to the contested public lands Outside trade and a tourist economy increasingly challenged and fed an insular society Activists left and right declaimed constitutional liberties while Utah's Native Americans become the last enfranchised in the nation Proud contributions to national wars contrasted with denial of deep dependence on federal money the skepticism of provocative writers with boosters eager for growth and reflexive patriotism somehow bonded to ingrained distrust of federal government American Book Publishing Record ,1985
