Compiled, Translated, and Edited by Arvid Paulson** August Strindberg, 1968 *Selected Poems of August Strindberg* Lotta M. Löfgren, 2002 August Strindberg 1849-1912 was one of the great innovators of modern drama as well as a novelist poet and master of the Swedish language In this collection *Selected Poems of August Strindberg* editor and translator Lotta M. Löfgren has chosen poems from all three volumes of Strindberg's verse Poems in Verse and Prose Sleepwalking Nights on Awake Days and Word Play and Minor Art to illustrate to the English speaking reader the development strengths and versatility of Strindberg the poet Löfgren explains Although August Strindberg is internationally acknowledged as a pioneering realist expressionist and surrealist playwright his poetry is still relatively unknown outside Sweden The only English translation of his poems to date is the 1978 translation of Sleepwalking Nights by Arvid Paulson that gives an incomplete and misleading picture of Strindberg's poetry Löfgren's translation seeks to correct that picture Strindberg's stature as a dramatist alone may be adequate justification for offering a translation of his verse but his poetry stands well on its own All three volumes broke new ground and paved the way for younger generations of poets Löfgren hopes that her translation will not only introduce Strindberg's verse to English speaking readers but will also inspire other scholars to revisit his poetry and give it the attention it deserves *Selected Poems of August Strindberg* received the American Scandinavian Foundation's Translation Prize *Plays by August Strindberg, Fourth Series* August Strindberg, 2023-10-21 August Strindberg's *Plays by August Strindberg Fourth Series* is a collection of thought provoking and intense plays that showcase his innovative theatrical style Known for his naturalistic approach and psychological depth Strindberg delves into themes of marriage societal norms and human nature with raw honesty and complexity The plays included in this collection offer a window into the tumultuous relationships and inner turmoil of the characters inviting readers to reflect on the darker aspects of love and power dynamics August Strindberg a prominent Swedish playwright was a key figure in the development of modern drama His own struggles with personal relationships and mental health greatly influenced his work leading him to create a body of plays that challenge conventional theatrical conventions and push boundaries of storytelling *Plays by August Strindberg Fourth Series* is a testament to Strindberg's genius and his ability to capture the complexities of the human experience with depth and nuance I highly recommend *Plays by August Strindberg Fourth Series* to readers who appreciate bold and thought provoking drama This collection is a must read for those interested in exploring the psychological depths of human relationships and the impact of societal expectations on individual behavior **An International Annotated Bibliography of Strindberg Studies 1870-2005: General studies** Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known These include his prose fiction and poetry his work as an

Locating August Strindberg's Prose Anna Westerståhl Stenport,2010-01-01 The setting of a novel is more than just an anonymous interchangeable backdrop In Locating August Strindberg's Prose Anna Westerståhl Stenport argues that spatial setting is a key though often neglected tool for exploring the fundamentals of European literary modernism Stenport examines the importance of location by exploring the prose of Swedish exile August Strindberg 1849 1912 challenging previous studies of the author that have focused on identity and subject formation Strindberg wrote in both Swedish and French situating his stories in various places across Europe from Berlin to the French countryside the Austrian Alps and Stockholm to purposely destabilize concepts of national belonging language and literary history Close readings of Strindberg's prose find that his boundary challenging narratives redefine and rewrite the meaning of a marginal literary identity By contextualizing Strindberg against other early modernists including Kafka Conrad Rilke and Breton Stenport emphasizes the burgeoning transnationality of literature at the turn of the last century
