A World Of Luck:

Luck's Mischief Ishtiyaque Haji, 2016-01-14 Something is subject to luck if it is beyond our control In *Luck's Mischief* Haji argues that owing frequently to precluding our being able to otherwise luck limits both the range of what is morally obligatory for us and things for which we are morally responsible

Grand Cosmos T D North, 2024-05-13 Mason and his team have begun settling the world after the arrival of the tutorial goers and now must bring the world under control and protect it from the most dangerous enemies the hunters Then begin exploring the wider cosmos and all while keeping his allies safe He has made many great friends and knows that they will be integral to the operation of his new world order This is a Litrpg with crunchy aspects and a unique leveling system

Aspects of Agency Alfred R. Mele, 2017-04-03 The libertarian theory of free will combines a negative thesis and a positive thesis The negative thesis is that free will is incompatible with determinism The positive thesis is that there are actions that involve exercises of free will free actions for short While remaining neutral on this negative thesis *Aspects of Agency* develops a detailed version of the positive thesis that represents paradigmatically free actions as indeterministically caused by their proximal causes and pays special attention to decisions so instigated The bulk of Mele's work is a masterful defense of a positive libertarian thesis against objections to theses of its kind *Aspects of Agency* includes solutions to problems about luck and control that are widely discussed in the literature on free will and moral responsibility The seven chapters on free will are preceded by an introductory chapter and three chapters on central issues in the philosophy of action that bear on standard treatments of free will deciding to act agents abilities and commitments of a causal theory of action explanation

How to Know Stephen Hetherington, 2011-03-08 Some key aspects of contemporary epistemology deserve to be challenged and *How to Know* does just that This book argues that several long standing presumptions at the heart of the standard analytic conception of knowledge are false and defends an alternative a practicalist conception of knowledge Presents a philosophically original conception of knowledge at odds with some central tenets of analytic epistemology Offers a dissolution of epistemology's infamous Gettier problem explaining why the supposed problem was never really a problem in the first place Defends an unorthodox conception of the relationship between knowledge that and knowledge how understanding knowledge that as a kind of knowledge how
