Au Vent Mauvais:

The Appreciation of Modern French Poetry (1850-1950) Peter Broome, Graham Chesters, 1976-07-15 A companion volume to An anthology of modern French poetry 1850 1950 edited by P Broome and G Chesters T. S. Eliot: A Voice Descanting Shyamal Bagchee, 1990-06-18 Using a variety of approaches from the traditional to the post modern this volume brings together essays by 14 scholars who examine T S Eliot s poetry and criticism These essays were written and edited on the occasion of Eliot s birth centenary **The Unknown Lady** Justus Miles Forman, 1911 **Paul Verlaine** Paul Verlaine, 2020-01-10 Crowned Prince of Poets in his later years Paul Verlaine stands out among the iconoclastic founders of French modernist verse This diglot anthology offers the most comprehensive selection of Verlaine s poetry available in English translation Verlaine s famous works are presented here alongside poems never previously translated into English including neglected political works and prison pieces only recently brought to light which reveal social homoerotic and even pornographic inspirations The poems are organized not by collections and date of publication but by themes and time of composition This innovation along with Valazza s extensive supporting materials will help the curious student or scholar explore the master poet s work in the context of his troubled life from the beginning of his literary career among the Parnassians to his affair with Rimbaud and the end of his marriage his time in prison and his bohemian lifestyle up to his death in 1896 Verlaine the poet of ambiguity has always been a challenge to translate Rosenberg expertly crafts language that privileges the musicality of Verlaine s verse while respecting each poem s meaning and pace Featuring 192 poems in French with English translations this collection will appeal to scholars and poetry enthusiasts alike *Ainslee's*, 1914

Degeneration Max Simon Nordau, 1895 **Degeneration** Max Nordau, 2018-09-21 Reproduction of the original Degeneration by Max Nordau **Degeneration** Nordau, 1895 *The Modern Language Quarterly*, 1903

Degeneration Max Simon Nordau, 2022-11-21 In *Degeneration* Max Simon Nordau presents a provocative exploration of societal decay at the turn of the 20th century drawing upon a vast array of scientific sociological and literary references to construct his argument Through a critical lens Nordau examines contemporary art particularly the Symbolist and Decadent movements which he argues reflect a cultural decline driven by moral laxity and a disconnection from reality His style is both polemical and deeply analytical employing vivid imagery and incisive commentary making the text a notable artifact within the socio cultural discourse of his time Nordau a prominent figure in the late 19th century intellectual landscape was influenced by the fervent debates surrounding morality progress and cultural identity As a physician and philosopher he possessed a unique perspective that combined medical science with societal critique allowing him to articulate the perceived dangers of a declining moral compass His Jewish heritage and position as a cultural commentator also fueled his discomfort with the rampant materialism and nihilism of the era For readers of social and cultural criticism *Degeneration* serves as a compelling invitation to reflect upon the forces shaping modern civilization By illuminating the challenges posed by artistic

movements and societal trends Nordau's work remains relevant in contemporary discussions about cultural identity morality and the responsibilities of artists in society This text is essential for anyone seeking to understand the complex interplay between art culture and the human condition
