Attribution And Social Interaction The Legacy Of Edward E Jones:

Attribution and Social Interaction John M. Darley, Joel Cooper, 2009 When we perceive others we do so not as disinterested scientists but as perceivers of our own selves When we interact with others we do so with some image of their personality and we guide our interactions in light of that image What determines a naive observer's causal inferences for personality and behavior The work of Edward E Jones an eminent social scientist examined that question and began a new era in attribution theory that has expanded exponentially to the present day This book commemorates the ideas and theoretical advances of this social psychologist Prominent scholars build on Jones's research themes in a collection that links hypotheses to social problems research to practical implications The authors each beginning with Jones's seminal contribution trace the achievements and unresolved issues of the subfield of person perception and attribution theory The volume is intended to inspire contemporary and future social psychologists leading to new insights into how ordinary people self present understand their own and others behavior and engage and interact with others PsycINFO Database Record c 2004 APA all rights reserved

Attribution and Social Interaction Edward Ellsworth Jones, John M. Darley, Joel Cooper, 1998 When we perceive others we do so not as disinterested scientists but as perceivers of our own selves When we interact with others we do so with some image of their personality and we guide our interactions in light of that image What determines a naive observer's casual inferences for personality and behaviour The work of Ned Jones a distinguished social scientist answered that question and began a new era in attribution theory that has expanded exponentially to the present day Interaction goals correspondence bias self presentation and self concept are all part of modern attribution theory which has been at the forefront of social psychology for nearly 40 years In this volume eminent scholars analyze and build on Jones major research themes and in so doing explain the legacy of a man whose original thinking will shape the field for years to come

How People Evaluate Others in Organizations Manuel London, 2013-03-07 Evaluating and making decisions about other people are key aspects of doing business especially for managers and human resource professionals Industrial and organizational psychologists devise systematic methods to remove human errors in judgment such as biases and stereotypes However many decisions about people are not made by experts using standard procedures Even when they are human judgment is unavoidable This book examines the social psychological dynamics of person perception that underlie how people evaluate others in organizations It contains original articles from leading experts in social industrial and organizational psychology The book begins by examining basic principles and processes of social cognition and person perception such as schemas stereotypes automatic mindless information processing the perceiver's motivation and affect and situational conditions It then applies these ideas to key areas of business operations Helping readers understand and develop ways to improve the way people assess and make decisions about others this book covers the interview executive promotion decisions and assessment centers examines performance appraisals and multisource 360 degree feedback ratings addresses

leadership cognitions identifying training needs coaching and managing problem employees and includes chapters on cultural sensitivity negotiations group dynamics and virtual teams **Game Changer** Jonathan Paquin, Patrick James, 2014-04 This volume re examines 9 11 s effect on North American security policy and international relations from a trilateral rather than a bilateral perspective **The Handbook of Impression Formation** Emily Balcetis, Gordon B. Moskowitz, 2022-08-12 Presenting diverse perspectives from eminent scholars and contemporary researchers The Handbook of Impression Formation contextualizes current and future areas of research in the social psychology of impression formation within a rich historic framework Affirming that impression formation is at the core of human experience chapters explore how and why people form snap judgments about others and when those impressions update They examine the processes through which people infer the reasons for the events they encounter allowing people to plan for appropriate behavioral responses to social contexts The research reviewed is informed by the foundational theory of unconscious automatic processes involved in making judgements of other people pioneered by Professor Jim Uleman who contributes a chapter that suggests important new directions and concludes the volume by reflecting on the state of the field more broadly The book explores how certain attributes stimulate categorization examining current issues around implicit bias stereotypes and social media Chapters cover a range of approaches featuring personal narratives presentation of new data and discoveries comprehensive literature reviews and contemplations on where the field must go and what questions require focus for progress to be made calling for even the most advanced scholars to contribute more to the collective investigation of impression formation This fascinating work provides a solid foundation from which all researchers can build a new and unique program of research and arms the reader with the intellectual tools they need to chart new theoretical territory and discover aspects of the human experience we have yet to even wonder about It is essential reading for students and academics in social psychology and the social sciences more broadly **The Psychology of Goals** Gordon B. Moskowitz, Heidi Grant, 2009-01-16 Bringing together leading authorities this tightly edited volume reviews the breadth of current knowledge about goals and their key role in human behavior Presented are cutting edge theories and findings that shed light on the ways people select and prioritize goals how they are pursued factors that lead to success or failure in achieving particular aims and consequences for individual functioning and well being Thorough attention is given to both conscious and nonconscious processes The biological cognitive affective and social underpinnings of goals are explored as is their relationship to other motivational constructs **The Psychology of the Simpsons** Alan S. Brown, Chris Logan, 2009-06-22 Psychologists turn their attention to The Simpsons one of America s most popular and beloved shows in these essays that explore the function and dysfunctions of the show s characters Designed to appeal to both fans of the show and students of psychology this unique blend of science and pop culture consists of essays by professional psychologists drawn from schools and clinical practices across the country Each essay is designed to be accessible thoughtful and
