An Iowa Tragedy David Wiggins, 1988-01-01 **American Patriotism, Or, Memoirs of "common Men"** Leonard Brown, 2002 **The People Are Kind** Bill R. Douglas, 2024-12-30 What religion the newly opened recently indigenous territory of Iowa would become was a matter of concern to German Lutherans Austrian and French Catholics and New England Congregationalists But their funding proved no match for the myriad of choices Iowans had Methodists were everywhere and Inspirationists Freethinkers and Meskwakis all added to the chorus suggesting that hegemony was not a possibility and cooperation a better strategy Religious Iowans Black Hawk Amelia Bloomer Annie Wittenmeyer James B Weaver Billy Sunday John R Mott Luigi Ligutti Henry A Wallace Ann Landers Harold Hughes and Robert Ray all make appearances How did Sioux City pastor George Haddock get his name on streets in California How did Rev George Slater contribute to civil rights Which state was the go to for journalists looking for an American religious consensus How did Dubuque seminary professors feel about nuclear weapons How did Sr Pat Farrell parry Vatican accusations of heresy The answers to those and many other questions the reader never thought to ask lie within With humor incisive analysis and sympathy Douglas paints a tapestry that contributes not just to religious history but argues for its importance to the history of Iowa **Annals of Iowa** Samuel Storrs Howe, Theodore Sutton Parvin, Frederick Lloyd, Sanford W. Huff, Charles Aldrich, Edgar Rubey Harlan, 1912 Canadian Baptist Fundamentalism, 1878-1978 Taylor Murray, Paul R. Wilson, 2022-04-01 As the first single volume work to present a national picture of Baptist engagement with the fundamentalist movement in Canada in the late nineteenth and twentieth centuries Canadian Baptist Fundamentalism fills an important gap in the historiography It explores the contributions of well known fundamentalists such as T T Shields William Bible Bill Aberhart and J J Sidey while also introducing the reader to several lesser known figures including Joshua Denovan E J Stobo and T A Meister Together these studies demonstrate the diversity of the fundamentalist movement as it emerged and developed across Canada By drawing on material from across the country Canadian Baptist Fundamentalism addresses old themes in new ways and in the process raises a variety of questions and possibilities for new avenues of study Institutions of Higher Education Linda Sparks, 1990-01-24 This bibliography brings together in one comprehensive volume citations of books dissertations theses and ERIC microfiche relating to the history of specific institutions of higher education worldwide All types of postsecondary institutions two years colleges liberal arts colleges seminaries specialized institutions and universities are included Entries include the following elements when available author editor title place of publication publisher publication date and number of pages Citations from 85 countries are included Entries are by country dependency and territory The United States has been further divided by state Names of institutions are in English References are in the language in which they were written The majority of the citations should be available in a library somewhere in the United States Obscure sources that may be difficult to obtain have been included because they are often the only citation All

editions of a title as well as older works are included because of their potential value to a researcher The book should be a part of all college university and large public library collections College of Education faculty members specializing in higher or comparative education will find much of value here **Congregation and Campus** William H. Brackney, 2008 In this book the fullness of the Baptist experience in Christian higher education is explored charted and analyzed Beginning with the establishment in 1756 of the Academy and reaching to the present the author explores the need for Baptists to pursue education and the types of schools they founded Included are colleges universities manual labor schools literary and theological institutions theological schools and bible colleges Special attention is given to women and higher education and the Black Baptist achievements Details are provided about what makes a Baptist school Baptist charters trustees presidents support church accountability Chapters at the end of the typological and chronological narratives ponder the meaning of denominational education at present with suggestions about the future of faith based institutions and the failure of contemporary literature to attend properly to Baptist idiosyncrasies **The Preventable Tragedy of Hypothermia** United States. Henry, 1991-04 Alfred W Lawson 1869 1954 was a professional baseball player inventor of the airliner leader of a movement in the 1930s calling for the abolition of banks and interest and founder of a utopian community the so called Des Moines University of Lawsonomy This unusual institution constantly embroiled in controversy in the 1940s and early 1950s was dedicated not only to teaching Lawson s novel religious and scientific ideas but also to initiating a reform of human nature **The Depression Dilemmas of Rural Iowa, 1929-1933** Lisa L. Ossian, 2012-01-01 To many rural Iowans the stock market crash on New York s Wall Street in October 1929 seemed an event far removed from their lives even though the effects of the crash became all too real throughout the state From 1929 to 1933 the enthusiastic faith that most Iowans had in Iowan President Herbert Hoover was transformed into bitter disappointment with the federal government As a result Iowans directly questioned their leadership at the state county and community levels with a renewed spirit to salvage family farms demonstrating the uniqueness of Iowa s rural life Beginning with an overview of the state during 1929 Lisa L Ossian describes Iowa s particular rural dilemmas evoking through anecdotes and examples the economic nutritional familial cultural industrial criminal legal and political challenges that engaged the people of the state The following chapters analyze life during the early Depression new prescriptions for children s health creative housekeeping to stretch resources the use of farm playlets to communicate new information creatively and memorably the demise of the soft coal mining industry increased violence within the landscape and the movement to end Prohibition The challenges faced in the early Great Depression years between 1929 and 1933 encouraged resourcefulness rather than passivity creativity rather than resignation and community rather than hopelessness Of particular interest is the role of women within the rural landscape as much of the increased daily work fell to farm women during this time While the women addressed this work

simply as making do Ossian shows that their resourcefulness entailed complex planning essential for families emotional and physical health Ossian s epilogue takes readers into the Iowa of today dominated by industrial agriculture and asks the reader to consider if this model that stemmed from Depression era innovation is sustainable Her rich rural history not only helps readers understand the particular forces at work that shaped the social and physical landscape of the past but also traces how these landscapes have continued in various forms for almost eighty years into this century
