An Introduction To The Philosophy Of Bernard Lonergan:

An Introduction to the Philosophy of Bernard Lonergan Hugo Anthony Meynell, 1976 An Introduction to the Philosophy of Bernard Lonergan Hugo A. Meynell, 1991-02-01 This is an introduction to the philosophy of a Christian thinker of the 20th century The author pursues his thesis through mathematics empirical science common sense depth psychology and social theory into metaphysics ethics and natural theology **Bernard Lonergan** Terry J. Tekippe, 2003 Bernard Lonergan's insight one of the great philosophical works of the twentieth century is a challenging book for any reader Bernard Lonergan An Introductory Guide to Insight provides readers with a first reading guide emphasizing what is truly essential and central to Lonergan's work It allows readers to make their way through a first reading by providing a summary of each chapter and questions for reflection BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved An Introduction to Bernard Lonergan Peter Beer, 2020-10-09 Bernard Lonergan was a mid 20th century Canadian philosopher and theologian This book aims to help form a basis for inquiry into Lonergan's achievement in his new approach to the great philosophical questions what do I do when I know something cognitional theory why is doing that knowing epistemology and what do I know when I do that metaphysics Lonergan deals with these questions somewhat more deeply in his major works Insight 1957 1992 and Method in Theology 1972 2017 Here he invites one to discover in oneself the dynamic structure of one's own cognitional and moral being and in doing this one finds an operative procedure that is not open to radical revision In fact Lonergan has unearthed a dynamic conscious framework for creativity a method that grounds all investigation that is intelligent and critical It is a resource that is transcendental in that it is the concrete and dynamic unfolding of human attentiveness intelligence reasonableness and responsibility and this unfolding occurs whenever one uses one's mind in an appropriate fashion This method for investigators too is new in its finding eight tasks that are distinct and separable stages in the single process from data to results and can be adapted to any subject in which investigations are responding to past history and are to influence future history *An Introduction to Bernard Lonergan* Peter Beer, 2009-01-01 Introduction to Lonergan's Insight William A. Stewart, 1996-01 This study provides an entry level introduction into the philosophical thought of Bernard J F Lonergan in particular to Lonergan's difficult text Insight It also provides a general introduction to philosophy through the medium of Lonergan's thought Basic philosophical problems are presented and following Lonergan responses are made to each problem under two headings of Position and Counter position Lonergan's view is put forth as the Position while differing or opposing views appear as Counter position Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late

nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

Lonergan's Discovery of the Science of Economics Michael Shute, 2010-01-01 Bernard Lonergan's economic writings span forty years and contain ideas that differ radically from those of his contemporaries His theory of macroeconomic dynamics was developed through the 1930s and 1940s culminating in the composition of *For a New Political Economy* 1942 and *An Essay in Circulation Analysis* 1944 In *Lonergan's Discovery of the Science of Economics* Michael Shute uses archival material in order to examine the influence of Lonergan's early work in methodology social philosophy and theology on the development of his economic theory Shute traces the development of Lonergan's economic ideas from the late 1920s to the publication of his significant economic works in the 1940s Together with its companion volume *Lonergan's Early Economic Research* this volume outlines the process behind one of the great intellectual discoveries of the twentieth century and uncovers Lonergan's framework for a genuine science of economics

The Ethics of Aquinas Stephen J. Pope, 2002 In this comprehensive anthology twenty seven outstanding scholars from North America and Europe address every major aspect of Thomas Aquinas's understanding of morality and comment on his remarkable legacy While there has been a revival of interest in recent years in the ethics of St Thomas no single work has yet fully examined the basic moral arguments and content of Aquinas major moral work the Second Part of the *Summa Theologiae* This work fills that

lacuna The first chapters of *The Ethics of Aquinas* introduce readers to the sources methods and major themes of Aquinas's ethics The second part of the book provides an extended discussion of ideas in the Second Part of the *Summa Theologiae* in which contributors present cogent interpretations of the structure major arguments and themes of each of the treatises The third and final part examines aspects of Thomistic ethics in the twentieth century and beyond These essays reflect a diverse group of scholars representing a variety of intellectual perspectives Contributors span numerous fields of study including intellectual history medieval studies moral philosophy religious ethics and moral theology This remarkable variety underscores how interpretations of Thomas's ethics continue to develop and evolve and stimulate fervent discussion within the academy and the church This volume is aimed at scholars students clergy and all those who continue to find Aquinas a rich source of moral insight
