critical attention that is her due this book seeks to resurrect Lalithambika as a feminist public intellectual *Turkish Literature and Cultural Memory* Catharina Dufft, 2009 Result of an international workshop held as part of the University of Giessen's Collaborative Research Center Memory Cultures Pref Words from Under the Burning Bridge Nitya Swaruba, 2019-11-25 As a keen observer of the world around Nitya Swaruba takes the greatest pleasure in painting it with her poetry Her most loyal companion is nature never changes but is always the latest version This feeds her love for everything that is beautiful and flawless and that undoubtedly brings the magnificence that is woman out from her poetry She sees the truth within the perfect being and celebrates it in the most silent yet loud manner through her from the heart words What gives the poet her invincible edge is her muse a thing quite opposite to the traditional abstraction The kind of words she inspires makes each poem an epic a beautifully transparent story The essence of woman sketched in these poems is wonderfully magnified through the muse's affection and what she means to the poet This unusual bond Nitya believes cannot be contained in all the vastness of what love means Nitya says Seven verbs represent the sections of this book her deeds and mine **Mystic Chords of Memory** Michael Kammen, 1993-02-02 *Mystic Chords of Memory* Illustrated with hundreds of well chosen anecdotes and minute observations Kammen is a demon researcher who seems to have mined his nuggets from the entire corpus of American cultural history Insightful and sardonic Washington Post Book World In this groundbreaking panoramic work of American cultural history the Pulitzer Prize winning author of *A Machine That Would Go of Itself* examines a central paradox of our national identity How did the land of the future acquire a past And to what extent has our collective memory of that past as embodied in our traditions been distorted or even manufactured Ranging from John Adams to Ronald Reagan from the origins of Independence Day celebrations to the controversies surrounding the Vietnam War Memorial from the Daughters of the American Revolution to immigrant associations and filled with incisive analyses of such phenomena as Americana and its collectors historic villages and Disneyland *Mystic Chords of Memory* is a brilliant immensely readable and enormously important book Fascinating a subtle and teeming narrative masterly Time This is a big ambitious book and Kammen pulls it off admirably He brings a prodigious mind and much scholarly rigor to his task An important book and a revealing look at how Americans look at themselves Milwaukee Journal **Memory Wars** A. Lynn Smith, 2023-07 2024 Choice Outstanding Academic Title *Memory Wars* explores how commemorative sites and patriotic fanfare marking the mission of General John Sullivan into Iroquois territory during the Revolutionary War continue to shape historical understandings today Sullivan's expedition was ordered by General George Washington at a tenuous moment of the Revolutionary War It was a massive enterprise involving thousands of men who marched across northeastern Pennsylvania into what is now New York state to eliminate any present or future threat from the British allied Iroquois Confederacy Sullivan and his men carried out a scorched earth campaign obliterating more than forty Iroquois villages including homes fields and crops For Indigenous residents it was a catastrophic invasion For many others the expedition yielded untold

bounty American victory over the British along with land and fortunes beyond measure for settlers who soon moved onto the razed village sites The Sullivan Expedition has long been fixed on the landscape of Pennsylvania and New York by a cast of characters including amateur historians newly formed historical societies and local chapters of the Daughters of the American Revolution Asking how it is that people continue to celebrate Sullivan in the present day Memory Wars underscores the symbolic value of the past as well as the dilemmas posed to contemporary Americans by the national commemorative landscape
