

The Proverbs 31 Woman

A woman of noble character who can find?

She is worth far more than rubies. Her husband has full confidence in her and lacks nothing of value. She brings him good, not harm, all the days of her life. She selects wool and flax and works with eager hands.

She is like the merchant ships, bringing her food from afar.

She gets up while it is still night; she provides food for her family and portions for her female servants. She considers a field and buys it; out of her earnings she plants a vineyard.

She sets about her work vigorously; her arms are strong for her tasks. She sees that her trading is profitable, and her lamp does not go out at night. In her hand she holds the distaff and grasps the spindle with her fingers.

She opens her arms to the poor and extends her hands to the needy. When it snows, she has no fear for her household; for all of them are clothed in scarlet.

She makes coverings for her bed; she is clothed in fine linen and purple. Her husband is respected at the city gate, where he takes his seat among the elders of the land.

She makes linen garments and sells them, and supplies the merchants with sashes. She is clothed with strength and dignity; she can laugh at the days to come. She speaks with wisdom, and faithful instruction is on her tongue. She watches over the affairs of her household and does not eat the bread of idleness.

Her children arise and call her blessed; her husband also, and he praises her: "Many women do noble things, but you surpass them all." "Charm is deceptive, and beauty is fleeting; but a woman who fears the Lord is to be praised. Honor her for all that her hands have done, and let her works bring her praise at the city gate.

Woman of Virtue Susan Brackley, 2014-09-29 What is a virtuous woman Times have changed Have God's answers expired over time Is God's design for women the same as it was years ago Has God changed His definition of virtue How does the detailed description of godly virtue in Proverbs 31 apply to the twenty first century Woman of Virtue is a detailed exposition of Proverbs 31 it is designed to unfold the scriptures that clearly answer these questions as well as help us apply them to our everyday lives In a world where the destructive influences of the feminist movement are creeping into the church Christian women need to be aware of what God teaches concerning His good design for them Contrary to popular belief and sadly even some opinions within Christendom feminism has not helped or improved God's original design for women In fact feminism and God's truth are diametrically opposed they are polar opposites Feminism is Satan's cheap counterfeit of God's good intention for women God is not silent throughout scripture concerning His plan for women marriage and the family He holds each of us accountable to learn trust and apply what He has ordained God's design for women still applies to us today just as much as it did when He created us uniquely for our role in the world God wants believers to know what a virtuous God fearing honest modest righteous and hard working woman is right now in the twenty first century

A Woman of Virtue Liz Carlyle, 2001-09-16 From the grandeur of regency Mayfair to the dark danger of London's East End Liz Carlyle sweeps you away with a powerful story of a love born against all odds as an honorable young widow stands fast against the cynical rogue who seems determined to consume her heart and soul In the lonely months since her husband's death Cecilia Lorimer has hidden her emptiness by devoting herself to a charity mission for the unfortunate women of London's slums But when the dashing Lord Delacourt takes control she feels an uncharacteristic urge to flee Just six years earlier Delacourt had proven himself to be the immoral rake society called him nearly ruining her reputation in the bargain It's whispered that the womanizing Delacourt is vain vindictive and merciless But he's a man who honors his wagers and one result lands him in his brother in law's godforsaken mission face to face with the woman who has long haunted his dreams When treachery closes in only he knows how to guard Cecilia from the consequences of her own principles Can a profligate knave persuade a virtuous woman that he is worthy of her trust and her

love A Virtuous Woman Proverbs 31:30 Ministry,2014-10-01 The Journey To Becoming A True Woman Of Virtue Velyn Cooper,2011-04-16 The journey to becoming a true woman of virtue is a life long process This process entails many and varied experiences When these experiences are used as learning tools they allow us to develop and mature into the persons God created us to be Sometimes situations make us question whether or not we are in the will of God or are living righteous lives What we must come to understand is that the journey to becoming a true woman of virtue has many obstacles and it is the woman who endures to the end who will definitely accomplish this goal and be a positive role model for others to follow When the journey gets tough don t give up look up *The Virtuous Woman Revisited* Dennis Antwi-Agyei,2024-06-05 THE VIRTUOUS WOMAN REVISITED The virtuous woman is a very popular concept in the Bible found in Proverbs 31 10 31 Interestingly it was taught by a woman to her son who is a king Many have ignorantly used this concept to foster some traditional beliefs and concepts that placed heavy restrictions on women in terms of personal development and empowerment relegating the concept of virtuous womanhood to domestic skills of being able to care for the home raise children and take care of the husband People who tend to frown against the idea are seen as taking undue advantage of civilization and modernization They therefore insist that a virtuous woman must remain bound by the societal stereotypes which have been for a very long time However a careful explanation of the scriptures in Proverbs 31 will reveal to us how those stereotypes do not have a standing with the word of God and according to the scriptures virtuous womanhood transcends greatly domestic responsibility There have been a lot of wonderful books written about the virtuous woman and virtuous womanhood however not many of them have set out to address the issue of stereotypes and traditional virtues unnecessarily required for the woman to be seen as a virtuous woman This gap is what this book seeks to address not just another book adding to the lots of material on virtuous womanhood The virtuous woman revisited is a highly inspirational material and a great eye opening on the concept of virtuous womanhood In this book we seek to explore the concept of virtuous womanhood in the modern context and setting the stage for reexamining traditional virtues and their relevance in our world today It will look in depth beyond stereotypes and societal expectations focusing on deconstructing stereotypes associated with virtuous womanhood and defining true virtue in a way that aligns with personal growth and development Looking into the strength in Character focusing on building a foundation of integrity by exploring the core virtues of integrity honesty and authenticity and how these virtues contribute to personal and relational wellbeing The need to nurture the inner self cultivating self respect and self care will be thoughtfully examined The importance of self respect and its impact on mental and emotional health will be well elucidated upon and practicing self care as a means to nurture the inner self Wisdom and empowerment in developing a balanced mind would be examined with emphasis on the importance of integrating wisdom and knowledge in decision making and also overcoming challenges through critical thinking and emotional intelligence We shall explore how meaningful relationships are forged by love and compassion with focus on the

roles they play in building strong relationships navigating conflicts and fostering empathy in various spheres of life Creativity and purpose unleashing talents and finding fulfillment will also be examined by identifying and utilizing personal talents and creativity and pursuing passion finding purpose in everyday life The need to be courageous in times of adversity will be explained as we have to embrace the challenges that come with faith by understanding the virtue of courage and its application during difficult times drawing strength from faith resilience and personal growth A virtuous woman makes an impact and leaves a legacy of shaping the world through virtuous actions this will be examined by examining practical steps by which a woman can make positive impacts on their communities and leaving lasting legacies through acts of kindness leadership and service
