The No-Nonsense Guide to Project Management Barbara Allan, 2017-07-24 This book provides a no-nonsense guide to project management which will enable library and information professionals to lead or take part in a wide range of projects from large-scale multi-organization complex projects through to relatively simple local ones. Barbara Allan has fully revised and updated her classic 2004 title *Project Management* to incorporate considerable developments during the past decade, including the development and wide-scale acceptance of formal project management methodologies, the use of social media to communicate and disseminate information about projects, and the large shift in the types of project library and information workers may be involved in. The text is supported by practical case studies drawn from a wide range of LIS organizations at local, regional, national and international levels. These examples provide an insight into good practice for the practitioner, from an individual working in a voluntary organization on an extremely limited budget to someone involved in an international project. Content covered includes an introduction to project management, project workers and the library and information profession, different approaches to project management, the project cycle, the people side of projects and management of change, discussion of

project methodologies project management software open source software collaborative working software and use of social media project initiation communication analysis and project briefs developing project infrastructure scheduling working out the finances and carrying out a detailed risk analysis working in partnerships in diverse and virtual teams and managing change If you are an LIS professional involved in project work of any kind whether on a managerial practical academic or research level this is an invaluable resource for you **Project Management ToolBox** Dragan Z.
