Adolescent Girls In Approved Schools International Library Of Sociology And Social Reconstruction:

Approved Schools for Girls in England, 1933-1973 Jessamy Carlson, 2024-08-12 This book provides a detailed study of approved schools for girls which operated in England and Wales between 1933-1973. Through original archival research it traces shifting perceptions of and policy responses to girls' delinquency and vulnerability during a period of remarkable social change. It examines the transition of provision for girls and young women in trouble from the large scale post-Victorian reformatories to the therapeutic Community Homes for Education and the emergence of a diagnostic shift in the provision of care for children in the juvenile secure estate. Through examining the experiences of younger children it provides a more nuanced understanding of the role approved schools played for girls in need of care, protection or control during this period, evidencing the gendered use of care or protection orders throughout and the policing of child and family behaviours under the guises of the Education Act. A London Bibliography of the Social Sciences, 1973 Vols 1-4 include material to June 1929.

Working with Unattached Youth George W. Goetschius, M. Joan Tash, 2013-06-19 First published in 1998. This is Volume XI of the twelve in the Sociology of Youth and Adolescence series which outlines the problem, approach and method around a report of an enquiry into the ways and means of contacting and working with unattached young people in an inner London Borough. The importance of this book is in the definition of unattachment and in the perhaps unexpectedly wide range of implications for youth work and the Youth Service that might follow from it. Unattachment is defined as a conflict in expectations between those who offer the service (clubs, youth centres and others in the Youth Service) and those the young people who want and need it but who are unable or unwilling to accept it on the conditions on which it is offered. In describing the work that gave rise to this definition, the authors help us to see that the conflict in expectations has its roots in a much wider context than we had been able to see before. *Adolescent Girls at Risk* Harold J.
