A Mirrored Image A Story About Cancer And Survival:

A Mirrored Image Pamela Seijo,2003-12 Take a glimpse into the heart and soul of each of these fortunate survivors Six World War II veterans tell their heart warming stories as they relive their lives and expose their true feelings about everything that contributed to their patriotic roots Read how they survived war and peace and came out waving Old Glory while learning to march to a different drummer in the 21st century Their opinions are like the snap of a flag in the winds of change

Winning the Story Wars Jonah Sachs,2012-06-19 Trying to get your message heard Build an iconic brand Welcome to the battlefield The story wars are all around us They are the struggle to be heard in a world of media noise and clamor Today most brand messages and mass appeals for causes are drowned out before they even reach us But a few consistently break through the din using the only tool that has ever moved minds and changed behavior great stories With insights from mythology advertising history evolutionary biology and psychology viral storyteller and advertising expert Jonah Sachs takes readers into a fascinating world of seemingly insurmountable challenges and enormous opportunity You ll discover how Social media tools are driving a return to the oral tradition in which stories that matter rise above the fray Marketers have become today s mythmakers providing society with explanation meaning and ritual Memorable stories based on timeless themes build legions of eager evangelists Marketers and audiences can work together to create deeper meaning and stronger partnerships in building a better world Brands like Old Spice The Story of Stuff Nike the Tea Party and Occupy Wall Street created and sustained massive viral buzz Winning the Story Wars is a call to arms for business communicators to cast aside broken traditions and join a revolution to build the iconic brands of the future It puts marketers in the role of heroes with a chance to transform not just their craft but the enterprises they represent After all success in the story wars doesn t come just from telling great stories but from learning to live them

Images of Utopia in the Advertising Page Luigi Manca,Alessandra Manca,2024-11-19 In this book Luigi Manca and Alessandra Manca examine the use of utopian imagery in magazine advertisements from the 1970s through the early 2020s Positing that these advertisements reflect the public s unbridled desires rather than reality itself the authors argue that these idealistic reflections can lead the public to be unable or unwilling to recognize real threats to democracy social justice and the environment They extend this analysis to argue that political moderates have long underestimated the ability of mass media and charismatic radical politicians to tap into the utopian dreams of millions of disillusioned and predominantly white Americans to leverage these dreams in order to further their own political agendas Ultimately this cumulative study spanning decades of advertisement history portrays a consumer utopia shaped almost exclusively by unrestrained consumer desire

Night Reflections Robert Thomas Winn,2016-11-22 Dr Winn s story is remarkably open unguarded and intimate I believe that almost any physician staff

member patient patient family member or friend will come away with new insights and understanding after reading this moving memoir Frederick R Appelbaum M D Director Clinical Research Division Fred Hutchinson Cancer Research Center Little does he know that an unexpected call that interrupts an early Spring bike ride in the Wasatch mountains above Park City will change his life forever A day later when Dr Robert Winn s beloved wife Nancy is diagnosed with the life threatening disease acute myeloid leukemia AML he is too devastated and emotionally shattered to communicate with family and their many friends For many months he can t even speak without getting choked up or crying At the nadir of her illness Nancy is given a 5% chance of survival and Winnie the name lovingly bestowed upon Dr Winn by his many patients and friends commits to always be by the side of his soul mate and to never leave Nancy alone at night As a result during the entire two years his wife is gravely ill and at times near death he sits in the quiet of Nancy s hospital room late into the evening and writes to their family and friends These trials and tribulations are movingly and remarkably captured for posterity in *Night Reflections A True Story of Friendship Love Cancer and Survival* Life with cancer a devastating disease for any patient and family is a constant struggle and fight for survival that demands that you learn to live through the entire day each hour and every minute *Night Reflections* chronicles an inspirational story of courage love devotion struggle and ultimately triumph *Night Reflections* will help anyone suffering from a devastating illness their loved ones caregivers and the medical community alike and the strength to face even the darkest of days *Celebrity Health Narratives and the Public Health* Christina S. Beck, Stellina M.A. Chapman, Nathaniel Simmons, Kelly E. Tenzek, Stephanie M. Ruhl, 2015-09-01 We follow celebrities on Twitter and Facebook watch them on television and read about them in supermarket checkout lines Our relationship with celebrities has never been so immediate Their personal trials are news headlines and water cooler talk Offering the first extensive look at celebrity health sagas this book examines the ways in which their stories become our stories influencing public perception and framing dialog about wellness disease and death These private yet public narratives drive fund raising reduce stigma and influence policy Celebrities such as Mary Tyler Moore Robin Roberts Michael J Fox and Christopher Reeve as well as 200 others included in the study have left a lasting legacy *Living Devotions* Mary Clark Moschella, 2008-01-01 *Living Devotions* explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to

engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice
