R. Bijoy, Shimreihon Luithui, 1999-01-14 The Adivasis are indigenous peoples and are believed to be the first inhabitants of India Adivasis have distinct languages religions and forms of self government together with a deep bond to their land and respect for nature However India has ignored their demands to be recognized as indigenous and as this Report demonstrates taken steps which threaten the Adivasis very survival Adivasis traditional homelands have been taken for industrialization for coal forest and mineral exploitation for tourism developments and for nature and wildlife parks This internal colonization has combined with the forces of globalization to forcibly displace Adivasis from their territories and to ensure that while 85 per cent of Adivasis live in poverty they receive little or none of the wealth extracted from their land While discussing these India wide issues The Adivasis of India also explores the situation in three specific regions Jharkhand the Blue Mountains region and the North East region Here the Adivasis increasingly effective methods of campaigning and organizing to demand their rights are discussed alongside the Indian state s often violent and brutal responses to these movements The Adivasis of India written by activists on Adivasi issues provides a full yet accessible historical and legal context to the Adivasis claims and to the Indian state s policy developments towards Adivasis Both are analysed and their practical implementation discussed The Report is illustrated with several maps and tables The Adivasis of India concludes with a call for an end to state violence and discrimination and for a recognition and granting of the Adivasis rights This is backed by a set of recommendations which could help protect Adivasis human rights and promote peaceful coexistence meaningful development and equality for all Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these

changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues

Sundar,2019-12-09 Social stigmatization is a virtual curse imposed on certain Indian social sections by the colonial government as part of their contextual political strategies by late nineteenth century The so called denotified tribes formerly known as ex criminal tribes in Indian society occupy this state made category According to the latest survey reports India has 198 groups belonging to nomadic and denotified tribes unorganized scattered and utter nobodies Social justice is alien to them and economic disempowerment eventually resulted in slavery bonded labour and poverty Public welfare measures pay scant attention to the issue of reform and rehabilitation of these sections and they are made to suffer from an identity crisis today Most of these communities are split under reserved categories Scheduled Castes and Other Backward Classes The work tries to present a narrative detailing the conditions of denotified tribes during colonial and post colonial India And the undeclared wish in doing so is to seek the attention of those in policy making and decision making bodies under the Indian government Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Gandhi and Adivasis Debasree De,2022-07-07 Adivasi movements played a very important if not determining role in the India s freedom struggle Gandhi s idea of mass mobilization couldn t have been successful without the active participation of all sections of the Indian society Adivasi movements were swelled by Gandhian ideology only during the Non Cooperation movement Though Gandhi s interest in the tribal problems crystallized at a later stage of his life his influence on tribal movements was revealing His association with Thakkar Bapa and Verrier Elwin also enriched his knowledge about tribal state of affairs Adivasis started looking at Gandhi as saviour or a saint who could deliver them justice and peace But Gandhi always supported Adivasi movements in order to give a mass character to his movements There were some particular demands of the Adivasis that were not supported by Gandhi Their armed struggle was also against his non violent principles During the latter half of the twentieth century movements like Tana Bhagat and Hari Baba were purely influenced by the Gandhian ideology but failed to achieve their goals Later on the Jharkhand movement adopted the

character of a non violent struggle here also the fruits disappeared The present work focuses on the first three movements of the Chota Nagpur Plateau of eastern India during Gandhi s lifetime and the current movements against forceful displacement by POSCO Vedanta and others in order to comprehend his ideological impact on Adivasi movements of today The book has critically analysed and evaluated Gandhi s impact on the Adivasi situation in colonial and post colonial India Please note Taylor Francis does not sell or distribute print edition in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
