A Un High Commibioner In Defence Of Human Rights:

A UN High Commissioner in Defence of Human Rights Bertie G. Ramcharan, 2005-02-01 In contemporary international relations the United Nations High Commissioner for Human Rights is a central actor promoting human rights laws and institutions within countries speaking out against gross violations of human rights integrating human rights into efforts for conflict prevention peacemaking peacekeeping peacebuilding development and humanitarian affairs The author exercised the functions of UN High Commissioner for Human Rights in a turbulent period involving the conflict in Iraq the conflict in Cote d'Ivoire and the crisis in Darfur Sudan In this unique work he tells the story of the role of the High Commissioner in leadership and advocacy crisis response diplomatic initiatives mainstreaming human rights and strengthening the Office of High Commissioner The texts of the principal reports referred to the essays contained in Part One are reproduced in Part Two offering the reader important insights into the reasoning the methods and the techniques used in the work of the High Commissioner This is the first book ever written by a serving High Commissioner in the history of the institution It is obligatory reading for all students and practitioners of human rights

A Concise Encyclopedia of the United Nations Helmut Volger, 2009-12-07 How can we approach the complex United Nations system a family of principal organs subsidiary organs and specialized agencies Where do we get summarizing information on the large number of reform concepts developed and implemented since the late 1990s in particular in connection with the UN World Summit 2005 The present book provides orientation and information It is the second updated English edition of the German Lexikon der Vereinten Nationen The book provides in addition to concise and comprehensive information on the UN system insight into recent UN developments and reform efforts in the face of global opportunities and challenges such as the Millennium Summit 2000 and World Summit 2005 and the establishment of important new UN organs the Human Rights Council and the Peacebuilding Commission in 2006 The contributing authors are academic scholars of international law economics and political sciences active and former diplomats and UN officials journalists and members of non governmental organizations NGOs and offer a variety of interesting perspectives The entries are provided with bibliographies and with Internet addresses for further information and are supplemented in the annex by an informative text on the UN document numbering system and by a list of information facilities concerning the UN This title was reviewed as essential highest category of recommendation by Choice Current Reviews for Academic Libraries in October 2010 A new edition of a mammoth 900 page plus encyclopedia covering every aspect of the United Nations and its work is now available in English in the United States Among its many useful features are exhaustive lists of those bewildering UN acronyms a key to decoding and thus knowing how to look for UN documents and a complete copy of the UN Charter The easy to use alphabetical order of entries makes it easy for schoolchildren and adults to navigate Barbara Crossette in *The InterDependent* 4 October 2010 www.theinterdependent.com This multidirectional compass is extraordinarily well researched and written It is a veritable research dream without which

no international collection could possibly be complete American Society of International Law Newsletter of the UN21 Interest Group January 2011 This is an update of the 2002 edition with articles contributed by a number of experts on the United Nations and international relations Entries are either wholly updated or the original article is updated with a signed addendum making the information current as of the end of 2008 Articles are very detailed and include copious references to other parts of the volume indicated with an arrow Most entries conclude with a bibliography of works useful for further research many of which are extensive reviews of the literature on a particular topic in multiple languages Entries range from overviews of the workings of the United Nations including budget membership rules and organization to more theoretical discussions of international law The book will be indispensable for any research university with faculty in international relations or law Summing Up Essential Graduate students and researchers faculty T Miller Michigan State University Review in October 2010 in Choice Current Reviews for Academic Libraries

The Ethics of Artificial Intelligence in Defence

Mariarosaria Taddeo, 2024-11-13 Mariarosaria Taddeo provides a systematic analysis of the ethical challenges that arise from the use of AI for national defence Her work builds a framework for the identification evaluation and resolution of these challenges with the goal of advancing relevant academic debate and informing the ethical governance of AI in defence

In Defense of Politicization of Human Rights Elvira Domínguez-Redondo, 2020-06-01 In Defense of Politicization of Human Rights The UN Special Procedures constitutes the first comprehensive study of the United Nations Special Procedures covering their history methods of work institutional status relationship with other politically driven organs and processes affecting their development Special Procedures have existed since 1967 nearly as long as United Nations Treaty Bodies but have received only fragmented analysis normally focused on a few thematic mandates until the creation of the Human Rights Council in 2006 In seeking to debunk commonly held views about the role of politics in human rights at international level In Defense of Politicization of Human Rights constitutes the first comprehensive study of the United Nations Special Procedures as a system covering their history methods of work institutional status relationship with other politically driven organs and processes affecting their development The perspective chosen to analyze the human rights mechanisms most vulnerable to political decisions determining their creation renewal and operationalization casts a new light on the extent to which these remain the cornerstone of global accountability in protecting the inherent dignity and worth of individuals as well as groups International human rights mechanisms efficiency is normally linked to the work of independent experts keen to push the boundaries of accountability against recalcitrant States determined to defend their sovereignty As a corollary progress in this field is associated to the creation and maintenance of political free spaces Another common presumption is a belief in a differentiated North versus South approach to the promotion and protection of human rights that find common ground within the prevalent human rights discourses repeated by governmental and non governmental actors Through the lenses of the United Nations Special Procedures In Defense of Politicization of Human Rights challenges these and other presumptions

informing doctrinal studies policies and strategies to advance international human rights Because of the Special Procedures growing salience and impact in the world of international human rights this book is likely to become required reading for any student or practitioner of international human rights The United Nations Principles to Combat Impunity: A Commentary Frank Haldemann, Thomas Unger, 2018-03-16 The fight against impunity has become a growing concern of the international community Updated in 2005 the UN Set of Principles for the Protection and Promotion of Human Rights Through Action to Combat Impunity is the fruit of several years of study developed under the aegis of the UN Commission on Human Rights and then affirmed by the Human Rights Council These Principles are today widely accepted as constituting an authoritative reference point for efforts in the fight against impunity for gross human rights abuses and serious violations of international humanitarian law As a comprehensive attempt to codify universal accountability norms the UN Set of Principles marks a significant step forward in the debate on the obligation of states to combat impunity in its various forms Bringing together leading experts in the field this volume provides comprehensive academic commentary of the 38 principles The book is a perfect companion to the document setting out the text of the Principles alongside detailed analysis as well as a full introduction and a guide to the relevant literature and case law The commentary advances debates and clarifies complex legal issues making it an essential resource for legal academics students and practitioners working in fields such as human rights international criminal law and transitional justice Human Rights and Personal Self-Defense in International Law Jan Arno Hessbruegge, 2016-12-13 While an abundance of literature covers the right of states to defend themselves against external aggression this is the first book dedicated to the right to personal self defense in international law Drawing on his extensive experience as a human rights practitioner and scholar Dr Hessbruegge sets out in careful detail the strict requirements that human rights impose on defensive force by law enforcement authorities especially police killings in self defense The book also discusses the exceptional application of the right to personal self defense in military led operations notably to contain violent civilians who do not directly participate in hostilities Human rights also establish parameters on how broad or narrow the laws can be drawn on self defense between private persons Setting out the prevailing international standards the book critically examines the ongoing trend to excessively broaden self defense laws It also refutes the claim that there is a human right to possess firearms for self defense purposes In extraordinary circumstances the right to personal self defence sharpens human rights and allows people to defend themselves against the state Here the author establishes that international law gives individuals the right to forcibly resist human rights violations that pose a serious risk of significant and irreparable harm At the same time he calls into question prevailing state practice which fails to recognize any collective right to organized armed resistance even when it constitutes the last resort to defend against genocide or other mass atrocities *International Peacekeeping: The Yearbook of International Peace Operations* Harvey Langholtz, Boris Kondoch, Alan Wells, 2004-11-01 International Peacekeeping is devoted to reporting upon and analyzing international

peacekeeping with an emphasis upon legal and policy issues but is not limited to these issues It is recognized that in today s world there is a wealth of information available from the internet and through other sources It is therefore the goal of this Yearbook to make this information available in one publication which both organizes and records events over the course of a year through analytical articles a chronicle primary documents and a bibliography Topics include inter alia peacekeeping peace war conflict resolution diplomacy international law international security humanitarian relief humanitarian law and terrorism The Yearbook is of scholarly quality but is not narrowly theoretical It provides the interested public diplomats civil servants politicians the military academics journalists NGO employees and serious citizens with a document of record comment and a starting point for further research on peacekeeping and related topics This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions and Reports of the UN Secretary General but also by expert commentaries on world events Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security Attention is focused not only on UN peacekeeping operations but other missions as well This Yearbook is the continuation of the journal International Peacekeeping

Research Handbook on Civil-Military Relations Aurel Croissant,David Kuehn,David Pion-Berlin,2024-04-12 Bringing together leading scholars from across the world this comprehensive Research Handbook analyses key problems subjects regions and countries in civil military relations Showcasing cutting edge research developments it illustrates the deeply complex nature of the field and analyses important topics in need of renewed consideration The Quest For A Just World Order Samuel S Kim,2019-07-11 In response to a growing sense of dissatisfaction with the state of the world and the state of international relations research Professor Kim has taken an alternative approach to the study of contemporary world politics Specifically he has adopted and expanded the cross cultural interdisciplinary and transnational approach developed by the World Order Models Project WOMP an enterprise committed to the realization of peace economic equality and well being social justice and ecological balance Systemic in scope and interdisciplinary in methodology The Quest for a Just World Order explains and projects the issues patterns and trends of world politics giving special attention to the attitudinal normative behavioral and institutional problems involved in the politics of system transformation Professor Kim also attempts to remedy a number of problematic features of traditional approaches including a value neutral orientation fragmentation and overspecialization overemphasis on national actors the superpowers and stability and the Hobbesian image of world politics Part 1 presents a conceptual framework for developing a normative theory of world order Each of the four chapters in Part 2 examines a specific global crisis in depth working within the framework laid out in Part 1 In Part 3 a variety of desirable and feasible transition strategies are proposed and Professor Kim assesses the prospects for achieving a just and humane world order system by the end of this century **A Handbook of Military Conscription and Composition the World Over** Rita J. Simon,Mohamed Alaa

Abdel-Moneim,2011-10-16 This book provides data on the main policies guiding military mobilization and structures It addresses the gender racial and political forces that shaped these policies

While this might not be the A Un High Commibioner In Defence Of Human Rights full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of A Un High Commibioner In Defence Of Human Rights eBooks, including some popular titles.

FAQs About A Un High Commibioner In Defence Of Human Rights Books

What is a A Un High Commibioner In Defence Of Human Rights PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a A Un High Commibioner In Defence Of Human Rights PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a A Un High Commibioner In Defence Of Human Rights PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a A Un High Commibioner In Defence Of Human Rights PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a A Un High Commibioner In Defence Of Human Rights PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
