AD National Post,2000 **AD** Christopher Howse,1999 To mark the millennium The Daily Telegraph ran a glossy 6 part serial on the history of Christianity in the belief that an understanding of our Christian heritage was essential to comprehending what the Millennium was about This work collects these illustrated articles **World Christian Trends Ad30-ad2200 (hb)** ,2001 **It Can Happen Here** George E. Lowe,2001-03-21 *The Church of England 1688-1832* Dr William Gibson,William Gibson,2012-10-12 A wide ranging new history of a key period in the history of the church in England from the Glorious Revolution of 1688 89 to the Great Reform Act of 1832 This was a tumultuous time for both church and state when the relationship between religion and politics was at its most fraught This book presents evidence of the widespread Anglican commitment to harmony between those of differing religious views and suggests that High and Low Churchmanship was less divergent than usually assumed *Spent Matches* Roy Moran,Refraction,2015-07-07 *Spent Matches* explores the possibility that a few small paradigm shifts within the church might make the difference between extinction and effectiveness In fact taking a clue from the automobile industry the church might be able to not only halt the rapid decay in attendance but also become an effective tool in achieving Jesus final command For instance the Hybrid car has become the answer to Detroit s environmental and oil crisis issues Finding the synergy between two technologies gas and electric has created a new day for the auto industry Likewise *Spent Matches* explores how the church can find synergy between two seemingly competing thoughts an invitation to come and a command to go The Hybrid metaphor brings energy to the church s mission and an explanation to the age old argument of Missional versus Attractional methods Features include Innovative ideas for growing the church Methods to reach those who may never have attended church Scripture passages that touch on the subject of church growth **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office,2009 *World Christianity and the Unfinished Task* F. Lionel Young, III,2021-03-15 This book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about In 1900 more than 80 percent of the world s Christians lived in Europe and North America and nearly all of the world s missionaries were sent out from the West to the rest In a dramatic turn of events Christianity experienced a decidedly Southern shift during the twentieth century Today nearly 70 percent of the world s 2.5 billion Christians live in Africa Asia and Latin America while nearly half of all missionaries are being sent out into all the world from places like Brazil Ethiopia and South Korea This book is intended to change the way readers think about the church and challenge the way the Western Christians engage in contemporary missions *Christianity in Eurafrica* Steven Pass,2016-10-01 Christianity in Eurafrica is an impressive book meticulously researched and well written by a professional scholar The first chapter includes some valuable historiographical guidelines for writing and understanding the History of the Church In its first part the book traces the history of the Church in the Middle East and Europe explaining the roots of theological diversity to this day In the
