On 17 July 1904 an intimate group of like minded gentlemen sat down to dinner in London s Great Central Hotel They were united by one shared interest a fascination with crime and the workings of the criminal mind This meeting occurring in the golden age of literary dinners and good fellowship marked the birth of the Crimes Club a concept that quickly developed into a professional and academic society boasting members of the legal and literary elite with Sir Arthur Conan Doyle creator of Sherlock Holmes and gregarious bon viveur at its heart Until now the

exclusive nature of the club meant that little has been divulged about these aficionados of murder but Conan Doyle and the Crimes Club gives readers a thrilling insight into the previously veiled lives of these celebrated men of the time Recounting their detective investigations spying escapades and criminous journalism that no doubt inspired Doyle's own literary feats Stephen Wade explores all manner of criminal activities that were examined and discussed by the club ranging from wives buried in basements to bodies cast into the River Thames and lovers poisoned with arsenic A lively and compelling read Conan Doyle and the Crimes Club provides a unique window into the Edwardian clique of criminologists and gentleman sleuths Welcome to the club Illustrations 30 black and white photographs

On Crimes and Punishments Cesare Beccaria, 2016-10-31 Cesare Beccaria's influential Treatise on Crimes and Punishments is considered a foundational work in the field of criminology Three major themes of the Enlightenment run through the Treatise the idea that the social contract forms the moral and political basis of the work's reformist zeal the idea that science supports a dispassionate and reasoned appeal for reforms and the belief that progress is inextricably bound to science All three provide the foundation for accepting Beccaria's proposals It is virtually impossible to ascertain which of several versions of the Treatise that appeared during his lifetime best reflected Beccaria's thoughts His use of many Enlightenment ideas also makes it difficult to interpret what he has written While Enlightenment thinkers advocated free men and free minds there was considerable disagreement as to how this might be achieved except in the most general terms The editors have based this translation on the 1984 Francioni text the most exhaustive critical Italian edition of *Dei delitti e delle pene* This edition is the last that Beccaria personally oversaw and revised This translation includes an outstanding opening essay by the editors and is a welcome introduction to Beccaria and the beginnings of criminology

Autobiographical Writing by Early Modern Hispanic Women Elizabeth Teresa Howe, 2016-04-08 Women's life writing in general has too often been ignored dismissed or relegated to a separate category in those few studies of the genre that include it The present work addresses these issues and offers a countervailing argument that focuses on the contributions of women writers to the study of autobiography in Spanish during the early modern period There are indeed examples of autobiographical writing by women in Spain and its New World empire evident as early as the fourteenth century *Memorias* penned by Doña Leonor López de Córdoba and continuing through the seventeenth century *Cartas* of Sor Juana Inés de la Cruz What sets these accounts apart the author shows are the variety of forms adopted by each woman to tell her life and the circumstances in which she adapts her narrative to satisfy the presence of male critics whether ecclesiastic or political actual or imagined who would dismiss or even alter her life story Analyzing how each of these women viewed her life and conversely how their contemporaries both male and female received and sometimes edited her account Howe reveals the tension in the texts between telling a life and telling a lie

Crimes Against Nature Karl Jacoby, 2014-02-22 This Study of the Early American conservation movement reveals the hidden history of three of the nation's first parks the Adirondacks Yellowstone and the Grand Canyon Karl Jacoby traces the effects that the

criminalization of such traditional rural practices as hunting fishing and foraging had on country people in these areas Despite the presence of new environmental regulations poaching arson and timber stealing became widespread among the Native Americans poor whites and others who had long relied on the natural resources now contained within conservation areas Jacoby reassesses the nature of these crimes providing a rich and multifaceted portrayal of rural people and their relationship with the natural world in the late nineteenth and early twentieth centuries Crimes against Nature includes previously unpublished historical photographs depicting such subjects as poachers in Yellowstone and a Native American squatters camp at the Grand Canyon This study demonstrates the importance of considering class for understanding environmental history and opens a new perspective on the social history of rural and poor people a century age Jacket of 2001 edition *Gangsters, Swindlers, Killers, and Thieves* Lawrence Block, 2004-05-13 Presents a gallery of fifty of America's most notorious criminals from colonial times through the twentieth century with profiles of such outlaws as John Wilkes Booth Jesse James Bonnie Parker and Ted Bund
