Adolescent Siblings In Stepfamilies Family Functioning And Adolescent Adjustment:

Adolescent Siblings in Stepfamilies Eileen Mavis Hetherington, 1999 Adolescent siblings in stepfamilies Mavis E. Hetherington, Sandra H. Henderson, David Reiss, 1999 **The International Handbook of Stepfamilies** Jan Pryor, 2008-06-06 Written by contributors from around the world The International Handbook of Stepfamilies Policy and Practice in Legal Research and Clinical Environments is a collection of research legal and clinical recommendations that fills a growing need for complex re formed families Using the information in this book which includes contemporary research and its implications you will be able to consider stepfamilies in an international context Understand the issues that clinicians face when they work with stepfamilies both before and after formation and gain more knowledge about this topic as the rates of family reformation increase *The Handbook of Systemic Family Therapy, Systemic Family Therapy with Children and Adolescents* Lenore M. McWey, 2020-10-19 Volume II of The Handbook of Systemic Family Therapy presents established and emerging models of relational treatment of children and young people Developed in partnership with the American Association for Marriage and Family Therapy AAMFT it will appeal to clinicians such as couple marital and family therapists counselors psychologists social workers and psychiatrists It will also benefit researchers educators and graduate students involved in CMFT Handbook of Adolescent Behavioral Problems Thomas P. Gullotta, Gerald R. Adams, 2007-08-26 As we enter the new millennium promoting sound mental health and positive behavior of adolescents has undeniably taken on greater significance than ever before To that end more and more research is confirming what many have suspected for years environment and community surroundings have a major affect on an adolescent s well being and overall mental health And because no single causal agent triggers teenage pathology and no one size fits all treatment is available the Handbook of Adolescent Behavior Problems offers a comprehensive and integrative biopsychosocial approach to effective practice This volume examines not only the psychological and genetic factors underlying dysfunction it also explores the critical roles that family members peers and the larger community play in an adolescent s life It offers current interdisciplinary perspectives on adolescent development both functional and pathological and provides coverage that is clear accessible and practical on such topics as Major disorders including depression anxiety schizophrenia ADHD PTSD developmental delays and conduct disorders Behavior problems such as substance abuse sexual offenses teen pregnancy school failure gambling and gang violence Best practices reviewing what works i e interventions that have been rigorously validated what might work i e those in need of further study and what doesn t work Residential interventions as well as community treatment Risk and resiliency factors Ongoing and emerging pharmaceutical issues Each chapter focuses on a specific behavior or disorder and is formatted to help readers quickly locate needed information The Handbook of Adolescent Behavior Problems provides a solid foundation for understanding the adolescent experience and the influence of the family and community as well as much needed information on the development of evidence based practices It is designed to be a one stop reference for anyone

working with adolescents developmental psychologists clinical and school psychologists and education specialists as well as for graduate students in these areas *Siblings in Adolescence* Aiden Sisler,Angela Ittel,2014-11-27 How do brothers and sisters shape one another *Siblings in Adolescence* provides a comprehensive overview of the most up to date international empirical research on the sibling bond during the critical adolescent years The authors examine how the relationship impacts on adolescent development as well as the effect on and within the family using evidence from behaviour genetics cross cultural studies and research utilizing both quantitative and qualitative methods The book presents a multi faceted dynamic view of the adolescent sibling relationship drawing on perspectives from sociological psychological and ecological and systems science It introduces a novel theoretical perspective which covers sibling dynamics across various key environments such as their families communities and cultures Parents and siblings will also find useful coverage of the following issues school and life transitions parental separation health illness and disability diverse family experiences *Siblings in Adolescence* will be indispensable for advanced undergraduate and postgraduate students studying human development and will supplement postgraduate courses for teachers counsellors and social youth and health workers It will also be required reading for all those who work and do research with families and young people Handbook of Parenting Masud S Hoghughi,Nicholas Long,Nicholas James Long,2004-03-08 A single volume textualization of the growing level of interest in research educational and professional activity within the broadly defined field of parenting *EdPsych Modules* Cheryl Cisero Durwin,Marla Reese-Weber,2020-01-07 *EdPsych Modules* uses an innovative modular approach and case studies based on real life classroom situations to address the challenge of effectively connecting theory and research to practice Succinct stand alone modules are organized into themed units and offer instructors the flexibility to tailor the book s contents to the needs of their course The units begin with a set of case studies written for early childhood elementary middle and secondary classrooms providing students with direct insight into the dynamics influencing the future students they plan to teach All 25 modules highlight diversity emphasizing how psychological factors adapt and change based on external influences such as sex gender race language disability status and socioeconomic background The Fourth Edition includes over three hundred new references across all 25 modules and expanded coverage of diversity in new diversity related research This title is accompanied by a complete teaching and learning package *Marriage, a History* Stephanie Coontz,2006-02-28 Just when the clamor over traditional marriage couldn t get any louder along comes this groundbreaking book to ask What tradition In *Marriage a History* historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is and how absurd it would have seemed to most of our ancestors It was when marriage moved into the emotional sphere in the nineteenth century she argues that it suffered as an institution just as it began to thrive as a personal relationship This enlightening and hugely entertaining book brings intelligence perspective and wit to today s marital debate Experience

and Development Kathleen McCartney, Richard A. Weinberg, 2011-02-25 This volume reflects the strong influence that Sandra Wood Scarr's scholarship has had on what we know about experience and development via the lens of the psychological sciences especially the fields of developmental psychology behavior genetics early education and child care
