Analyzing Freud Susan Stanford Friedman, 2002 A landmark book about Sigmund Freud H D modernism gender and sexuality

The End of the Poem Paul Muldoon, 2024-09-04 In *The End of the Poem* Paul Muldoon the most significant English language poet born since the Second World War *The Times Literary Supplement* presents engaging rigorous and insightful explorations of a diverse group of poems from Yeats's *All Souls Night* to Stevie Smith's *I Remember* to Fernando Pessoa's *Autopsychography* Here Muldoon reminds us that the word poem comes via French from the Latin and Greek a thing made or created He asks Can a poem ever be a freestanding discrete structure or must it always interface with the whole of its author's bibliography and biography Muldoon explores the boundlessness the illimitability created by influence what Robert Frost meant when he insisted that the way to read a poem in prose or verse is in the light of all the other poems ever written And he writes of the boundaries or borders between writer and reader and the extent to which one determines the role of the other At the end Muldoon returns to the most fruitful and fraught aspect of the phrase the end of the poem the interpretation that centers on the aim or function of a poem and the question of whether or not the end of the poem is the beginning of criticism Irreverent deeply learned often funny and always stimulating *The End of the Poem* is a vigorous and accessible approach to looking at poetry anew

New Psychoanalytic Readings of Shakespeare James Newlin, James W. Stone, 2023-07-14 It has been over two decades since the publication of the last major edited collection focused on psychoanalysis and early modern culture In Shakespeare studies the New Historicism and cognitive psychology have hindered a dynamic conversation engaging depth oriented models of the mind from taking place The essays in *New Psychoanalytic Readings of Shakespeare* Cool Reason and Seething Brains seek to redress this situation by engaging a broad spectrum of psychoanalytic theory and criticism from Freud to the present to read individual plays closely These essays show how psychoanalytic theory helps us to rethink the plays history of performance their treatment of gender sexuality and race their view of history and trauma and the ways in which they anticipate contemporary psychodynamic treatment Far from simply calling for a conventional return to Freud the essays collected here initiate an exciting conversation between Shakespeare studies and psychoanalysis in the hopes of radically transforming both disciplines It is time to listen once again to seething brains

The Novel After Film Jonathan Foltz, 2018 In this provocative and original study Jonathan Foltz charts the institutional stylistic and conceptual relays that linked literary and cinematic cultures and that fundamentally changed the nature and status of storytelling in the early twentieth century

Bringing Up War-Babies Amanda Jones, 2018-08-06 The figure of the wartime child in the mid twentieth century unsettles and disturbs This book employs a range of material biographical literary and historical to chart some of the surprising and unanticipated crossovers between women's writing and early psychoanalysis in the years of the Second World War and the decades before and after This volume includes examples of children's adventure fiction as well as works written for adult audiences and important and previously

unrecognized similarities are noted The war was a disruptive influence in the lives of all who lived through it Although active self censorship is observed in the behaviour and attitudes of adults at this time this book demonstrates how fictional children are able to articulate feelings such as anxiety and fear that adults were under pressure to conceal or to repress and at times the figure of the wartime child becomes a surrogate for the writer herself or her suppressed fears and anxiety When peace returned this study finds women writers quick to identify and communicate a discomfiting new ambivalence between parents and children

Lesbian Modernism English Elizabeth English,2014-11-11 The first book length study to explore the importance of genre fiction for the body of literature we call lesbian modernism Elizabeth English explores the aesthetic dilemma prompted by the censorship of Radclyffe Hall s novel *The Well of Loneliness* in 1928 Faced with legal and financial reprisals women writers were forced to question how they might represent lesbian identity and desire Modernist experimentation has often been seen as a response to this problem but English breaks new ground by arguing that popular genre fictions offered a creative strategy against the threat of detection and punishment Her study examines a range of responses to this dilemma by offering illuminating close readings of fantasy crime and historical fictions written by both mainstream and modernist authors English introduces hitherto neglected women writers from diverse backgrounds and draws on archival material examined here for the first time to remap the topography of 1920s 1940s lesbian literature and to reevaluate the definition of lesbian modernism Key Features Rethinks the lesbian modernist project to demonstrate that genre fiction not only influenced modernist writers such as Woolf and Stein but also found its way into their ostensibly highbrow work Brings to light hitherto neglected mainstream writers working in popular genres who contributed to the lesbian modernist aesthetic Situates Katharine Burdekin within the context of lesbian modernism for the first time employing hitherto unseen archive material including letters and manuscripts Divided into three broad multi author genres fantasy historical and detective fictions the study covers popular fictions such as utopian writing the supernatural historical biography historical romance and the classic country house crime novel

Readings of Trauma, Madness, and the Body S. Anderson,2012-09-14 In *Readings of Trauma Madness and the Body* Anderson explores how Modernist fiction narratives by Hemingway the Fitzgeralds and H D represent trauma specifically addressing the conflict between speaking about and repressing traumatic memories while also considering how authors understandings of gender influence their depictions
