Cole, 2019-11-12 Many Christians live as though they are effectively alone in the world. However, there is another realm of intelligent life that plays a role in the world: angelic beings. This book explores the doctrine of angels and demons, answering key questions about their nature and the implications for Christians' beliefs and behavior, helping readers see their place in the larger biblical plotline that includes supernatural beings. An understanding of the reality of angels and demons encourages believers to be vigilant in the light of spiritual warfare and to be confident in Christ's victory on the cross.

Demons in the USA Michael E. Heyes, 2024-09-24 Demons in the USA argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination. The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed. As Spiritualism's core principles reappeared in the New Age, Christian interlocutors once more drew on this anti-Spiritualist paradigm to condemn the movement. This condemnation is absorbed by and amplified through the film The Exorcist. The author considers how the success of the film disseminates the anti-Spiritualist paradigm in surprising ways, entangling it with entertainment, science, and politics such that it influences psychology, the Satanic Panic of the 1980s, and the contemporary QAnon movement. This entanglement points to the broader argument of the work. While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science, the truth is that categories are not so easily separated. The author contends that the need to enforce the boundaries of such categories and the failure to do so is a hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views. The book grounds the importance of media to the twentieth and twenty-first century religious experience, arguing that the United States of today would not be possible without The Exorcist and its products. Demons in the USA will be of particular interest to scholars dealing with religion in America, those with a focus on religion and film, or those involved with contemporary demonology. The Conqueror's Tread Shandon L. Guthrie, 2022-02-02 For many Christians, the concept of spiritual warfare involves scenarios that are often enchanting, extravagant, and even parapsychological. Hard-lined skeptics respond by treating it instead as an archaic and outmoded superstition, a farce. While we might think a simple reading of Scripture will settle the matter, this has not been the case since those writing on the subject are tacitly influenced by dubious philosophical commitments and presuppositions left unchecked. This groundbreaking book incorporates philosophical reasoning in formulating for the everyday Christian a robust biblical doctrine of spiritual warfare. It is a serious but readable attempt to understand what spiritual warfare is by addressing both the theological and philosophical issues involved. The

Conqueror's Tread dares to take a reasoned approach to pressing questions such as Do supernatural beings really exist If so what are they and what can they do Are there territorial spirits Is exorcism a part of spiritual warfare Does spiritual warfare involve speaking aloud prayerwalking and breaking curses What can evil spirits do to Christians Can Christians be demon possessed Why would God allow his people to be in a state of conflict with evil spirits What is Christian holiness and how do we pursue it What role does apologetics have and many more Spiritual Warfare in the End Times Ron Rhodes, 2020-11-24

Understand the Battle Before You Enter It When you think about the end times you've probably already considered the rapture the tribulation and the Antichrist But are you prepared for the spiritual warfare that is already escalating around us as we draw closer to the final days Now more than ever it is essential to equip yourself with God's truth so you can stand against the encroaching darkness In Spiritual Warfare in the End Times bestselling prophecy author Ron Rhodes powerfully exposes Satan's most destructive and effective tools of spiritual injury and the means of rendering them ineffective Ron will help you understand the identity tactics and dominion of Satan and the spiritual armor God has given you for protection the pivotal roles the Holy Spirit and the Word of God play in your spiritual victory the sheep Christians who keep close to the Shepherd Jesus are safest from the predatory wolf Satan Though Satan will always want to diminish your capacity to serve in God's kingdom God promises you'll never fight him alone Spiritual Warfare in the End Times will provide you with all you need for victory both now and in the future
