Bibles, Brahmins and Bosses Thomas H. O'Connor, 1976 **Bibles, Brahmins, and Bosses** Thomas H. O'Connor, 1976 Boston's Histories James O'Toole, David Quigley, 2004-01-08 This collection is both a tribute to the distinguished work of Thomas H O Connor the dean of Boston historians and a survey of the best and innovative contemporary work on Boston s diverse histories **Annual Report - National Endowment for the Humanities** National Endowment for the Humanities, 1975 *Lincoln and the Decision for War* Russell McClintock, 2008 Discusses President Lincoln s decision to go to war with the seceded South and highlights how citizens party activists state officials and national leaders in the North responded to the political crisis *The Other Black Bostonians* Violet M. Johnson, 2006-12-06 This study of Boston s West Indian immigrants examines the identities goals and aspirations of two generations of black migrants from the British held Caribbean who settled in Boston between 1900 and 1950 Describing their experience among Boston s American born blacks and in the context of the city s immigrant history the book charts new conceptual territory The Other Black Bostonians explores the pre migration background of the immigrants work and housing identity culture and community activism and social mobility What emerges is a detailed picture of black immigrant life Johnson s work makes a contribution to the study of the black diaspora as it charts the history of this first wave of Caribbean immigrants *Remaking American Communities* David C. Soule, 2007-11-01 Urban sprawl has gained much national attention in recent years Sprawl involves not only land use issues but also legal political and social concerns It affects our schools the environment and race relations Comprehensive enough for high school students and also appropriate for college undergraduates Remaking American Communities delves into the challenges of urban sprawl by turning to some of America s top thinkers on the problem including Robert Yaro president of the Regional Plan Association Other cutting edge essays include a foreword about the emergence of sprawl by nationally syndicated columnist Neal Peirce views about race and class by former mayor of Albuquerque David Rusk and a discussion of transportation dynamics by Curtis Johnson president of the Citistates Group The essays in this collection explore the core issues of sprawl and the agenda for dealing with it Complete with a glossary resources and contact information for smart growth alliances this book is extremely user friendly David C Soule offers an unbiased viewpoint of this national phenomenon in a way that will be accessible to students and those with little background in the issue **Civil War Sisterhood** Judith Ann Giesberg, 2006-07 A study that challenges established scholarship on the history of women s public activism **The American Kaleidoscope** Lawrence H. Fuchs, 2012-01-01 Winner of the John Hope Franklin Prize 1991 Winner of the Theodore Saloutos Award from the Immigration History Society 1993 Do recent changes in American law and politics mean that our national motto e pluribus unum is at last becoming a reality Lawrence H Fuchs searches for answers to this question by examining the historical patterns of American ethnicity and the ways in which a national political culture has evolved to accommodate ethnic diversity Fuchs looks first at white European immigrants

showing how most of them and especially their children became part of a unifying political culture He also describes the ways in which systems of coercive pluralism kept persons of color from fully participating in the civic culture He documents the dismantling of those systems and the emergence of a more inclusive and stronger civic culture in which voluntary pluralism flourishes In comparing past patterns of ethnicity in America with those of today Fuchs finds reasons for optimism Diversity itself has become a unifying principle and Americans now celebrate ethnicity One encouraging result is the acculturation of recent immigrants from Third World countries But Fuchs also examines the tough issues of racial and ethnic conflict and the problems of the ethno underclass the new outsiders The American Kaleidoscope ends with a searching analysis of public policies that protect individual rights and enable ethnic diversity to prosper Because of his lifelong involvement with issues of race relations and ethnicity Lawrence H Fuchs is singularly qualified to write on a grand scale about the interdependence in the United States of the unum and the pluribus His book helps to clarify some difficult issues that policymakers will surely face in the future such as those dealing with immigration language and affirmative action
