Altus Adventum 2nd Edition Rulebook Roderic Waibel, *Machinations of the Space Princess (Monochrome)* James Desborough, 2018-06-29. Machinations of the Space Princess is a Science Fantasy role playing game. That means it's very much about style over substance, mixing science fiction, magic and psionics in a game world that owes much more to Metal Hurlant and Star Wars than it does to 2001 or Bova's Grand Tour. This is a game of strangeness and fun of space pirates and beautiful alien princesses of living planets and robot hordes of blasters at noon. This is Sexy sleazy swords and sci-fi. A full game combining old and new school thinking, packed with GM and player advice and with simple tools for creating your own monsters, adversaries, weapons, armour, ships and alien races.
