and industries and offers a toolkit to help guide the reader in resolving people problems at work The toolkit focuses not on changing others but on changing how we interact with others our own behavior is the most powerful force for change that we have The ostrich remains the symbol of those of us who foolishly ignore our problems while hoping that they will magically disappear By identifying this ostrich effect the reader is empowered to re frame and neutralize its impact Terra Incognita Joseph Isaac Abrahams, 2014-09-07 Terra Incognita provides an autobiographical account of Joseph Abrahams 75 year career as a psychoanalyst with extensive scientific data life altering discoveries and insightful conclusions Each chapter represents a different stage of Abrahams career from its prescient wartime beginnings to its post retirement studies and writings Terra Incognita offers a detailed look at the multi disciplinary fields of the severe disorders individual psychoanalysis therapeutic community and group work as well as some of the key players in these fields who served as an inspiration for Abrahams throughout his career
