

Australian rearguard who were using a captured Italian 47mm anti-tank gun. Von Prittwitz died in this attack and 15th Panzer Division had lost its commander even before the main units had arrived in North Africa.

The next day, 11 April, the German attack began. The 3rd Recce Battalion was detached and sent down the coast road east to the border to seize the remainder of Cyrenaica. With them went reinforcements in the shape of three motorcycle companies from 15th Panzer Division's recce battalion. This had been the first 15th Panzer unit to arrive and had been sent immediately on the long haul from Tripoli up to the front. The motorcycle companies took Bardia on 12 April and Sollum, Capuzzo and Halfaya Pass on the 13th to secure the Cyrenaica-Egypt border. Meanwhile, 2nd Machine Gun Battalion, with attached flak and artillery companies, was sent to block the road and hinterland east of Tobruk to prevent any breakout in that direction.

The balance of 5th Light, under Streich's command, comprised the few remaining tanks of 5th Panzer Regiment, a few Italian M13 tanks, the remaining field guns (eight in all and low on ammunition), the rest of the flak units, and 8th Machine Gun Battalion, which had been moved round from the Derna area. This force approached the perimeter from the south, trying the same trick of a heavy dust cloud as had been used at Mechili. But the attack was a failure. It came under heavy artillery fire and the infantrymen of 8th Machine Gun Battalion found it difficult to dig-in on the rocky ground. Cover was poor and casualties were high under the merciless artillery fire. Only the coming of darkness gave some relief. The tanks could do no better than run along the perimeter wire, taking pot shots at the defences, and at one point they were engaged across the wire by cruiser tanks of 1RTR. The major drawback to 5th Light's offensive capability at that moment was lack of artillery, virtually none of which was effective.

Above: The PzKpfw III was numerically the most important tank used by DAF. Here a PzKpfw III Ausf H with extra frontally fitted extra frontal armour is seen during Rommel's big offensive of January, 1942, which resulted in the retaking of most of Cyrenaica. The white colour of the Afrika Korps symbol—just visible on the front of the vehicle—indicates this is a tank of 5th Panzer Regiment.

the war in broadly chronological order not just on the battlefields but also on home fronts around the world **The First Bloody Battles** Marshall Cavendish, Pat Seward, 2010-10-15 World War II explores the elements of the war in broadly chronological order not just on the battlefields but also on home fronts around the world *Afrikakorps 1941-43* Gordon Williamson, 2012-06-20 The campaign in North Africa between September 1940 and May 1943 holds an enduring fascination for postwar generations The campaign was no less costly in terms of human lives and material than many others but regret at the cost was accompanied by positive memories in the minds of many veterans This is not to suggest that the dead have been forgotten but an almost mystical bond nevertheless exists even between former enemies amongst veterans of the desert campaign In this richly illustrated volume Gordon Williamson examines the history organisation and uniforms of Rommel s Afrikakorps **Monty and Rommel** Peter Caddick-Adams, 2013-09-24 An accessible well honed study of two fascinating characters who famously fought each other in numerous battles during WWII from Egypt to D Day Kirkus Bernard Montgomery and Erwin Rommel faced one another in a series of extraordinary battles that established each man as one of

the greatest generals in history Born four years apart their lives were remarkably similar Each came from provincial roots nearly died in WWI yet emerged from that great conflict with glowing records Through their many duels including their legendary conflicts in North Africa and later at the Normandy D Day invasion Peter Caddick Adams tracks and compares their military talents and personalities Monty and Rommel explores how each general was raised to power by their war leaders Churchill and Hitler and how the innovative military strategy and thought of both permeate down to today's armies

Paras Versus the Reich Bernd Horn, Michel Wyczynski, 2003-08 This book traces the development of airborne forces from earliest mythology to their earth shattering debut in the Second World War Paras Versus the Reich Bernd Horn, Michel Wyczynski, 2003-08-01 This meticulously researched book traces the development of airborne forces from their earliest mythology to their earth shattering debut in the Second World War More importantly it reveals in exacting detail the story of Canada's paratroopers from the early resistance to their establishment the rigorous selection process and gruelling training to their unrivalled combat record It tells the story of the 1st Canadian Parachute Battalion which never failed to achieve its assigned missions nor did it ever lose an objective once captured Through the pages of this book the reader will experience the exceptional courage endurance fighting skills and tenacity of Canada's paratroopers in the Second World War

Falaise Anthony Tucker-Jones, 2008-09-22 This WWII history critically reexamines one of the most dramatic and significant battles to follow the D Day landings in Normandy The destruction of the trapped German forces in the Falaise pocket in August 1944 is one of the most famous episodes of the Normandy campaign But myths have grown up around the battle and its impact on the course of the war is often misunderstood In this meticulously researched study Anthony Tucker Jones dispels misconceptions about the battle describes the combat in graphic detail and reassesses the outcome in the context of the campaign to liberate Europe Tucker Jones takes a broad view of the sequence of operations that culminated in the battle at Falaise tracing the course of the campaign mainly from the panzers viewpoint For two bloody months following the Normandy landings the panzers held the Allies at bay But when they found themselves blocked in at Falaise the area became a killing ground Some liken the event to Hitler's defeat at Stalingrad while others argue the victory was flawed because so many German troops escaped Rommel's Desert Commanders Samuel W. Mitcham Jr., 2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 During this campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more aircraft on the ground and captured 12 additional planes It destroyed the French 1st Armored Division and the 4th North African Division punched through the

Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Colonel Erich von Unger who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941 as well as Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency
