Russo, 1997 More than any other nation Italy from its imperial past to its subordinate present from its colonial forays to its splendid isolation embodies the myriad and contradictory historical forms of nationhood This volume covers a range of subjects drawn from Italy and abroad to study

Italian national identity Whether considering opera or Ninja Turtles the essays reveal how cultural identity is constructed and manipulated an issue made urgent by the influx of African Indochinese and Eastern European immigrants into Italy today Topics include exile nationalism and imagined communities Italy s colonial unconscious and Mussolini s adventures in North Africa

Radicalism and Social Change in Jamaica, 1960-1972 Obika Gray,1991 In August 1962 the island nation of Jamaica achieved independence from Great Britain In this provocative social and political history of the first decade of independence Obika Gray explores the impact of radical social movements on political change in Jamaica during a turbulent formative era Led by a minority elite and a middle class of mixed racial origins two parties each with its associated workers union emerged to dominate the postcolonial political scene Gray argues that party leaders representing the dominant social class felt vulnerable to attack and resorted to dictatorial measures to consolidate their power These measures domestic social crises and the worldwide rise of Black Power and other Third World ideologies provoked persistent challenges to the established parties political and moral authority With students radical intellectuals and the militant urban poor in the vanguard the protest movement took many forms Rastafarian religious symbolism rebel youth s cultural innovations efforts to organize independent labor unions and the intelligentsia s varied attempts to use mass media to reach broader audiences all influenced the course of political events in this period Grounding his tale in relevant theory Gray persuasively contends that despite its narrow social and geographical base of support this urban protest movement succeeded in moving the major parties toward broader and more progressive agendas

Struggles in the Promised Land Jack Salzman,Cornel West,1997-03-20 Recent flashpoints in Black Jewish relations Louis Farrakhan s Million Man March the violence in Crown Heights Leonard Jeffries polemical speeches the O J Simpson verdict and the contentious responses to these events suggest just how wide the gap has become in the fragile coalition that was formed during the Civil Rights movement of the 1960s Instead of critical dialogue and respectful exchange we have witnessed battles that too often consist of vulgar name calling and self righteous finger pointing Absent from these exchanges are two vitally important and potentially healing elements Comprehension of the actual history between Blacks and Jews and level headed discussion of the many issues that currently divide the two groups In *Struggles in the Promised Land* editors Jack Salzman and Cornel West bring together twenty one illuminating essays that fill precisely this absence As Salzman makes clear in his introduction the purpose of this collection is not to offer quick fixes to the present crisis but to provide a clarifying historical framework from which lasting solutions may emerge Where historical knowledge is lacking rhetoric comes rushing in and Salzman asserts that the true history of Black Jewish relations remains largely untold To communicate that history the essays gathered here move from the common demonization of Blacks and Jews in the Middle Ages to an accurate assessment of Jewish involvement of the slave trade to the confluence of Black migration from the South and Jewish immigration from Europe into Northern cities between 1880 and 1935 to the meaningful alliance forged during the Civil Rights movement and the conflicts over Black Power and the

struggle in the Middle East that effectively ended that alliance The essays also provide reasoned discussion of such volatile issues as affirmative action Zionism Blacks and Jews in the American Left educational relations between the two groups and the real and perceived roles Hollywood has played in the current tensions The book concludes with personal pieces by Patricia Williams Letty Cottin Pogrebin Michael Walzer and Cornel West who argues that the need to promote Black Jewish alliances is above all a moral endeavor that exemplifies ways in which the most hated group in European history and the most hated group in U S history can coalesce in the name of precious democratic ideals At a time when accusations come more readily than careful consideration *Struggles in the Promised Land* offers a much needed voice of reason and historical understanding Distinguished by the caliber of its contributors the inclusiveness of its focus and the thoughtfulness of its writing Salzman and West's book lays the groundwork for future discussions and will be essential reading for anyone interested in contemporary American culture and race relations
