An Open Letter to Confused Catholics Marcel Lefebvre, 1986

An Open Letter to Confused Catholics

Archbishop Marcel Lefebvre, 1986 50 Years on David Schultenover, 2015-05 Pope John XXIII prayed that the Second Vatican Council would prove to be a new Pentecost The articles gathered here appeared originally in a series solicited by and published in Theological Studies September 2012 to March 2014 The purpose of the series was and remains threefold To commemorate the 50th anniversary of the Second Vatican Council To help readers more fully appreciate its significance not only for the Catholic Church itself but also for the entire world whom the Church encounters in proclamation and reception of ongoing revelation In their present form to help readers worldwide engage both the conciliar documents themselves and scholarly reflections on them all with a view to appropriating the reform envisioned by Pope John XXIII Contributors Stephen B Bevans SVD Mary C Boys SNJM Maryanne Confoy RSC Massimo Faggioli Anne Hunt Natalia Imperatori Lee Edward Kessler Gerald O Collins SJ John W O Malley SJ Agbonkhianmeghe E Orobator SJ Ladislav Orsy SJ Peter C Phan Gilles Routhier Ormond Rush Stephen Schloesser SJ Francis A Sullivan SJ O Ernesto Valiente Jared Wicks SJ Theological Dissent in Post-Vatican II Catholicism Anthony Devlin, 2025-12-03 This book examines the reality of theological dissent in the Catholic Church in the decades since the Second Vatican Council 1962 1965 and its relation to the problematic search for certainty and doctrinal consistency in addressing the complexities of moral decision making in the contemporary world Concern for the fundamental dignity of the human person and the tension between obedience and the ultimate freedom in conscience of the believer within the boundaries of the institution have informed successive episodes of dissent and their attempted suppression in the post Conciliar period Neuralgic issues in sexual ethics feminist theology the role of women in the Church and theologies of liberation have presented profound challenges to magisterial authority resulting in a fracturing of the faith community and the persistence of a progressive conservative divide The Church's Synodal turn meanwhile has presented new possibilities for a dialogical approach to dissent emphasizing discernment and principles of participation and co responsibility focusing on a dialectical approach to unsettled questions and inviting a diversity of theological expression Equally however conservative dissent and entrenched opposition to the possibility of transposing hitherto adversarial postures into a more constructive and collaborative frame present a growing threat to unity in a polarized world now increasingly tempted by totalitarianism and losing the capacity for constructive disagreement The book will be of particular interest to scholars and general readers in theology ecclesiology and religious studies **The Council in Question** Moyra Doorly, Aidan Nichols, 2013-03-28 The resurgence of Catholic tradition is rekindling devotion zeal and we pray sanctity But do some place traditionalism before Mother Church herself This is the issue of our time a unique time 50 years after Vatican II when much though not all of the misapplication of the Council's teachings and liturgical aberrations have settled In *The Council in Question* journalist Moyra Doorly an SSPX attendee and Dominican Aidan Nichols vibrantly discuss the key issues

of division between the Church and the Society A must read for a lover of Tradition Controversies in Contemporary Religion Paul Hedges, 2014-09-09 Religious or spiritual beliefs underpin many controversies and conflicts in the contemporary world Written by a range of scholarly contributors this three volume set provides contextual background information and detailed explanations of religious controversies across the globe Controversies in Contemporary Religion Education Law Politics Society and Spirituality is a three volume set that addresses a wide variety of current religious issues analyzing religion s role in the rise of fundamentalism censorship human rights environmentalism and sustainability sexuality bioethics and other questions of widespread interest Providing in depth context and analysis far beyond what s available in the news or online this work will enable readers to understand the nature of and reasons for controversies in current headlines The first volume covers theoretical and academic debates the second looks at debates in the public square and ethical issues while the third examines specific issues and case studies These volumes bring detailed and careful debate of a range of controversies together in one place including topics not often covered for example how religions promote or hinder social cohesion and peace the relationship of religions to human rights and the intersection of Buddhism and violence Written by a range of experts that includes both established and emerging scholars the text explains key debates in ways that are accessible and easy to understand for lay readers as well as undergraduate students researching particular issues or global religious trends **A Council for the Global Church** Massimo Faggioli, 2015-05-01 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering decided by St John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and it is the key to understanding Catholicism and its inner tensions today Catholic Fundamentalism in America Mark S. Massa, 2025-03-03 The term fundamentalism has its roots in specific forms of American Protestantism that arose around the turn of the twentieth century in reaction to liberalizing and modernizing trends within the church In this book Mark Massa argues that an analogously reactive militant and sectarian fundamentalist movement emerged within American Catholicism in the decades after World War II for a similarly complex mix of theological and cultural reasons In Catholic Fundamentalism in America Massa gives the first account of the Catholic form of the anti modernist impulse Massa recounts how Catholic fundamentalism has reacted both to the teachings of the Second Vatican Council and to the tensions of America s pluralist secular culture Like their Protestant cousins Catholic fundamentalists combine a sectarian understanding of religion with an aggressive anti progressive stance Their main enemies were not Protestants or secular Americans but other Catholics who didn t share their extreme views Also like the Protestant fundamentalists Catholic devotees of the fundamentalist impulse have sought and found political conservatives with whom to make common cause on a range of issues such as the place of women in American

culture the value of pluralism within the Church and the larger culture and the importance of cooperation with non Catholics Contemporary Catholic conservatives merge theological and political impulses into movements that punch above their weight within the community through their clever use of social media Through seven portraits of individuals and movements that embody the Catholic fundamentalist impulse Massa demonstrates how the Catholic Right like its evangelical Protestant counterpart has reacted to and fought against modern American culture

The Resurrection of the Roman Catholic Church Griff Ruby, 2002 For nearly twenty centuries the Roman Catholic Church withstood all the currents of change and history and maintained a closely guarded orthodoxy which has always served as the basis and center of all Christianity Yet it is as if all of that has been just arbitrarily swept away in the few years since Vatican II Given what the Church has always taught about itself being indefectible how could this have happened Did that Council have something to do with that terrible loss of faith Can the real Catholicism be found today and if so where The shocking answer to this once seen and truly understood is as every bit as glorious as the original resurrection of Christ Himself a tremendous source of faith and inspiration It is a broad based longstanding miracle passing right before our eyes have we but the Grace to see it for what it is

The Blackwell Companion to Catholicism James J. Buckley, Frederick C. Bauerschmidt, Trent Pomplun, 2010-12-13 The Blackwell Companion to Catholicism offers an extensive survey of the history doctrine practices and global circumstances of Roman Catholicism written by a range of distinguished and experienced Catholic writers Engages its readers in an informed and informative conversation about Roman Catholic life and thought Embraces the local and the global the past and the present life and the afterlife and a broad range of institutions and activities Considers both what is distinctive about Catholic life and thought and how Catholicism overlaps with and transforms other ways of thinking and living Topics covered include peacemaking violence and wars money the vow of poverty and socio economic life art by and about Catholics and men women and sex
