

The background of the entire image is a theatrical scene. On the left, a heavy red velvet curtain is partially drawn, revealing a man in a dark suit and white shirt lying face down on a large, ornate, patterned rug. The man's legs are bent at the knees, and his arms are outstretched. The rug has a complex floral or damask pattern in shades of brown and gold. The floor beneath the rug is a light-colored wood. In the bottom right corner, a portion of a dark, polished wooden table or desk is visible, with a small, dark object resting on its surface. The overall lighting is warm and dramatic, typical of a stage production.

Rogues, Romance, and Exoticism in French Cinema of the 1930s Colleen Kennedy-Karpat,2013-04-11 Many popular French films of the 1930s captured the world and brought it into neighborhood cinemas for filmgoers who craved adventure These films often served as visual postcards from the French empire which enjoyed an unprecedented visibility in domestic popular culture between the world wars But the public appetite for the exotic also transcended imperial borders Exoticist films displayed landscapes and different that lay beyond the metropole many of which were not subject to European rule This broad conception of the exotic meant that French narrative cinema represented both colonial and non colonial settings and populations developing a coherent set of tropes that were shaped yet not entirely defined by the politics of imperial rule Empire alone cannot address the full range of the French exoticist imaginary that was projected onto movie screens in the 30s Only by venturing beyond imperial boundaries can we fully understand how the French saw non Westerners and by extension how they saw themselves during this tumultuous decade Rogues Romance and Exoticism in French Cinema of the 1930s proposes a critical framework for exoticist cinema that includes and exceeds the limits of empire From rogue colons to the m tisse in love from the deserts of North Africa to the streets of Shanghai this book identifies and analyzes recurring figures common settings major stars plot devices and narrative outcomes that dominated exoticist cinema at its popular peak
