A M Klein The Story Of The Poet:

A.M. Klein Zailig Pollock,1994-12-21 Modernism offered Klein freedom for personal exploration and artistic expression but the rootlessness implicit in modernism repelled him The Modern Jewish Canon Ruth R. Wisse,2001-01-19 What makes a great Jewish book What makes a book Jewish in the first place Ruth R Wisse one of the leading scholars in the field of Jewish literature sets out to answer these questions in The Modern Jewish Canon Wisse takes us on an exhilarating journey through language and culture penetrating the complexities of Jewish life as they are expressed in the greatest Jewish novels of the twentieth century from Isaac Babel to Isaac Bashevis Singer from Elie Wiesel to Cynthia Ozick The modern Jewish canon Wisse proposes comprises those books that convey an experience of Jewish actuality those in which the authors or characters know and let the reader know that they are Jews for better or worse Wisse is not content merely to evaluate the great books of Jewish literature she also links the works together to present a new kind of Jewish history as it has been told through the literature of the past hundred years She tells the story of a multilingual multinational people one that has experienced an often turbulent relationship with Hebrew the liturgical and scriptural language and Yiddish the commonplace vernacular tongue as well as with the numerous languages spoken by Jews around the world Wisse insists that language informs the essential meaning of a Jewish work creating and ratifying political and religious alliances historical and cultural circumstance and methods of interpretation Drawing from a broad sweep of twentieth century Jewish fiction Wisse reintroduces us to the deeper side of much beloved books that remain touchstones of Jewish identity Through her eyes we reencounter old friends including Tevye the Dairyman from Sholem Aleichem s landmark Yiddish stories the character on whom Fiddler on the Roof is based Joseph K of Kafka s The Trial who without having done anything wrong was famously arrested one fine morning Anne Frank whose poignant diary has shaped the way we think about the Holocaust Nathan Zuckerman the enigmatic narrator of numerous Philip Roth novels Destined to be a classic in its own right one that reshapes the way we think about some of the classic works of the modern age The Modern Jewish Canon is a book for every Jewish reader and for every reader of great fiction Selected Poems A.M. Klein,1997-12-15 Throughout his career A M Klein struggled to define for himself the role of the poet in the contemporary world Deeply rooted in the traditions of Judaism and at the same time powerfully attracted by the freedom and scope of international modernism he sought to reconcile past and present community and creative individuality Whether or not he finally achieved his own high aims it was in his own words something merely to entertain them The result was a body of work immensely rich and varied in tone language cultural resonance This collection of eighty four poems offers a representative sampling of Klein s finest poetry while taking into account the changing critical discourse of the last fifty years Anyone interested in experiencing the full range of Klein s poetic achievement or in understanding the complex nature of the poet need look no further than this eminently readable volume *The Second Scroll* Abraham Moses Klein,2000-01-01 First published in 1951 *The Second Scroll* is the only novel

by A M Klein a complex work rich with biblical talmudic kabbalistic and literary allusions This scholarly edition annotates and restores the text to Klein s original vision *A.M. Klein: Complete Poems* A.M. Klein,1990-12-15 It is for his poetry that A M Klein is best known and most warmly remembered This collection includes all Klein s poetry both original works and translations from Hebrew Yiddish Aramaic and Latin Many of them coming from all periods of his careers have never been published The poems are arranged chronologically according to date of composition This makes possible for the first time an appreciation of Klein s poetic development The editor s introduction places this development in the perspective of Klein s life and time and in particular explores Klein s lifelong struggle to reconcile his dual vocations as both a Jewish and a modernist writer The textual apparatus identifies all authoritative versions for each poem and lists all emendations and all substantive variants in both published and manuscript versions The explanatory notes gloss obscure terms and references They also provide a rich context for appreciation and interpretation by drawing connections with Klein s life his wide reading and his work as a whole Wherever possible Klein s own numerous but scattered comments on his poems have been cited **A.M. Klein The Letters** A.M. Klein,2011-12-10 In the final volume of the Collected Works of A M Klein Elizabeth Popham completes the process of restoring the public voice of one of Canada s most respected authors A M Klein The Letters is the first compilation of a significant body of Klein s correspondence Using his communications to construct a compelling narrative Popham traces Klein s career from his apprenticeship to great critical success and his tragically premature silence The content of Klein s letters gives new resonance to his works most notably to his critically acclaimed novel *The Second Scroll* 1951 and his Governor General Award winning *The Rocking Chair and Other Poems* 1948 In his exchanges with publishers and scholars Klein glosses his own writing and argues for the integrity of his poetic vision Samplings of his correspondence with Seagram s Distilleries clarify Klein s controversial role as ghost writer and PR consultant for Sam Bronfman A valuable resource for understanding Canadian literary modernism diasporic Judaism and the culture of Montreal *A M Klein The Letters* is a remarkable portrait of an important Canadian literary figure of the twentieth century *The Second Scroll* Abraham Moses Klein,1982 Written soon after the founding of the state of Israel *The Second Scroll* is A M Klein s most innovative and visionary work The five books of the novel are a modern testament of Jewish experience to which are appended glosses or commentaries in the form of drama epistle poetry and psalm The action centres on a young writer from Montreal whose search for his legendary Uncle Melech becomes a journey of revelation through Italy Morocco and the Holy Land Dissident and exile reformer and scholar Melech is a messianic figure who enacts the destiny of his people and embodies the spiritual yearnings of everyman *The Second Scroll* Klein s only novel combines the lyric genius of his poetic works with compelling reportage to create one of the most eloquent and original works in Canadian fiction *Encyclopedia of Post-Colonial Literatures in English* Eugene Benson,2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures

of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Canadian Literature in English** W. J. Keith, 2006 W J Keith has chosen to ignore utterly both the popular at the one extreme Robert Service Lucy Maud Montgomery as well as the avant garde at the other bpnichol Anne Carson in favour of those authors whose style lends itself to the simple pleasure of reading and to that end Keith dedicates his history to all those including those of the general reading public whose endangered status is much lamented who recognize and celebrate the dance of words Canadian Readings of Jewish History Daniel Maoz, Esti Mayer, 2023-03-11 This book takes the reader through a genealogical embodied journey explaining how our historical context through various expressions of language culture knowledge pedagogy and power has created and perpetuated oppression of marginalised identities throughout history The volume is in essence a social justice initiative in that it shines a spotlight on elitist forms of knowledge and their attached privileged protectors As such the reader will unavoidably reflect on their own pre conceived meanings and culturally inherent notions while engaging with these pages and in so doing open a third space where new forms of knowledge that may transcend time and space can evolve into endless possibilities It is these possibilities of expanding the nuanced meanings of evolving knowledge fluid lifestyles and of a dynamic connection to humanity and God which make this book contextually relevant in our post modern landscape It un situates philosophies which have traditionally been unknowingly situated and in so doing propels the reader to re interpret discourse and recreate taken for granted universal truths
