The Road to Democracy in South Africa: 1970-1980 South African Democracy Education Trust, 2004 v 3 The third volume in the series examines the role of anti apartheid movements around the world The global anti apartheid movement was very successful in creating awareness of the liberation struggle in South Africa and in contributing to the downfall of the apartheid government This volume in 2 parts brings together analyses which in the main are written by activist scholars with deep roots in the movements and organizations they are writing about

The Soweto Uprisings Sifiso Ndlovu, 2017-05-22 When the Soweto uprisings of June 1976 took place Sifiso Mxolisi Ndlovu the author of this book was a 14 year old pupil at Phefeni Junior Secondary School With his classmates he was among the active participants in the protest action against the use of Afrikaans as a medium of instruction Contrary to the generally accepted views both that the uprisings were spontaneous and that there were bigger political players and student organisations behind the uprisings Sifiso's book shows that this was not the case Using newspaper articles interviews with former fellow pupils and through his own personal account Sifiso provides us with a counter memory of the momentous events of that time This is an updated version of the book first published by Ravan Press in 1998 New material has been added including an introduction to the new edition as well as two new chapters analyzing the historiography of the uprisings as well as reflecting on memory and commemoration as social cultural and historical projects

The Spirit of Leadership Reuel Khoza, 2024-05-01 In 2023 Reuel Khoza unsealed a letter to the future which he had written in 1999 when he was chair of Eskom at the time recognised as the best power utility in the world It was an optimistic

letter expressing hopes that have since been dashed by corruption and maladministration by a failure of ethical leadership Khoza has written about leadership before considering the importance of intelligence emotional intelligence and social awareness Now he broadens his focus to explore the role of spirituality a faith quotient in transformational leadership The Spirit of Leadership is about faith in humanity and above all faith in God It is about being an African and a Christian and a strong believer in the virtues of ubuntu Africa s philosophy of humanness It is about ancestral wisdom and modern leadership It is about progress through ethical behaviour and good governance in business Finally it is about innovations of the spirit that are needed to save South Africa and indeed the world from a spiral of despair This is a vital and timely book for a country that needs to rediscover its moral compass **The International Journal of African Historical Studies** ,2007

At the Crossroads of Fear and Freedom Robert L. Green,2015-11-01 Robert L Green a friend and colleague of Martin Luther King Jr served as education director for King s Southern Christian Leadership Conference during a crucial period in Civil Rights history and as a consultant for many of the nation s largest school districts he continues to fight for social justice and educational equity today This memoir relates previously untold stories about major Civil Rights campaigns that helped put an end to voting rights violations and Jim Crow education explains how Green has helped urban school districts improve academic achievement levels and explains why this history should inform our choices as we attempt to reform and improve American education Green s quest began when he helped the Kennedy Administration resolve a catastrophic education related impasse and has continued through his service as one of the participants at an Obama administration summit on a current academic crisis It is commonly said that education is the new Civil Rights battlefield Green s memoir At the Crossroads of Fear and Freedom The Fight for Social and Educational Justice helps us understand that educational equity has always been a central objective of the Civil Rights movement Students Must Rise Ann Heffernan,Noor Nieftagodien,Sifiso Mxolisi Ndlovu,Bhekizizwe Peterson,2016-06-01 A detailed account of the incredibly influential Soweto Student Uprising of 1976 The Soweto Student Uprising of 1976 was a decisive moment in the struggle against apartheid It marked the expansion of political activism to a new generation of young activists but beyond that it inscribed the role that young people of subsequent generations could play in their country s future Since that momentous time students have held a special place in the collective imaginary of South African history Drawing on research and writing by leading scholars and prominent activists Students Must Rise takes Soweto 76 as its pivot point but looks at student and youth activism in South Africa more broadly by considering what happened before and beyond the Soweto moment Early chapters assess the impact of the anti pass campaigns of the 1950s of political ideologies like black consciousness as well as of religion and culture in fostering political consciousness and organisation among youth and students in townships and rural areas Later chapters explore the wide reaching impact of June 16th itself for student organisation over the next two decades across the country Two final chapters consider contemporary student based political movements including RhodesMustFall and FeesMustFall

and historically root these in the long and rich tradition of student activism in South Africa 2016 marks the 40th anniversary of the 1976 June 16th uprisings This book rethinks the conventional narrative of youth and student activism in South Africa by placing that most famous of moments the 1976 students uprising in Soweto in a deeper historical and geographic context
