Walking Toward Peace Cindy Ross, 2021-04-01 *Walking Toward Peace* shares the intimate stories of veterans who post deployment have wrestled with post traumatic stress disorder PTSD Through a process called ecotherapy spending time in nature to promote healing and mental health they have found new tools to deal with issues that have resulted from combat experiences survivor's guilt nightmares lack of trust depression hypervigilance thoughts of suicide and lack of purpose Some veterans profiled here have gone to extremes spending months on long distance expeditions like hiking the 3 100 mile Continental Divide Trail or canoeing the 2 320 mile Mississippi River For many others however brief excursions in the outdoors offer an opportunity for healing Author Cindy Ross examines current research and perspectives of professional therapists and provides information on organizations devoted to healing veterans in the outdoors Each featured veteran is depicted in an illustrated portrait Veterans share their stories frequently as they sit by a campfire describing wartime traumas and their present lives Through their collective voices what becomes clear is that anyone suffering from any form of PTSD may discover the powerful comfort and healing that can be found in the outdoors Chittagong Hill Tracts Long Walk to Peace & Development

Naba Bikram Kishore Tripura, CHT is a region of green hills blue sky and ethnic diversity located in the south eastern corner covering an area of 13 295 km² about 11% of the land area of Bangladesh home to 11 different small ethnic communities viz Chakma Marma Tripura Mru Tongchongya Bawm Lushai Khumi Kheyang Pankho Chak and also Bengali speaking mainstream people numbering nearly 1.6 million One fourth of the region is Reserve Forest about 322 331 hectares or 8 21 207 acres South Asia's largest man made lake Kaptai Lake is located here The main rivers are Karnaphuli Chengi Maini Sangu Kachalong Matamuhuri and Feni The CHT became part of the modern nation state system in late 19th century when it was declared a district within Bengal in 1860 The Bengal Government divided CHT into three circles on 1 September 1881 the Chakma the Bohmong and the Mong circle Now CHT consists of three hill districts Rangamati Khagrachari and Bandarban 26 sub districts 7 municipalities 121 unions 375 mouzas and 4 811 paras or villages The Ministry of Chittagong Hill Tracts Affairs was formed on 15 July 1998 as the direct outcome of the Peace Accord Among the Ministries Divisions of Government of Bangladesh it is the only Ministry which is territorial in nature The principal mandate of this Ministry is to oversee and coordinate all administrative and development programs in three hill districts Recently the vision of the ministry has been articulated as Peaceful and Prosperous Chittagong Hill Tracts while the mission is to ensure political social educational and economic rights of the people living in Chittagong Hill Tracts region through implementation of welfare oriented programs The implementation of Peace Accord through a process also comes under the purview of this ministry With ups and downs hopes and despair the bloody insurgency that started in Chittagong Hill Tracts after the brutal assassination of Bangabandhu in 1975 continued for about twenty one years After prolonged efforts by all concerned and series of negotiations by successive governments finally an accord was signed in Dhaka on 2 December 1997 raising the hope

of much coveted peace in the hills Prime Minister Sheikh Hasina's political wisdom and farsightedness paid dividends Even before coming to power in 1996 she indicated a desire to reverse the chain of injustice done to the hill people Unlike others she realized from the very beginning that such conflict cannot be resolved by military force rather a political solution is needed to be approached to end the armed conflict Since the end of the Cold War hundreds of agreements including about 40 comprehensive peace accords have been signed by combatants engaged in armed conflicts around the world Many have since collapsed into violent confrontation some have been followed by stalemate economic struggle and crime while others have resulted in lasting peace A UN study shows that 6 out of 10 conflict situations have a tendency to relapse to conflict because of the failure of the peace process Peace building seeks to prevent future conflict and to address the root causes of conflict which is a complex process that takes place over a long time following the formal end of the conflict Furthermore peace building is the product of initiatives and undertakings by a range of stakeholders who play roles in the process of consolidating peace Peace building takes place from the grass roots level to the highest level of government and requires efforts and actions by internal and external actors providing support to the peace building processes The then UN Secretary General Boutros Boutros Ghali in his famous report An Agenda for Peace introduced the concept of post conflict peace building Boutros Ghali defines post conflict peace building as action to identify and support structures which will tend to strengthen and solidify peace in order to avoid a relapse into conflict In case of CHT the first two phases of the peace process negotiation and cessation of hostilities are over It is now in the second stage where peace building moves from a transition phase to a consolidation phase The status of CHT Peace Accord is in the final phase i.e. in the consolidation phase We have successfully completed the previous stages and the phases Now the main task is to consolidate the peace building Despite occasional threats and bullies by some regional parties there is virtually no chance to relapse to conflict in CHT The CHT Peace Accord is unique in the sense that it was concluded and also being implemented without any international intervention Bangladesh is perhaps the only country in the world that managed to solve the complicated internal conflict without intervention by a third party Implementation of any such accord is a long term political process dependent on parallel political economic and social reconstruction Peace building is a holistic process inseparable from sustained democratization security and socio economic development The whole process may take long time even a generation Parties to the agreements have to have patience and fortitude On 10 February 2016 hon ble Prime Minister Sheikh Hasina while answering to a question of Mr Ushaton Talukder MP gave a statement in the Parliament which has been translated into English in this booklet with annexures that gives a clear picture of the status of implementation of the Peace Accord and government's efforts for the overall development of CHT It may be mentioned here that on 10 February 1998 the members of Shanti Bahini armed wing of PCJSS surrendered their arms at Khagrachari Stadium Mr J B Larma alias Shantu Larma the leader of PCJSS surrendered his arms to Prime Minister Sheikh Hasina It was a turning point in the annals of the history of Chittagong Hill

Darkness to Light Swami Ishwarananda, 2020-02-01 According to the Upanishads the body is a temple and the one residing in it is the Lord Himself Humans have endeavored to replicate this message through the construction of temples The heart is the cave where the soul dwells and the cave is the temple s sanctum sanctum where the deity resides in darkness and stillness In all faiths light is the archetype of transcendence In the temple it is only with the light of the lamp purposefully raised that the magnificent presence of God is revealed In us God is discovered with the light of knowledge when it floods the cave it banishes the darkness illuminating and making the unknown gloriously known What is this light What does it disclose How is it attained With gratitude and humility Darkness to Light provides answers and makes suggestions This book is a humble offering of gratitude at the feet of the great master Pujya Gurudev Swami Chinmayananda founder of Chinmaya Mission who has ignited the spark in the hearts of seekers worldwide
