Dr Flegg writes It is a daunting task to revise the bird book on which you cut your teeth it is the surest measure of the man who wrote it that what is needed after thirty odd years is an updating and not a sweeping revision Among James Fisher s deservedly popular writings Watching Birds was probably the most read and consulted After several reprints published by Penguin Books he planned to re write it and it is wholly appropriate that the work should now be done by Dr Flegg who like the original author has done much to help arouse and stimulate a widening interest in watching and understanding the life and world of birds It is an indication of that interest today that radio and TV programmes in which Dr Flegg has frequently participated have audiences of millions Such numbers are hardly surprising since few leisure activities offer as effective or as gratifying an antidote to the pressures of modern life as birdwatching and few can be as readily and inexpensively pursued at almost any time anywhere Watching Birds has been an introduction and an item of basic equipment to tens of thousands of birdwatchers in the past and this new and revised edition is assured of an even wider audience Jacket colour photograph by Jim Flegg

RSPB Handbook of British Birds Peter Holden, Richard Gregory, 2021-01-21 The bestselling RSPB Handbook of British Birds is the most comprehensive reference for birdwatchers of all levels of interest and experience Now in its fifth edition it remains the most accessible field guide to more than 300 bird species likely to be encountered in Britain and Ireland Alongside artworks depicting all common plumages the detailed text describes each bird s behaviour habitat voice breeding biology longevity and seasonal movements as well as other useful information The guide also includes UK population trends and up to date distribution maps Completely revised and updated this fifth edition also features new artwork and comparison spreads additional rarities and the most recent taxonomic order as well as each species conservation status a summary of the threats UK species are currently facing and details of what conservationists are doing to help A new lay flat binding has also been used creating easier access to the species accounts at home or in the field
