Between Nothingness And Paradise:

Between Nothingness and Paradise Gerhart Niemeyer, 1998 This highly relevant essay by the prominent political philosopher has as its central theme the feature common to all totalitarian ideologies the total critique of society that social criticism that rejects not this or that injustice but damns the entire system and overshadows an entire historical period Niemeyer has offered within a much needed ontological framework a valuable essay to the growing literature on social criticism Engaging in style well printed and constructive in tone the book offers guidance in the present bewildering maze of political philosophies Choice This is a meaty and important book Ellis Sandoz National Review The book provides stimulating reading on subjects of enduring political importance Alexander J Groth American Political Science Review **Between Nothingness and Paradise** Gerhart Niemeyer, 1971 *As It Is in Heaven* Caitlin Smith Gilson, 2022-04-05 The loss of a real and heartfelt belief in God and by real I mean an experience that is both steady and moving ethereal though down to earth sentimental but never trite comes from an earlier more foundational loss namely that of an ardent and directed desire for heaven and more specifically that paradisaic longing for the resurrected life This book seeks to recover the neglected nature of heaven degraded into something out there and unknown degraded further into a vague wish for immortality and the often empty words of consolation Or even worse the almost comic book reduction of heaven to an earthly social ist paradise the immanentization of the Christian eschaton The vague better place which is meant well often means nothing at all or worse than that can hamper us when approaching and engaging the mystery of grief This book will address and interrogate various questions about the nature of the afterlife on the status of guilt forgiveness friendship love embodiment sexuality and propose various paths to answers We are talking about that sacred innermost promise the hope of paradisaic reunion most secret and yet most universal never abstract and shapeless but embodied and individual We must wonder whether our casual forgetting of this estuary of human hope the resurrected life has caused us to lose ourselves in such a way that we do not even know what we have lost **Aleksandr Solzhenitsyn** Daniel J. Mahoney, 2001-08-07 In Aleksandr Solzhenitsyn Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn's work Mahoney demonstrates the tremendous yet often unappreciated impact of Solzhenitsyn's writing on twentieth century thinking through an examination of the writer's profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian Christian and classical wisdom *Return to Good and Evil* Henry T. Edmondson, 2005-04-05 Return to Good and Evil Flannery O'Connor's Response to Nihilism is a superb guide to the works of Flannery O'Connor and like O'Connor's stories themselves it is captivating provocative and unsettling Edmondson organizes O'Connor's thought around her principal concern that with the nihilistic claim that God is dead the traditional signposts of good and evil have been lost Edmondson's book demonstrates that the combination of O'Connor's artistic brilliance and philosophical genius provide the best response to the nihilistic despair of the modern world a return to good and evil through

humility and grace **National Identity as an Issue of Knowledge and Morality** N. Z. Chavchavadze, N. V. Chavchavadze, Gia Nodia, Paul Peachey, 1994 Shadow of Spirit Philippa Berry, Andrew Wernick, 2006-04-27 By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse *Shadow of Spirit* challenges the long established assumption that western thought is committed to nihilism This collection of essays by internationally recognised scholars explores the implications of the fascination with the sacred divine or infinite which characterizes much contemporary thought It shows how these concerns have surfaced in the work of Derrida Baudrillard Lyotard Kristeva Irigaray and others Examining the connection between this postmodern turn and the current search for a new discourse of ethics and politics it also stresses the contribution made by feminist thought to this unexpected intellectual direction *Dystopia* Gregory Claeys, 2016-11-24 *Dystopia A Natural History* is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley's *Brave New World* and George Orwell's *Nineteen Eighty Four* The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present **The Longing for Total Revolution** Bernard Yack, 2024-03-29 Bernard Yack seeks to identify and account for the development of a form of discontent held in common by a large number of European philosophers and social critics including Rousseau Schiller the young Hegel Marx and Nietzsche Yack contends that these individuals despite their profound disagreements shared new perspectives on human freedom and history and that these perspectives gave their discontent its peculiar breadth and intensity This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and
